

STRUCK A FIREMAN

Alderman Fraser Will Answer for It in the Police Court.

THE MAYOR SAW IT ALL

How Beaten by Fraser Interfering With the Program of Sports, Throwing the Hose in the Mud and Grossly Insulting the Boys.

An unfortunate incident which happened Saturday evening shortly before the Dominion Day program had been concluded and which was aggravated by an occurrence later in the evening, made it look for a time as though Rossland would wake up this morning without a fire department. However, the matter was smoothed over after the Mayor, Aldermen Johnson and Raymer and C. O. Lalonde had reasoned with the members of the department for almost an hour.

The outcome of the various events which caused the crisis in the affairs of the fire brigade was the swearing out of a police summons against Alderman George A. Fraser by James McLean and the drafting by the department of resolutions to the city council recognizing the organization that has for several months past been fighting the fires that have occurred within the limits of Rossland.

Origin of the Trouble. The trouble started through an act on the part of Alderman Fraser at the time the wet test was to have occurred. The test was originally slated for 4 o'clock, but the committee in charge of the program asked the fire department to wait until 7 in order to allow the fire boys brought out their hose reels and laid the lengths of hose on Columbia avenue, preparatory to having the test.

The couplings were nicely oiled and were placed on sacks to prevent the mud from getting on the threads. When the preparations were about complete, Alderman Fraser, who was acting as a judge of the horse racing, sent word to take the hose off the street, as a heat was about to be run. Having obtained authority from the program committee to prepare for the test, and as Alderman Fraser was not a member of the committee, the boys declined to move the hose.

Threw the Hose in the Mud. Alderman Fraser then came in person and demanded that the hose be removed as it would interfere with the race. Again his order was ignored. Grabbing the hose he threw it into the mud where the couplings were filled with dirt, destroying the work of several nights to get them clean for the test.

He was not content with this but addressed the fire boys in the presence of the assembled crowd, with the most insulting language. The boys did not offer any reply but quietly rolled up the hose and took it with the other apparatus in the tower to the fire hall on the west end of Columbia avenue.

There a meeting was held and a plan of action decided upon. An adjournment was taken for an hour. When the meeting re-convened Mayor Scott, Aldermen Raymer and Johnson and C. O. Lalonde, who had heard of the rumored resignation of the fire brigade, called at the fire hall, and while the members of the department were explaining to them the cause of the trouble, Alderman Fraser and Officer Pyppe appeared on the scene.

Assaulted a Fireman. Alderman Fraser ordered the boys to return the reel to the tower at Columbia avenue and Washington street. Then the alderman threatened to have them arrested if they failed to put the reel in the tower. Finally he declared that he would take it back himself and caught hold of the reel to carry out his purpose. Four or five of the boys took hold of the machine and prevented the alderman from moving it. He became enraged, and drawing back his fist, struck James McLean, a fireman, on the side of the head. A struggle for the possession of the cart followed, and resulted in the alderman releasing his grip. Several of the fire boys asked Officer Pyppe to arrest Alderman Fraser, but the policeman took no action. Mayor Scott induced Alderman Fraser to leave and the excitement died down.

Swore Out a Warrant. McLean, however, was not satisfied and hunting up Magistrate Jordan laid information against the alderman charging him with assault and battery. The summons will be served Monday according to the statement of the police.

After the interruption, the meeting was continued. Mayor Scott, Aldermen Johnson and Raymer and C. O. Lalonde returned and in an hour the matter was discussed. The city officials and Mr. Lalonde addressed the meeting, deploring the incident that had led up to the unsettled condition of the department's affairs.

Pyppe Complained of. After the mayor and other visitors departed, the matter of Officer Pyppe's refusal to arrest Alderman Fraser was taken up, and it was resolved to make written complaint to the police authorities concerning his action in neglecting to take into custody "an outsider who entered the private premises of the department, and in his (Pyppe's) presence assaulted a member of the department."

The reel and hose which had been taken from the tower were returned to their places when the meeting adjourned.

Alderman Fraser's Story. Alderman Fraser thinks he acted entirely within the bounds of his authority. He denounced the volunteer fire department after the incident at the fire hall, and declared that they would not be allowed to run the town. "If that reel is not back in place by the time I go to bed, I'll have the whole outfit arrested in the morning," he declared. He accused McLean and said he did not remember even hitting him.

