TT SEE FIRST PAGE.

THE LONDON "TIMES" ON ANNEXATION. But the real question is by so means a simple one. here British expendition timber is one numbers own Inrif of imports. And an expension is a fr Dated States, and a these, the benefit of a more the protection of her timb power of fixing her own mighty confederation to m impairing tables an overstaten route raise probably is an observed, tables at overstatent ring, traughten of from Production security calls overstatent ring in the new South Production security for the security of the security overstatent of the security of the security overstatent result is an experi-ted of the security of the security overstatent result for programmer and raise articles of a Western State. But how an introduction is and the security of the security overstate in the material security of the security of the security of the interface of the security is and raise articles of the security of the security of the interface of the security of the security of the security of the second security of the security of the second security of the second security of the second sector the second the second secon arcorements, is would be influence to the basical by two local changes. We are now finde itself heatest by two local and connect expert with predict wheat at 40 occurs pro-tonal seems to be, that is the areas of the second pro-tonal seems to be, that is the areas of the second pro-percised commerces of Canada West would per the the Precise Commerce of Canada West would per the the Precise Commerce of Canada West would per the the New York, and lows. Second per describe the second percise of the the second percent of the second percise of the second percent of the second percent line, after sit, the most second consideration is a set in the second percent of the second percent of the second second percent of the second percent of the second second percent frontier. How would the which hauste the present frontier. How would be A set they have been as the set of the set o

and in the Superior Court, " shall not be tested in seen that the writer has, in the above extract, re-daced the question of Annexation to a very nar-desirable, and all concur in saying is inevitable. The fave avoided all the glitter of composition " witness whereof we have caused the Seal of our

daced the question of Annexation to a very mar-row compase; and we think, upon the whole, ponent:— "But how far individuals, localities, or classes, might change in our position. There is a candor, a which contrast very favorably with the clamorous which contrast very favorably with the clamorous malignity of abuse- the desultory twaddle and which contrast very favorably with the clamorous are to get work, and he in the event of society may, with propriety, interpose, and expose the interpose at the interpose, and expose the interpose and the interpose, and expose the interpose and the interpose, and expose the interpose and the interpose, and expose the interpose and the interpose and expose the interpose and the interpose and expose t row compase; and we think, upon the whole, disposed of it in a way quite satiafactory and en-couraging to those who are in favor. of that great change in our position. There is a candor, a breadth, and precision, in the views here taken, which contrast very favorably with the clamorous malignity of abuse- the desultory twaddle and rufflanism of the local Press. Reflecting men-nisy, and do, differ in opinion upon the sub-ject of the Separation of these Colonies from the Mother Country; or if not upon its expe-diency, at least apon the mode and the possibility of bringing it about, and therefore open and free discussion, conducted with modernthe Mother Country; or if not upon its expe-diency, at least upon the mode and the preshility of bringing, it about, and therefore open and feed iscussion, conducted with modera-tion and a full knowledge of the subject, is in the print and expectant acribblers for the local Press. They do not, in the least, and from the view of the Annexationists in a spirit of ties, or classes." They do not, in the least, and from the view of the Annexationists in a spirit of the ord and the least and the subject is a spirit of the ord and the present frontier! Bow would the old frained between the new Court of the old British res." If the old British res." They do not, in the least, and from the view of the Annexationists in a spirit of the one classes." They do not, in the least, and from the view of the Annexationists in a spirit of the subject is a spirit of the one classes." They do not, in the least, and from the view of the Annexationists in a spirit of the subject is a spirit of the s

from the views of the Annexationists in a spirit of tice, or classes." They do not, in the least, an-candor and fairness. But it is against the absurd ticipate that either the "old-fashioned habitant," vituperation, gross ignorance, and grosser preju dices of the mercenary and expectant scribble dices of the mercenary and expectant scribblers benefit by Annexation. It is a change which, the result exceedingly gratifying. A commence-for the local papers, that we venture to put in our benefit by Annexation. It is a change which, ment has thus been made in this important Counhamble protest. These sensitive and sycophantic gentry are quite morbid in their feelings of atthe welfare of its entire population, without any tachment to Great Britain : they become noisy and almost rabid with loyalty and patriotism

clusive arguments in its favor. great exponents of metropolitan opinion discuss the probable separation of Canada from England We have not time to puruse this subject further with the utmost coolness and self-possessi Most of them seem very well disposed to get rid

of us, and to dispense, we have no doubt, at the as the Times, with contemptuous condescension, may be assumed to stand in the same position tosame time, with the zealous services of our hired styles it, of our fellow countrymen of French | wards Canada that the SECRETARY OF STATE and shuffing little toadies, the industrious and origin—in spite of the loyalty of the Military doughty champions of Responsible Government and public plunder. But to return to the opinions Lord Eigin and Mr. Lafontaine, of the quiet these mertion mould be onite

WEDNESDAY, DECEMBER 19, 1849.

Where is our Commerce-next Manufactures-and manufactures-

ties, or classes." They do not, in the least, and ticipate that either the "old-fashioned Asbitant," or the "Military Colonist," or the "quict Britisher," or Montreal alone, are exclusively to Britisher," or Montreal alone, are exclusively to the result exceedingly gratifying. A commencewill declare in favor of the agitation. Another meeting is to be held at Clarenceville and almost rabid with loyalty and patriousm is one of the predominant characteristics of the next in the County of Rouville, on Saturday next, and, as the roads are now good, it is anticipated that the action shall be brought.
