celebrated mare, Polly Chatten. Mr. Gilmour purchased a few years ago from Mr. Turner, Magic, a full-brother to the renowned Revelanta. A nice imported Clydesdale colt goes to Mr. E. D. Adams, of the Pacific Cartage Co., Calgary. This horse is of good size and great quality; his dam is by the \$15,000.00 horse, Prince of Albion. The Full of Pride colt, Dalhousie, went to Mr. G. Limogues, of High River, also a colt of great scale. Mr. Frank Bedingfield, of High River, has secured two extra good stallions in Montrose Wisdom (a full-brother in blood to Ruby Pride), the Bute premium horse as a three-year-old, and stud horse to Mr. Wood, the breeder of Everlasting, last year. The other is Blacon Pride, an extra good show colt. These animals should further improve Mr. Bedingfield's bunch of good horses, and will assist Consul in his stud. Charming Prince, the celebrated show and breeding stallion, goes to Mr. Campion J. Dawson, of Cardston. He is the right stamp of a horse, and will do lots to popularize the ideal of a draft horse in that district. Mr. Duncan Clarke, of Crowfoot, was fortunate in securing the good show colt, Mainstay, by Ruby Pride. His influence is bound to be felt in this bunch of horses. Mr. Jones, of Calgary, secured Lord Mt. Stephen. He is a typical draft colt of great promise and action. Medallion, one of Mr. Turner's stock horses last year, has been sold to Messrs. Belway, Henning & Waines, of Springbank, Alta. They have got a right good breeding horse in him; he is a full-brother to Silver Cup, and should keep up the name of Springbank for good horses. He had the Hexham premium before Mr. Turner imported him.

At the Balgrogan Farm there are over twenty-five stallions yet to select from, and from the ready sales Mr. Turner has made since he returned, last January, from the Old Country, with his importation, there is an assurance that his customers are treated right, many of the sales made being to parties who have done business with him since 1889.

Mr. Wm. Hendrie, president of the Canadian Thoroughbred Horse Society, writes:

The usefulness of our society is everyday becoming more apparent, both to the owner and importer of Thoroughbred stock, as well as to the Dominion of Canada at large. Members of our society now extend from the Atlantic to the Pacific, and the past year of 1908 has shown in the matter of registration of stock at Ottawa, that the Thoroughbred Horse Society is only second to the Clydesdale Horse Society.

The country that depends upon its native breed of horse without frequent crossing of the Thoroughbred horse will never become prominent as a producer of the light horse for driving or saddle purposes. A cross of the Thoroughbred blood is the backbone upon which all the lighter breeds of horses must be built. If Canada expects to take her place as a horse-breeding country, as she is entitled to do, Canadians should have enough national spirit in them to support the Canadian Thoroughbred horse Society through which they can register, for a small fee, their Thoroughbred stock, and receive from the National Live Stock Records, Ottawa, a certificate issued and stamped with the approval of the Canadian Government.

A NEW NORTHERN FRUIT

The list of fruits that can be grown in the Prairie Provinces is gradually being increased. One of the latest things to attract attention is the Hippophae berry. This plant is a native of Lapland and other parts of northern Europe. It has been grown as an ornamental shrub for some time, but only recently has attracted attention as an edible fruit. Prof. Hansen, who was sent to Siberia and other cold climates by the U. S. Government to secure new plants,
