THAT RENFREW DAIRY

ATHENS, Aug. 3, 1903. Editor Athens Reporter:

Dear Sir,—I notice in the columns of your paper of July 29th, also in The Sun of July 15th, an item which interests many farmers in this district, namely, the statement made by Mr. A. A. Wright, M.P.P., of South Renfrew, wherein he says that he maintained twenty-five cows and three hired men on ten acres of land; that he buys all his hay and grain and raises corn on his land; that his returns are \$100 for each cow, and he sells his milk at 5c per quart in summer and 6c in winter, and that the cost of keeping each cow is \$50 per year.

Now, what we would like to know is does the first \$50 per cow include all the running expenses of his farm, such as wages, board, horse feed, blacksmithing, rent, taxes, insurance, wear and tear and the interest on the capital invested? or does it mean only the actual market value of the food consumed by each cow, leaving the other expenses to be taken out of the other \$50?

If this gentleman does not consider it too inquisitive, perhaps he will kindly give us some further light on the matter that we may learn from his experience and follow in his wake.

E. C. BULFORD, A farmer that has kept cows for over twenty-five years.

On motion, authority was given Mr. G. W. Beach to pay to the Public Library Board all moneys in his hands belonging to the Mechanics' Institute.

Mr. Donovan's application for a franchise for installing an electric or gas plant for public service in Athens was carefully considered, and it was finally on motion decided to grant the franchise for forty years, providing the plant be installed and the lights be available for public use within eighteen months.

On motion it was resolved that T. R. Beale be instructed to prepare the town-hall by-law in accordance with motion previously passed.

REV. EARL SUSPENDED

Cornwall, July 31.—The trial court of the Methodist Church, Montreal Conference, which was appointed to deal with the charges brought against the Rev. D. Earle of Bedford, but formerly of Delta, Ont., has now completed its labors. It was held that while there was no evidence of improper conduct, his frequent travelling with a young lady was imprudent.

The charge of cruelty to his wife and violation of the marriage contract was sustained, inasmuch as the foregoing was sufficient to give reasonable cause of jealousy to Mrs. Earle. The charges of hugging and kissing the young lady and being party to the persecution of Mrs. Earle, on a charge of improper conduct in the Indian Territory, with a view to securing a divorce, were not sustained.

Rev. D. Earle's case will be disposed of finally at the next meeting of conference and in the meantime he has been suspended from the ministry.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"I suffered dreadfully from rheumatism, but have been completely cured by Hood's Sarsaparilla, for which I am deeply grateful." Mrs. FRANCES BERRY, Freeport, Ont.

"I had an attack of the grip which left me weak and helpless and suffering from rheumatism. I began taking Hood's Sarsaparilla and this medicine has entirely cured me. I have no hesitation in saying it saved my life." M. J. McDONALD, Trenton, Ont.