Aldermen Johnson and Raymer, Mayor Scott and others who were cognizant of the affair, expressed the opinion that Alderman Fraser acted without reason, inasmuch as the city has no control over

the apparatus that he tried to remove from the fire hall. The city owns 1,000 feet of hose, but the fire boys claim they have never used it. The other 1,300 feet were bought by the citizens of Rossland and with the reels belong to the fire department.

SLOCAN CITY NEWS NOTES.

Townsite Company Will Not Give a Site For Record Office. SLOCAN CITY, July 2.—(Special.)—Thos. Dunn, of Vancouver, was here this week looking over the Bondholder proposition on Springer creek, on which he and some Vancouver associates have a bond for \$25,000. A good deal of work has been done on the property this spring, under the supervision of R. O. Campbell, Johnson, C. E. It is the intention of the parties interested in the claims to expend some more money in working on the principal ledge at once and a meeting of the company is to be held in the afternoon of this week. Sir Charles Tupper has obtained an option of purchase on the Exchange group, close to this city. The reported figure is \$42,000.

Frank Fletcher, of Nelson, trustee for Slocan City townsite, has declined to give a free site for the record office, to the government and there is a possibility of having it built in the Hoffman addition, some distance from the centre of the city. The citizens' committee will make a protest against this action of the townsite people, but it is probable that the citizens for which this townsite management has become notorious, will again prevail and nothing will be done.

HUNTING FOR A LOST BOY
Mrs. Darrah's Two-Year Old Son Missing Since Friday Morning.
Feared He Was Abducted By Indians—Mayor Houston Has Offered \$100 Reward For His Recovery.

NELSON, July 2.—(Special.)—The little two-year old son of Mr. and Mrs. Darrah mysteriously disappeared this morning at 10 o'clock and hundreds of persons have been hunting for him ever since noon. It appears that the little boy went with some older companions just back of the brewery to hunt for berries. The older children sat the boy on a log and wandered off in quest of berries. Returning shortly afterwards they found the youngster gone and search in the immediate vicinity failed to discover his whereabouts.

The alarm was given and Mayor Houston offered a reward of \$50 for the recovery of the missing boy. A large number of people started out and although they searched all the afternoon their efforts were unsuccessful. At 11 p. m. the fire bell was sounded and when the crowd had collected the reward was raised to \$100. Lanterns were provided and over a hundred citizens started out to join those already engaged in the search.

The affair has caused a considerable sensation, and the most common reason conjectured for the disappearance is that the boy has been abducted by Indians who were very numerous in town today. The father is away on a prospecting trip, and the mother is distraught.

MINING NOTES.

Free gold has been found in the Victor group on Wild Horse creek, although the ore is not considered to be free milling. Assays show an average value of \$107 in gold and \$20 in silver. The ledge is said to be eight feet wide and carrying three distinct pay streaks, which seem to be converging into one.

Assays from the Surprise on Granite Mountain, directly opposite Nelson, show a value of \$7 in silver and a trace of gold. Although this showing upon the surface is said to be good, it is not as great as was looked for. Work on the property has been discontinued for the present.

During the progress of assessment work on the Golden Star, on Toxan mountain, a strike of fine looking ore has been made. No assays have yet been obtained, but the character of the ore is identical with that of the Exchequer.

LOST BOY FOUND.

Instead of Getting Rewarded the Finder is Jailed for Vagrancy.
Nelson, July 3.—Special.—The missing boy was found at 8 o'clock this morning near the railroad track above town by T. Johnson and G. C. Thompson. Instead of getting the reward Johnson was arrested for vagrancy and the policeman looking for Thompson. The cases against them have been postponed until Wednesday to allow investigation.

Fred Irvine's dry goods store was burglarized last night and \$500 to \$600 worth of silks and satins taken. Entrance was effected by the rear door. The burglars must have known the location and value of the various articles as only the best were taken. The police have no clue.

Fort Steele Telegraph Line.

