## Portable Corrugated GRANARIES

Sold in Western Canada

They were produced to meet the peculiar needs of this country. Imitators have come and gone. From year to year they have changed their design, each claimed to be better than the last, but each in turn discarded. The original idea in ours has remained the same, with the ideas of the users in the fields incorporated as improvements. These original granaries are still in use and giving good service. This is a guarantee of safe investment that you cannot afford to ignore.
