## The Dean of American Dairying

ON THE

# De Laval Cream Separators

Mr. H. B. GURLER is well deserving of the title: the dairying public has come to affectionately give him—"The Dean of American Dairying." No man has given more unselfishly of his time and energies to the advancement of practical dairying, and no man's judgment of any feature of modern dairy practice or creamery operation can be more unreservedly accepted by everyone than that of Mr. Gurler. His opinion is simply the highest obtainable.

[Copy.] Clover Farm, De Kalb, Ill., March 9, 1901.  
The De Laval Separator Co., New York:  
Gentlemen—It is now ten years since I made the acquaintance of the "Alpha" De Laval Separator at the Wisconsin Dairy School. I was convinced at that time that it was the leader in the race, and this opinion has been reinforced from year to year as I have had more experience with it. With me the "Alpha" is first and the others "nowhere."  
Respectfully yours, H. B. GURLER.
