EDMUNDSTON FAVORS
GRAND FALLS POWER

Board of Trade Appoints Delegates to Banquet at Grand Falls.

Edmundston, March 2.—A special meeting of the Board of Trade was held in the Town Office on Saturday afternoon. P. H. Laporte, president of the board, in the chair. The meeting was called to deal with an invitation received from the Grand Falls Board of Trade to send delegates to a banquet to be held in the latter town on Monday evening, March 3. This banquet had been arranged by Grand Falls in order to discuss with representatives from other Boards of Trade the question of the development of Grand Falls power. The following resolution was passed: "Resolved, In the opinion of the Edmundston Board of Trade that the Grand Falls power should be developed immediately and operated solely by the Government of the province or New Brunswick."

The following delegates were appointed to attend the banquet: Dr. P. H. Laporte, president of the board; Hon. L. Duval, vice-president; His Worship the Mayor, Max D. Cormier, Rev. John Hardwick, W. C. Albert, Frank E. Fournier, T. M. Richards, Jr., J. Frank Rice, Thomas Guertel, town treasurer, Albert J. Dionne, Gaspard Boucher, A. J. Cyr, county secretary, J. W. Hall, Dr. A. M. Sernay, J. J. Roy.

HUGE AMOUNT OF
LIQUOR SMUGGLED

Rum Runners Defy United States Authorities, Declare Commander.

Washington, March 2.—One hundred thousand cases of liquor a month are smuggled into the United States by rum runners, off the Atlantic and Gulf coasts, according to coast guard officials charged with preventing the traffic. This estimate was given to the House Appropriations sub-committee which drafted the deficiency bill reported yesterday allotting an additional \$15,855,869 for the coast service. In testimony before the sub-committee Feb. 25, Commander Root, who had made a social investigation of rum-running activities and had reported that the smugglers' high sea forces at present consists of 234 steamers and 123 sailing vessels ranging in size from 35 to 35,000 tons.

"Some of the vessels are capable of speed up to 19 knots. The majority are foreign flags. This activity is making shore contact consist of several hundred gasoline driven craft, about 30 per cent. of which are capable of 15 knots."

"We have captured the equivalent of 31,000 cases of liquor and caused to be detained under an armistice as a result of 20,000 cases. The so-called 'rum-row' off New York is maintained ostensibly as a good business proposition, but really as a diversion to hold to that point the attention of as many coast guard vessels as possible."

Commander Root said the smugglers maintained advance stations at St. John's, Nfld.; St. Pierre, Miquelon; the Azores, Bermuda and the Bahamas.

"The smugglers maintain a bribery fund," he added, "and have shore organization for obtaining supplies and making contacts."

Commander Root said a report from Havana showed that from 7,000 to 10,000 cases of liquor were shipped weekly to Baltimore and New York concealed in cargoes of sugar. Extensive smuggling activities also exist in the Puget Sound country, he said, adding:

"Not only is the traffic increasing but also the audacity, skill and courage of the enemy."

ORGAN RECITAL.

Large Number of People Enjoyed Excellent Recital at Cathedral.

The second organ recital of the present season was given at Christ Church Cathedral yesterday afternoon by Prof. Wm. J. Smith, A. R. C. 1st Movement Sonata in A Minor.....Borowski
Fantasia Fur Ogel.....Mozart
There is a green hill far away.....Gounod
Perceuse.....Weber
March in G.....Smart
God Save the King.

DISCOVERED AT KISH.

Important Cuneiform Tablets of Ancient Babylon.

Bagdad, March 1.—The expedition to Kish on behalf of Oxford University has discovered an important library of cuneiform tablets, consisting chiefly of grammars, dictionaries and commentaries on the Sumerian and Babylonian languages.

They have also uncovered a magnificent Sumerian palace, with pillars and figures of steps, and walls finely decorated and displaying the earliest known form of pictographic writing. Kish was the oldest capital of Babylonia, founded immediately after the flood, and was the seat of four great dynasties before the age of Sargon, circa 2300 B. C., founder of the Empire of Akkad. The present ruins show that the walls of the city comprised a rectangular area, five miles long and two miles wide.

BISHOP LEBLANC ON
IMMODEST DRESS

Bishop of St. John Takes Decided Stand on Indecent Dress and Dances.

St. John, N. B., March 3.—Rev. B. A. LeBlanc, Bishop of St. John, at the 9:15 o'clock mass at the Cathedral yesterday morning, made a strong appeal to the parents, especially the mothers, to react from the conditions existing at the present day, to lead better and purer lives themselves and to see that their boys and girls followed in their footsteps.

Bishop LeBlanc prefaced his appeal by referring to the near approach of the holy season of Lent, and to the conclusion of the successful retreats. Addressing his remarks particularly to mothers, he described some of the conditions which existed at the present time, with reference to their attitude to the actions of their children.

