

ONTARIO

You can get all the

# Harvest Help You Want

By applying for it now

The results of the recent Man Power registration are at the disposal of the Ontario Government Agricultural Representatives and the Public Employment Bureaux. These give us the names of a large number of willing and experienced farm workers.

These figures show that about one-third of the men now resident in towns and cities were either brought up on a farm or have had previous farm experience; and a large number of them are willing to assist in gathering the harvest.

There is no reason, therefore, why any Ontario farmer should lose part of his crop for want of labour.

If you want help, all you need to do is to apply to your Agricultural Representative and tell him the kind of man you need; when you want him; for how long; and what you are willing to pay. The Agricultural Representative will get a man for you, or if he hasn't one available, he will refer your inquiry to us, and we will see that you are supplied.

Or you may fill out and mail the coupon below and address it as indicated, and we will deal with your application, through your Agricultural Representative, or we will send you a man direct from headquarters.

*The main thing is: don't be backward about asking for help.*

## Cut Off This Coupon and Mail It To-day

APPLY FOR HARVEST HELP TO:

*The Agricultural Representative in your County, or to the nearest Zone Employment Bureau.*

45 King Street West, Toronto.

85 James Street North, Hamilton.

108 Dundas Street, London.

Organization of Resources Committee  
Parliament Buildings, Toronto

## NATURE'S ROOFING

No man-made product—the work of nature—takes a lifetime of forest growth to produce its grain—to impregnate the wood with its decay resisting oil—to impart the close texture, which makes it impervious alike to sun, frost, rain, hail, wind and all weather conditions.

## British Columbia RED CEDAR SHINGLES

MEET EVERY DEMAND FOR A PERFECT ROOF.

- ☐ DURABILITY—Defies all weather conditions—laughs at time, will give a generation of service.
- ☐ SUITABILITY—Is light in weight but makes a solid, impervious covering—is a natural non-conductor, assures coolness in summer and warmth in winter—gives a finished appearance to any building.
- ☐ ECONOMY—The first cost and upkeep of a roof made of British Columbia Red Cedar Shingle make it the most economical roof on the market.
- ☐ Send to us for Shingle Booklet—tells all about British Columbia Red Cedar Shingles—what they are—why they are the best roofing—everything you need to know about shingles.

*N.B.—Shingles bearing our Registered Trade Mark are true to grade.*

**Just Put Clothes In—the Washer—Done the Work**

If you have a gasoline engine—if you have electric power—then no longer need you even work the lever of a hand-power washing machine. Let power help your work as it does your husband's!
