OBITUARY

LATE HENRY LONDON

The death of Henry London occurred at his home in Lincoln, York Co., on May 12th. He leaves to mourn beside his wife, four sons, and three daughters, who were all able to attend the funeral, which was held in the Baptist Church on Thursday afternoon conducted by Rev. P. J. Quirk, assisted by Revs. Patterson, and Corey, Baptist, and Rev. Mr. Chapman, Methodist. Appropriate music was rendered by a quartette from Jacksonville and Woodstock. Interment in the Lincoln cemetery.

WOMAN IS FREED

BY JUSTICE BYRNE

The Carleton Circuit Court, which opened on Tuesday, May 5, and later adjourned, resumed and finished its business Tuesday, May 12. Mr. Justice Byrne presided.

The case of Hatfield & Co. Ltd., plaintiff and Ernest Rideout, defendant, was settled out of court; Jones and Jones for the plaintiff and R. B. Hanson, K. C., for the defendant.

Mrs. Adelaide Bouchard, who had been found guilty of committing theft of the goods of Francis Cook, was called before the court for sentence. W. J. Best on behalf of the prisoner, made a plea for leniency.

The judge remarked that this was the first case of a criminal nature that had come before him since his appointment to his present office. Due to the circumstances surrounding the case he was disposed to be lenient. The prisoner was released on entering into her own recognizance for good behavior for a period of one year.

Sentence was not passed on John Perkins who had also been found guilty of having committed theft of the goods of Francis Cook on account of his being ill and confined to hospital.

N. B. PLANT PLANNED

MONTREAL, May 15—Archie Fraser, of the Fraser Companies, Ltd., operating in New Brunswick, said here today that it was the intention of his company to construct a newsprint paper mill in that province. The project was dependent on an adequate supply of power, he said.

HER NERVES
BETTER NOW

Received Much Benefit by
Taking Lydia E. Pinkham's
Vegetable Compound

Chatham, Ontario.—"I started to get weak after my second child was born, and kept on getting worse until I could not do my own housework and was so bad with my nerves that I was afraid to stay alone at any time. I had a girl working for me a whole year before I was able to do my washing again. Through a friend I learned of Lydia E. Pinkham's Vegetable Compound and took four bottles of it. I gave birth to a baby boy the 4th day of September, 1922. I am still doing my own work and washing. Of course, I don't feel well every day because I don't get my rest as the baby is so cross. But when I get my rest I feel fine. I am still taking the Vegetable Compound and am going to keep on with it until cured. My nerves are a lot better since taking it. I can stay alone day or night and not be the least frightened. You can use this letter as a testimonial and I will answer letters from women asking about the Vegetable Compound."

NORWEGIANS TO
GATHER AT
TWIN CITIES

Fifty Thousand Canadian-Norwegians Will Attend Norse-American Centennial at Minneapolis and St. Paul in June.

King Haakon, President Coolidge and Lord and Lady Byng Invited.

Professor Gisle Bothne

In June next, between three and four hundred thousand Canadians and Americans of Norwegian origin will gather at the twin cities of Minneapolis and St. Paul to celebrate by a great national gathering the hundredth anniversary of the landing in America of the first organized party of Norwegian settlers on the continent. It was in 1825 that the little sloop Restaurationen, of 45 tons, set sail from Stavanger carrying a little band of adventurers who settled in New York state and ever since that time there has been a steady stream of newcomers to this continent from their homeland.

The coming gathering and its purposes were recently discussed at the head offices of the Canadian Pacific Railway, Montreal, by Professor Gisle Bothne of the Minnesota state University at Minneapolis. The professor stated that the Legislatures of Minnesota had endorsed the gathering and had forwarded through the Secretary of the State of Washington, invitations to President Coolidge, King Haakon of Norway and the Governor General of Canada. President Coolidge had already accepted and Lord and Lady Byng have given assurance that they will attend. It is expected that about 50,000 Norwegians now living in Canada will attend the Norse-American Centennial.

The gathering will be opened on June 6 next and about forty "Bygdelags" or Norwegian Clans will hold meetings during the first day. On Sunday June 7 the Bishop of Oslo, Christiania, will hold a divine service and the succeeding days will be given up to meetings, field sports and musical competitions, and an historical pageant depicting the Viking activities of one thousand years ago and the history of Norwegians at home and abroad up to the present time, portraying their contributions to civilization, in discoveries, science, agriculture, industry and commerce, in art and literature will be staged. The costumes will be magnificent and in brilliancy of technique, in magnificence and splendour the whole array will rival anything of its kind that has heretofore been produced. The other features of the Centennial are being prepared on the same elaborate scale.

It is already arranged that a large delegation from Norway's parliament will be present and there is some hope that the Norwegian Crown Prince may attend. Five Norwegian-American universities are closing for the summer early so that their faculties and students may be present. Professor Bothne pointed out that the Norwegians had done much in the building up of the central western states and their influence was shown by the fact that the governors of no less than five states were of Norwegian birth or descent. It has been proposed that the Canadian Department of Colonization shall have an exhibit at the convention.

In the course of the interview professor Bothne stated that undoubtedly the new United States immigration laws would result in large numbers of Norwegians coming to this country during the next few years.

"If the winner of a balloon race starts from St. Joseph, Mo., and lands in Reform, Ala., what," ask the Chicago Tribune, "does that prove?" The wind was north-east.

DEAFNESS OF BEETHOVEN
AFFECTED HIS PLAYING

(From the Canadian Bureau for the advancement of Music,

There is a false notion that Beethoven in his later years was able to play beautifully, despite his deafness. This seemed so incredible to one who has always insisted with his piano pupils "that the ear is the greatest guide to good pianoforte playing," that he carried his investigations to the contemporaries of Beethoven. Finally, a trustworthy account of his playing was found in the autobiography of Ludwig Spohr—unbiased because Spohr was a great friend of Beethoven. Beethoven did not play well after he had lost his hearing. The following is translated somewhat literally from Spohr's autobiography. Spohr went to a rehearsal at which Beethoven played one of his trios. He writes:

"The impression was bad since Beethoven from the very first played the piano very poorly. It was obvious that Beethoven heard literally nothing and also that there was no remnant left of the virtuosity he possessed when he had the full power of hearing. In forte passages he played so loud that the wires clashed and in piano passages so softly that whole groups of notes were entirely inaudible. Deafness is a terrible affliction for anyone, but for the master it is beyond comparison."
