

HARRY LAUDER AT HIS BEST

After completing these Records, Mr. Lauder said that he had never sung better in his life. When you hear them, you will agree with him.

Here are seven of Harry Lauder's best songs — an evening's entertainment in themselves.

10 inch—75c. Each

- X 52310—The Saltiest Of The Family
- X 52311—Mister John Mackay
- X 52312—Wearing Kilts
- X 52313—She Is My Daisy
- X 52314—Rising Early In The Morning
- X 52315—A Trip To Inverary
- X 52316—Wedding Of Lauchie McGraw

These are but seven of Lauder's records—we have fifteen. We have more than 3,000 delightful selections available to owners of Victor Gram-o-phones. Write for latest catalogues and prices.

FACT AND FAKE AS TO CREAM SEPARATOR DISCS

In view of some would-be competitors' recent unscrupulous advertising a little plain talk about DISCS is in order.

Every separator wise person knows that DE LAVAL DISCS revolutionized cream separator construction — increased efficiency.

The man who tells you that DISCS would not increase the skimming efficiency—capacity and thoroughness—of any "hollow bowl" is either a fool or a knave.

The man who tells you that it costs less to build a DISC than a "hollow bowl" separator simply lies and tries to fake you.

The man who pictures to you a great heaping dish pan full of DISCS simply tries to fake you if he intimates that the DISCS of a DE LAVAL bowl are cleaned in that way.

The man who pictures to you a lot of DISCS strung along a picket fence simply tries to fake you if he intimates that the DISCS of a DE LAVAL bowl are handled in that manner.

The man who would have you believe that the up-to-date DE LAVAL bowl is not the easiest, quickest and most thoroughly cleanable—and hence the most sanitary—of any separator made simply tries to fake you.

It is a fact that some imitating DISC and BLADE separators are hard and difficult to clean, as are also the muzzle-loading-gun-barrel-like TUBULAR shaped bowl kind, but the DISCS of a DE LAVAL bowl are readily cleaned—as a single piece—by a special patent-protected DISC transfer and washer, and the whole machine is absolutely sanitary throughout.

It is a fact that the DE LAVAL Company is suing infringers of some of its numerous patents covering different forms of DISC construction, but the man who tells you that such separators are like or as good as the DE LAVAL simply lies to serve some selfish purpose of his own.

The man who intimates to you that the DE LAVAL Company — on top of its sale of a MILLION machines — is not selling more separators in 1909 than at any previous time in its 31 years of creation and development of the cream separator industry either doesn't know, doesn't want to know, or simply lies to you.

There is not a man competent to judge of cream separators who doesn't know that the 1908-1909 IMPROVED DE LAVAL CREAM SEPARATORS are all-around superior to any other made, and the man who would try to have you believe anything else simply has a selfish business interest of his own to serve in doing so.

That's the difference between FACT and FAKE as to DISCS.
