

Live Stock.

The offering live stock last week was the heaviest in the history of the stock yards, and consisted of nearly thousand five hundred cattle, thirteen thousand hogs and an equal number of sheep.

During the last two or three weeks, cattle have come in faster than the local abattoirs have been able to absorb them, and if the past week's sales were taken up to expectations it was due rather to the congestion at the plants than to any decay in demand. In view of the large number offered and the recent drop in price for lamb pens, a few choice lambs from the Ottawa Valley sold on Monday at \$15.00 per hundred, and most of the lambs sold from \$13.75 to \$14.50. On Wednesday most of the top sales were made from \$14.00 to \$14.50, and a few odd sales at \$13.00, but quotations were lower on Thursday. Hog quotations remained unchanged throughout the week at \$15.50 per hundred for hogs, fed and watered. A few sales were made at \$13.75.

Quotations— Heavy choice steers ... \$12.50 to \$14.00

Table with 2 columns: Item and Price. Includes categories like 'Heavy choice steers', 'Butchers' steers', 'Lambing, choice', 'Dairy cows', etc.

In the Breeders' Number of Farm and Dairy, unfortunately the photo of Lakewview Johnson's Longhorns is a positive that has been omitted. This bull is an unusually fine individual. He carries great length, has a good rib, and has every appearance of developing into a real show animal. Mr. Tamblin considers himself fortunate in having secured him. Not only is his individuality worthy mentioning, but when you come to look up his breeding record, you will find a very rich blood of the breed. The sire is Dutchland Columbia Sir Storm, who has produced numerous world record daughters than any other sire, and who is the father of Columbia Johnson, and who has more daughters with 500 lbs. milk in 7 days than any other two sires of the breed, and who is a brother to Dutchland Columbia Vale, with 32,750 lbs. milk and 253 lbs. butter in 2 years. The dam is Lakewview Longhorns, who recently made a record of 741 lbs. of milk and 24 lbs. of butter, making this record without preparation.

Lakewview Dutchland Longhorns has also some others who are unusually good producers. Lakewview Canadian Queen and Lakewview Queen had, having 31 and 32 lbs. milk in 7 days respectively. Lakewview Queen and the Canadian champion 3-year-old, in eight months' lactation with 25.24 lbs. of milk, without being dry between two lacta. is another. Further back in the pedigree is the famous Ferra Johnson, the 68-lb. world's record butter sire; Simon Pauline Holst, who was once champion three-year-old; Cherryvale Poach and Lakewview Butcher, all cows whose names are familiar to breeders all over America. Then there is Saracento Lad, whose progeny hold more world's records than any other bull, and Columbia 4th, Johnson, the only cow in the world that ever held the record of one day to one year at the same time. Lakewview Johnson Longhorns is a brother to Lakewview Dutchland Homestead bull, who was grand champion at Toronto and London for three years in succession. Also Lakewview Dutchland Artie, the Canadian champion for better in seven days, 43 lbs. the from 654 lbs. milk, and Lakewview Dutchland Queen with 84.65 lbs. of butter from 798.2 lbs. milk, also Lakewview Dutchland Canadian Queen, 21.71 lbs. of butter from 519 lbs. milk, both Canadian champion two-year-olds with first calf.

Breeders of Holsteins who are interested in good breeding would do well to call on Mr. Tamblin and see this young sire for themselves. As his herd is not large, he is offering his service to the public, and has already advised some of the best cows in Ontario.

Elmcrest Holsteins

HERD SIRE—A son of Baroness Mainline, (16259), averaged 21,700 lbs. milk four consecutive years, 24.45 lbs. butter in 7 days, by a 25.37 lb. \$2,000 son of the \$50,000 bull.

Present Offerings

- 1. LOTTIE PIETERTJE DEKOL, (45910), 3-year-old, fresh, November 9th, option'd producer, nicely marked and typey.
2. CANARY POSCH 2ND, (38135), 3-year-old, due to freshen, December 28th. A beautiful heifer, broad, deep straight and active.
3. LAURA BONHEUR, (46556), born February 15th, 1916, due to freshen January 7th. A nice, straight heifer, the low down kind.
4. KILLARNEY BLUEBELL, (46556), born March 26, 1916, due December 28th. Straight, deep, and nicely marked.

Priced at a bargain, if sold at once. Pretty well sold out of bulls, only 5 left, one born last April. Dam, a 28.20 cow; sire, from a 21 lb. dam—a dandy. Better get after these heifers at once—the other fellow will. If you cannot come, write today.