At the present time, His Lordship said, a young man could call at a young lady's home, take her out to a late, or a dance, unchaperoned, and no questions were asked. A young man could take a young lady for an automobile drive during the day or night, still unchaperoned, and yet no questions were asked. Why should the young lady or the young man's mother, not go along too? he asked. In a respect he entreated the mothers to discountenance any such actions in the future and to return to a saner conception of life than they apparently had.

His Lordship did not discountenance dancing in general, nor forbid it absolutely, but he denounced in the strongest terms the dance of the present day as interpreted by the young with its lasciviousness and coarseness.

He referred to immodest and indecent dress of women. "His Lordship addressed the pastoral letter of Cardinal Segni, adding that what had been forbidden in the province of Quebec by His Eminence was the same in the diocese of St. John. He also referred to the pastoral of Cardinal Logue in Ireland. Ireland, he said, had always been famous for the goodness and chastity of its women, but with the advent of conditions in Ireland like those in other parts of the world, Cardinal Logue, he said, had been constrained to speak to the people."

Bishop LeBlanc closed his address by requesting his appeal to parents to return to a saner conception of living than they apparently had at the present time.

MANY DANES WILL
SETTLE IN PROVINCE

Danish Representative Reaches St. John on Metagama Saturday.

St. John, N. B., March 3.—The Canadian Pacific line Metagama, Captain W. Henderson, from Liverpool and Belfast, arrived in port on Saturday evening and docked at Nos. 2 and 3 berths, Sand Point. The 663 passengers, including 282 cabin and 178 third-class, were disembarked yesterday morning and went westward to their destination on two special trains. Among the passengers were the returning Granite hockey team, mostly from Toronto. They are going back to their homes after having won the world's amateur championship at the Olympic games by defeating the United States 4 to 1, in the final game at Chamonix, France, a few weeks ago.

A. C. Jensen, of Copenhagen, and Mrs. Jensen were passengers on the Metagama. Mr. Jensen said that conditions in Denmark were inclined to be poor just now. The crown had fallen from a normal exchange rate of 3 1/2 to the dollar down to about seven to the dollar. He attributed the situation largely to too much importation by the Danes. There is already in New Brunswick a thriving Danish agricultural colony in New Denmark, Victoria county.

Another large party of boys and girls from the old country arrived on the Metagama. The party, which consisted of 29 girls and 31 boys, was conducted by Captain Pomroy of the Salvation Army, London.

The boys, ranging in age from 15 to 20, are destined for Ontario and Manitoba where they will be placed with farmers to learn the fine points of farming in Canada. The girls are all bound for British Columbia, where they will join their sisters who arrived last week in the home of the Pacific Coast to engage in domestic arts.

GLOUCESTER MAN
SHOT IN THE HEAD

Harry Miller Accidentally Hit at Base of Skull by Companion.

Bathurst, March 2.—Harry Miller, of Salmon Beach, was injured recently when a .22 rifle in the hands of a companion returning with him from a trip to the woods, was accidentally discharged. The bullet struck Mr. Miller at the base of the skull and lodged in his neck. He was taken to Campbellton, where the X-ray was used to locate the missile.

So far no serious results have developed from the accident, but Mr. Miller is under the care of Dr. Coffey and it is hoped that he will shortly be none the worse of the unpleasant experience.

SENATOR RATZ IS
DEAD IN ONTARIO

Toronto, March 2.—Another of Laurier's stalwarts of a generation ago died in the person of Senator Valentine Ratz, of New Hamburg, Ont., who since 1908 has represented North Middlesex in the upper chamber.

Senator Ratz died in St. Joseph's Hospital, Guelph, Saturday from heart trouble. He had been in ill health at New Hamburg home for some time, and on Friday morning decided to visit a specialist at Guelph. He travelled to Guelph and collapsed in the depot, from which he was conveyed to a hospital. Despite every effort, however, he passed away the following day.

His death makes the third vacancy in the Senate, one each in Ontario, New Brunswick and Quebec.

AT MARYSVILLE.

Scott Wade Critically Ill With Pneumonia—Pageant at Methodist Church.

[Special to The Daily Gleaner.] Marysville, N. B., March 3.—Scout Wade, son of Mr. and Mrs. Hiram Wade, of Marysville, is critically ill at his home with pneumonia.

Mrs. John McLean, of Cross Creek, returned home Saturday after spending the week with Mrs. Herbert B. Brower.

The Mission Band of Main street Baptist church held an entertainment in the church, Friday evening. There was a good attendance and the programme was very enjoyable and well presented. Mrs. N. A. McNeill and Mrs. S. J. Hall were in charge.

The Sunday evening service at the Methodist church was a missionary service and before the sermon a pageant was presented by the young people of the church which proved interesting and instructive to the very large congregation that was present.

Bert L. Brown, who has been confined to his home for the past week with illness, is able to be out again. Mrs. Andrew Perry, who has been suffering from a sore foot, is improving.