SPOKANE, Wash., July 3.—(Special.)—A. D. Campbell has returned from Katispell, where he has been in connection with the construction of the Spokane & Fort Steele telegraph line. While at Katispell he let contracts for the poles and their erection, and for the delivery of material along the route of the line. The work of putting up the poles was begun last Monday. The wire has been ordered and will soon be on the ground. Mr. Campbell says the line will be completed into Fort Steele by August 15.

LIMB PAINS.

Contract Rheumatism and you will Suffer Untold Agonies.—Use South American Rheumatic Cure and you will Have Relief in a Few Minutes, and a Cure in Three Days—Testimony Proves It.
"I was for three years a great sufferer from rheumatism—pains in my limbs were particularly distressing. I had tried almost every remedy, but received no benefit. I was advised to use South American Rheumatic Cure. I purchased two bottles. When I had used one and a half bottles I was perfectly cured. I consider it a wonderful remedy, and take pleasure in recommending it." F. Nugent, Niagara Falls, Ont.
Sold by McLean & Morrow.

BAD DAY--FINE SPORT

Rain and Mud Did Not Prevent Good Racing Yesterday.

THE ATHLETIC CONTESTS

List of Events and Winners of Prizes—Old Dick, Fifty-Five and Powder Der Won the Horse Races—Tom Won the Pony Event.

Although the sun did not put in an appearance Saturday afternoon, the sports and races that had been arranged for Dominion day were brought off with very good success. The exercises on the platform did not occur owing to the drizzling rain that prevailed most of the forenoon and part of the afternoon.

It was three o'clock when the crowd began to gather on Columbia avenue. Some had umbrellas, others had rubber coats and altogether, the prospect for carrying out the program seemed rather dismal. But it was done in spite of the weather and the mud. A list of the events with the names of the winners follows:

Sack race—A. K. Bennett, first; M. Morris, second.
Men's flat race—W. J. Watson, first; J. Ross, second.
Running long jump—G. S. Gusty, first; J. B. Kennedy, second.
Standing long jump—G. S. Gusty, first; M. S. Fisher, second.
Hurdle race—G. S. Gusty, first; J. B. Kennedy, second.
Putting shot—G. S. Gusty, first; H. McDonald, second.
Boys' race, under 10—B. Donahoe, first; B. Rawlins, second.
Boys' race, under 15—Jules Nolseda, first; Ray Fowder, second.
Girls' race, under 10—Clara Fraser, first; Stella McEwen, second.
Girls' race, under 15—Annie Nolseda, first; Belle White, second.
Chinaman's race—Sam Wong, first; Tee Quan, second.
Judges: A. B. Clabon, L. A. Moore. Starter: Jack Wilson.

The Horse Races.

The horse races formed the most exciting feature of the day's sport. The condition of the street made it difficult for the animals to run, nevertheless some pretty racing was witnessed by the thousands who lined the sidewalks from Spokane street to St. Paul street. Betting was indulged in freely on all the races. The match race between Old Dick and Sorrel Joe was won by the former. G. M. Froome's Fifty-five won two straight heats in the race for local horses. Claude Oregan's Bippy ran second and Will Gladly's Lottie ran third. The purse was \$42. The R. D. Seibert's Powder carried off first honors in the free-for-all. Geo. Wilson's Bill was second and J. B. Tuttle's Jessie T., third. The purse in this event was \$50.

Pony Race Was a Conker.

Probably more interest was taken in the pony race than in any other. The race was between Froome's Gray Jim and James Anderson's Tom. The third heat was declared a dead heat by the judges. Alderman G. A. Fraser and Jerry Spellman, although a number of persons declared that Tom had six inches the best of it. The fourth heat, in which the crowd knew no bounds at the finish of the fourth heat. The boy who rode the winning pony was carried around on the shoulders of several who had backed him. Fred Lane's Lottie ran second and Anderson's Skunk, third. The race was won by Tom. The purse was \$32.50. The fire brigade hub and hub race and wet test did not take place owing to a misunderstanding concerning the time.

CUTBERT'S NEW COMPANY.

It Has a Good List of Subscribers to Its Stock.
Nelson, July 3.—(Special.)—As a result of Hubert Cutbert's recent visit to Eastern Canada, another important development company has been formed. The name of the new company will be the Western Canadian Gold Fields company, limited. Sufficient capital has already been subscribed privately to enable the company to commence actual development work on the properties it has under bond.

