## NOTICE.

The prize list just issued by the retiring Secretary (Mr. Thos. A. Browne) of the Western Fair, to be held at London, Ont., Sept. 7th to 16th, is a model of systematic arrangement and conciseness, and reflects credit on the compiler. It gives all the necessary information under distinct headings, and is void of "vain repetitions." It is a departure from the old-fashioned rut in the preparation of such literature, but if the intending exhibitor will look over it thoughtfully for a few moments he will find that all he needs to know has been provided for in such a manner a wayfaring man, though a farmer, need not err if he follows its well-considered plan. The prize list is a liberal one, the amount of money offered being considerably more than in former years, and the prospect is that 1899 will be a record year for the Western Fair. The following special requests of the Secretary are worthy of careful consideration:

Send for a prize list.  
Read all of the rules carefully.  
Ask for special entry paper. One has been prepared for each department.  
Make out entry papers in accordance therewith.

Be particular to send entries as early as possible.

Do not be later than September 1st, but rather before, as there may be corrections required which will necessitate our writing you.

Give registry numbers where required in Live Stock classes.

Be particular to give P. O. address as complete as possible.

Be sure and enclose entry fees.

If your neighbors express a desire for a copy of the Prize List send their address at once on a post card, and a copy will be mailed.

If you have no use for this Prize List pass it around among your friends.

Remember the Fair dates, Sept. 7th to 16th.

Remember late entries and those without fees will not be accepted.

The address of the new Secretary is J. A. Nelles, London, Ont.

## GOSSIP.

Mr. Wm. J. Duck, Springridge Farm, Morpeth, Ont., breeder of Poland-China hogs and Shorthorn cattle, has recently added to his stock the imported bull, Aberdeen Hero. He was bred by Alexander Watson, Kinellar, Scotland, and imported by Mr. Arthur Johnston, Greenwood, Ont. Mr. Duck says he paid a lot of money for him, but his size, quality and breeding warranted him in doing so.

W. F. Stephen, Trout River, Quebec, writes: "My stock has done very well this season. Great demand for Ayrshires; have made large number of sales. My bull, Klondike, is turning out a remarkably fine animal. Uncle Sam's heifers are making grand milkers. From twenty-four cows and heifers I am now getting twelve gallons cream per day, which I ship to city of Montreal. I expect to have a number for sale this fall."

MAPLE HILL HOLSTEINS.

One of the staff of the FARMER'S ADVOCATE recently called on Mr. George W. Clemons, St. George, Ont., and found his noted herd of Holsteins in their usual good shape, making butter cheaply while the grass grows, as they do profitably the year round. A prominent figure in the herd is the matronly Madge Merton, who boasts a shining record as a prizewinner, having stood third at the World's Fair and first as a three-year-old, and sweepstakes for the silver medal as best female any age at Toronto in 1895. She will be due to calve in this month, and will be in fine shape for the shows, her wonderful constitution, great udder development and rich colored skin making her a choice specimen of her sort. Mondamin's Daisy Barrington, whose record of 62 lbs. milk daily at two years old, and an average of 50 lbs. for six months in her two-year-old form, and a record of eleven first prizes and three sweepstakes at thirteen shows, is also "coming in" this month, and is in fine bloom. Queen DeKol 2nd is now in her four-year-old form, and is fulfilling in her maturity her great promise when as a two-year-old she won first prize at the Provincial Dairy Show at Brantford, and the Prince of Wales sweepstakes as best in the test under thirty-six months old. Empress Josephine DeKol, the sweepstakes two-year-old wherever shown last year, is now in full flow of milk, and shows splendid indications of great capacity for dairy work, having extraordinary milk veins and a shaped and well-balanced udder, which measures 18 inches as a two-year-old. She will be due in August, and should make a grand show. Inka 5th is holding her own admirably. The young things sired by Colanthus Abbe Kirk 2nd, and the champion Count Mink's Mercedes, are very promising, and the young imported bulls now in service, DeKol 2nd's DeKol Duke and Sir Pledge DeKol, strong in the blood of that great family, are going on splendidly. A new addition to the list of stock bulls is Young Daisy Teak's King, a brother of Daisy Teak's Queen, winner of the championship in the milking test at the Winnipeg Industrial in 1895, and sweepstakes as best dairy cow any breed at the same show last year, her phenomenal record of 72.25 lbs. milk and 2.62 lbs. butter (80 per cent. butterfat) in one day on the fair grounds stamping her as one of the very best of any breed.

OAK LODGE SHROPSHIRE.

Shropshire sheep have found substantial admiration and support at the hands of Messrs. James Cooper & Son, whose splendid breeding establishment is at Kippin, Ontario, which we had the pleasure of visiting in the early part of May. The flock was founded upon selections made from such English breeders as Bradburn, Minton, Tanner, Batch, Williams and Thomas, all of which are located near Shrewsbury, Shropshire, England. The present flock of fifty breeding ewes and lambs, a dozen shearing ewes and twenty shearing rams, are a uniformly good bunch. Both covering and size are among the points that receive attention. The sires have been selected with much care; the present four-shear ram, Montford Beauty, being a get of Mr. Alfred Mansell's noted Fair Star. He is a sheep possessing grand quality in conformation and covering. The bunch of home-bred shearing rams are highly worthy of the attention of breeders requiring young, fresh, well-bred sires, where quantity and quality of wool are regarded as of due importance. The young stuff were showing the effect of the luxuriant pastures at Oak Lodge.
