EXTRACTS FROM THE DOMINION PRESIDENT'S ANNUAL LETTER

Dear Dominion Comrades: Truly "God hath done great things whereof we are glad." "His right hand, and His Holy arm have gotten us the victory." The four provinces on October 25th forcibly affirming their desire for the fullest measure of Prohibition obtainable. Nova Scotia grandly leading with its magnificent majority of over fifty thousand, while the three Western Provinces rung true to the best, in no uncertain measure.

Canada is speaking, and speaking in forcible fashion to the rest of the world, that she desires to cleanse her borders from the gruesome stain of the liquor traffic as quickly as possible.

If so, what about British Columbia's adverse vote does some one question? The vote in British Columbia had nothing to do with the Federal prohibition.

Canada's other four provinces. It simply dealt with Provincial administration—the question at issue being the retention of the Province's present Prohibition Law or a Government controlled system. We have believed from the first and this belief is sustained by many, that a grave misapprehension on the part of numbers of the electorate in regard to the meaning of the vote, accounts in a large measure for the disappointing result. The present Prohibition law was so openly violated in British Columbia that we think many supposed the "Government controlled regime, must surely be a great improvement without realizing it was a nullification of the Prohibition principle."

"We confidently predict this is their last defeat. Knowing the 'calibre' of the British Columbia people as we do, we think it is not too much to expect, that at first opportunity they will escape from the debasing bondage of as some one pertinently put it—"The Liquor Control of the Government."—Mrs. Gordon Wright, in White Ribbon Bulletin.

A BIG FELLOW.

(From the New York Sun.)

When Johann Van Alhart stepped from the gangplank on a recent arrival of the Mauretania, he had the distinction of being the tallest man who ever entered the United States. His 8 feet 5 inches of height required a special berth, made up of two cots placed end to end in a large companionway, be furnished for the trip from his home in Amsterdam, Holland. Since Johann has left the quiet home out among the near-by wind-mills of Amsterdam and intends to enter the show business over here, it will be interesting to dig up some giant history and see how he compares with previous competitors who used to be great attractions. Probably no giant in the United States ever exceeded the 8 feet attained by the late Captain Bates, who was a native of Kentucky. Captain Bates 8-foot height was slightly exceeded by that of Anna Swan, a native of Nova Scotia.

A MOTTO FOR '21.

(From the Pittsburgh Chronicle-Telegraph.)

An old calendar soon to be thrown into the waste basket bears these words: "Today is the Tomorrow You Worried About Yesterday." There is an aphorism that deserves perpetuation on the calendar of all years, and the more you think about it the more you approve it.

THE MODERN NEWSPAPER.

The modern newspaper, with its vast circulation and wide appeal, is a critic of the time—a mirror of the moment. It is the schoolmaster of the world. But it is more than that. It is an ever kindly friend, a staunch and certain help in trouble. It reaches to every corner of the land, stretching out the hand of comradeship to every townsman and every cottager. During the war its power was invaluable. It brought the last poor crumb of comfort to many in the knowledge—conveyed by some pictured trinket—that even in death they were not forgotten. The universal knowledge that publicity brings makes all mankind your friend. It is the lodestar of civilization.—London Daily Express.

ELECTRICALLY HEATED QUILTS

Electrically heated quilts have been used with good effect in British hospitals. These quilts are arranged with highly flexible resistance wire which is introduced in two insulated layers of fabric, the inner of which is surrounded by heat conducting material so as to facilitate conveyance of heat to the patient. Originally the quilts were used in order to supply warmth to consumptive patients sleeping out of doors and proved of great advantage over the time-honored hot water bottle. More recently they have been used in fever wards, etc., to promote perspiration. It is stated that a temperature of 90 degrees can be attained in less than half an hour and maintained continuously thereafter.

THE HAND-TO HOLD.

If I might hold that hand again, Clasped lovingly in mine, I'd little care what others sought— That hand I held lang syne.

That hand! So warm it was and soft! Soft? Ne'er was so soft a thing! Ah, me! I'll hold it ne'er again— Ace, ten, knave, queen and king.

There are now 40,000 Protestant Churches in the United States without pastors. In the South for example, there are said to be 3,000 Baptist churches with no pastor. In the same section there are 1,000 Methodist churches with no preacher and about 1,000 Episcopal and 1,000 Presbyterian churches in a like condition.

The Attorney-General of Alberta is right in insisting that drunken persons in charge of automobiles should be treated and penalized as criminals. They are a menace to public safety.

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man

Age 20—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still "drudging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life.

There are many other benefits.

An average deposit of only a few dollars a month will return you \$50.00 a month later on.