The subscribers include: A. F. McLaren, M.P., Stratford, Ont.; Sam Bassett, Toronto; Hon. Geo. E. Foster, Ottawa; Senator Geo. C. McKindsey, Toronto; J. C. Coates, Ottawa; G. B. Murray, Senator Cochrane, Dr. Harrington, J. A. Hall, S. T. Sharpe, Dr. Allen, Dr. T. Millman, and others.

In the Lost Paradise group, behind the well-known Blue Bell mine on Kootenay lake, the company appears to have secured a large lead at least 12 feet wide, with good concentrating ore, besides several paystreaks running as high as \$90 in silver, \$15 in gold and 70 per cent copper. The company will have the advice of two consulting engineers in the development of the company's properties.

MINING NOTES.

The Joeie has started to make an upraise from the lower tunnel to the main tunnel. The new shaft house of the Monita is now completed and work has been resumed in the old shaft.

A lot of ore from the St. Elmo has been sent to Denver for the purpose of making experiments in concentration. The Le Roi will now concentrate all its shipments on the Trail smelter until the big contract for 37,500 tons is discharged.

It is said arrangements are already perfected for the reorganization of the Georgia company and the resumption of work on that property. Very active development work is now in progress on a number of claims on the west side of Sophie mountain, where the big copper discoveries were recently made.

The new boilers for the Kootenay & Columbia compressor will be in place by Monday or Tuesday, when the mine will resume work with a full force, and the Iron Oolt will also resume, as it takes air from the Kootenay & Columbia.

Fenn's Body Shipped to Virginia.

VICTORIA, July 3.—The remains of the late R. G. Fenn, United States immigration commissioner, having been embalmed, were this morning forwarded to the family home at Danville, Virginia.

WAS A BIG SUCCESS

Nelson Celebrated Dominion Day Royally Despite the Weather.

5,000 PEOPLE TOOK PART

Procession Had to Be Abandoned, but Most of the Sports Were Carried Out—Horse Races and Lacrosse Game the Feature.

NELSON, July 1.—(Special.)—Dominion day was very much of a success notwithstanding the inclement weather. Until 11 a. m. a dismal rain interfered, but from that until 6 p. m. there was a lull, which permitted the greater part of the program to be carried out. Rossland and other towns were well represented and between three and five thousand people witnessed the events.

At 4:15 a. m. a national salute of 21 guns was fired, but owing to the rain the street parade did not take place. In the Caledonian sports the boys' race was won by Steele first and Maybee second. The 100-yards free for all race was won by A. J. Dill, formerly of Rossland, first and G. Wright second. The hurdle race was won by Dill and first by R. McLeod, second. McLeod also carried off the honors in the potato race.

Horse Racing Was Fine. The horse race was magnificent, although the track was very heavy. The entries were Buck, Weasel and Pedro and four heats were run. The first heat, over a quarter mile, was won by a neck by Pedro and the following three by Buck, giving him the purse. The streets were packed with people and the wildest enthusiasm prevailed. The betting was lively and the ill-fated Weasel seemed to be the favorite. The winner, Buck, is owned by R. Hammond, of Sandon, and is of Calgary stock.

Lacrosse Won at Rossland. The lacrosse game was the feature of the day and a better game was never put up by the home team. It was Nelson vs. Kaslo and resulted in a victory for Nelson by a score of eight against four. Nelson scored another goal, but it was not recorded. Kaslo was outplayed at all points and the home team toyed with them as a cat might with a mouse. The feature work, as usual, was done by Jeffs, Smith and Turnbull, and their play aroused the wildest enthusiasm. Kaslo was hot from the ground up, and some of them took the defeat with a very bad grace.

The Aquatic Sports. Two events in the aquatic program came off. The four-oared race between Perks and Day, as stroke, one mile straightaway, was won by Day. The second four-oared race between Sinceler and Donogh, stroke, was won by Sinceler. No time was kept. The final race will be rowed tomorrow between Sinceler and Day. The single canoe race was won by Donfield and McEwen was won by the former. The balance of the program will be completed tomorrow.

