Better Cultivation

Increases the yield. It retains the moisture in the ground and permits the chemical properties of the air to get to the roots. The size of the increase depends upon the number of times you cultivate and the kind of a machine you use.

IRON AGE RIDING CULTIVATORS

Carry every possible adjustment of teeth, gangs, wheels, frame, etc., to care for all row crops in any kind of soil. They are built with high or low, pivot or fixed wheels, grooved, flat or zig-zag gang bars, for one or two rows and with many attachments for special work.

See them at your dealers and write for booklet, "Two-Horse Riding and Walking Cultivators."

This "Alpha" Gas Engine Catalog
is now ready for mailing to all who are interested in reliable and economical farm power

It tells all about an engine which is so well built that you can always depend upon it; which is so simple that a boy can run it; that can be run on either gasoline or kerosene; an engine that starts on the magneto and doesn't stop until you want it to; an engine that will do any kind of work, in any weather, anywhere.

The main object of this handsomely printed and fully illustrated book is to show you how very adaptable the "Alpha" Engine is, and how it is possible for you to select from the "Alpha" line just the size and type of engine and the equipment that will best fit your needs for farm power.

Eleven sizes, 2 to 28 horse-power. Each furnished in stationary, semi-portable, or portable style, and with either hopper or tank cooled cylinder.

Feed Ensilage This Summer When Pastures Get Low

To secure the maximum results, stock should be fed green feed all the year round. Its succulence produces rapid growth and a heavy flow of milk. No other feed equals ensilage in succulence. It is as valuable and economical to feed in summer as in winter. It pays, then, to fill a silo for summer feeding. You will keep ensilage succulent and palatable all the year-round as the day the corn was cut, if you have a

Natco Everlasting Silo

(Patented)

Built of non-porous vitrified-clay hollow blocks, its glazed surface excludes air and moisture. The dead air space protects contents from heat and cold. Each layer of blocks is reinforced by continuous steel bands.

Weather Proof—Decay Proof—Vermin Proof—Fireproof

The Natco Everlasting Silo will last for generations—any mason can erect it—never needs painting—walls will not warp or shrink—no hoops to tighten—no continual repair bills—the first cost is practically the only cost. The Natco Everlasting Silo has a survival value unequalled.

FREE SILO BOOK. Full of information about ensilage and summer feeding. Describes completely the Natco Everlasting Silo. Write today. Ask for catalog 4.

Each style of "Steels" is worth at least twice as much as the best all leather workshoe of the same weight.

My "Steels" run in the same sizes as ordinary, all leather workshoes. In case of error in ordering, exchange will be made to larger or smaller size, without extra cost to you.

Write a Postal for Free Book
It tells How to Keep Your Feet in Good Condition: Tireless, Powder-dry and Comfortable; How "steels" save your feet, your health, your money. Read my free book, "The Sole of Steel"—SEE and TRY my "steels" before buying workshoes.

H. M. RUTHESTEIN, The Steel Shoe Man, Dept. 50 TORONTO, CAN.

WHEN your roof is covered with Amatite, there is an end to the roof painting nuisance. Amatite has a real mineral surface and needs no painting. You don't have to get up on the roof every two years and paint it.

The mineral surface makes this unnecessary and it will stand rain and hail and wind and snow, for years without attention.

When you paint the old-fashioned roofings you are practically trying to keep them from getting wet. Amatite is made to get wet, for water won't hurt it a bit. Next time your old-fashioned roofs need painting, cover them with Amatite.

A sample of Amatite and booklet about it will be sent free on request. Address nearest office.