The Evening Entertainments. A grand ball is in progress tonight in McDonald hall. The attendance is large. The fireworks have been taken to the top of the hill across the lake opposite Nelson and the show promises to be fine. The illumination of boats was sided to be very exciting. Both evenings there was dancing, and on Dominion day there was a magnificent display of fireworks from the mountain across the lake from the town.

THE NELSON CELEBRATION.

It Was Much Enjoyed Despite the Rain—Citizens Most Hospitable.
Alderman Johnson returned Saturday from Nelson, where he went to participate in the Dominion day celebration. "It was a most enjoyable holiday," he said. "The weather was wretched, and interfered materially with the program, but in spite of it we were treated to a splendid time. The horse racing was fine and the drilling contest and boat races were also worth going a long way to see. The lacrosse game was too one-sided to be very exciting. Both evenings there was dancing, and on Dominion day there was a magnificent display of fireworks from the mountain across the lake from the town."

"All visitors were treated with the utmost hospitality. If I had been a prince of the blood they could not have done more for me. The committee made me their guest, but Landford, chair of the Phair hotel, would not have it that I should be so honored. The town is very lively, and the Phair hotel is unable to accommodate about half the people who apply there."

TRAVELS ON HIS GALL.

Richard Vincent Will be Here Today—Bound the World Without a Cent.
Rossland will be visited today by a rather remarkable individual in the person of Richard Vincent, the 16-year-old lad who left New York city three and a half years ago to travel round the world without a penny. Although it has taken him many months to cover the distance from his starting point to Kootenay via England, Europe and Asia, he has succeeded thus far in carrying out the purpose of his trip, namely, to travel, eat and clothe himself without the use of money. That he will finish his world-trotting jaunt under the same conditions is almost a foregone conclusion. He has transportation in his pocket to Montreal, and getting from that city to his destination will be but a trifle for him.

Besides transportation, he has passes on the dining and sleeping cars, a new outfit of wearing apparel and an unlimited supply of gull to carry him through. Young Vincent claims that in his journeyings he has dined with the emperor of Russia and various European and Asiatic monarchs and has been on intimate terms with other foreign personages of the highest rank. He has stopped at the best hotels in every city, ridden first class on trains and steamers, mixed having a cent in his pocket. On board a vessel he would not be singled out from any of the other passengers because of any peculiarity. On the other hand, he is quiet and unassuming, and no one too willing to converse with him, and in everyone who approaches him, and in every perfect gentleman. He carries with him a valise full of the passes he has used in different parts of the world and a copious quantity of notes, taken from day to day. From these notes he intends, after he returns to New York, to write a book describing his adventures in beating his way the many thousands of miles that he has travelled. It will no doubt be an interesting story.

He came down to Trail yesterday from Revelstoke. On board the boat he met A. H. B. MacGowan, a well known citizen of Vancouver. Mr. MacGowan ran across the boy three months ago in Victoria at the Friar hotel where the nery niks each other in traveling. They recognized each other immediately yesterday and Mr. MacGowan had a long talk with the peregrinator. When the steamer reached Trail, the latter went to the Crown Point hotel and secured his supper and a room. He didn't have a cent left but he wanted. Then he ambled down to the C. & W. office and coolly asked for a pass to Rossland and return. He got that too and this morning he will roll in, maybe on a special train, to favor the greatest town in the Kootenays with his presence.

Mr. MacGowan came up last night and in the presence of a MINER man told of his meeting with Vincent. "I asked him how he got his clothes," said Mr. MacGowan. "He pointed to his feet and said: 'See these shoes? They are \$5.00 articles and they didn't cost me a penny. I told a man that I needed shoes and you see the result.' That was a sample of his nerve."

How long this traveling prodigy will remain in Rossland is not known. Vincent may upset such ideas and live on the community for a month in his non-expenditure style.

Salvationists Suspend Street Meetings.

SPOKANE, Wash., July 3.—(Special.)—Brigadier Howell of the Salvation army, says that, acting under advice of their attorney, the army will not again attempt to hold street meetings in the prohibited district until the cases in court are heard, which will be next Tuesday. Public sentiment is with the city.
