## St. Catharines Man Foully Murdered Last Night

### George Williams, a Cement Worker, Found Dead in Hamilton This Morning At the Factory Where Employed

Formerly Lived on George Street in This City; Relatives Are Being Looked For; No Details of the Crime Were Given Except That it Was a Very Brutal Crime, the Hamilton Police Report

A St. Catharines man has been the victim of a murder. This morning Chief of Police of Hamilton was notified by telephone that George Williams, a cement worker, had been brutally murdered there. The inspector who gave the particulars of the murder over the telephone did not stop to give details, but stated that it was a most brutal affair, Williams' body having been found early this morning. The dead man who was 62 years of age, lived at 28 George street in this city and had been employed as a cement worker by J. I. Weller. Some time ago he went to Hamilton and obtained a position as night watchman at some factory.

He was found at the factory early this morning. There is no apparent motive for the murder and the case is similar to the Sargent case in this city last spring when night watchman Sargent was wounded to death at the Canadian Machine Works plant where he was employed as night watchman. The motive for that killing was never discovered and in the present case there seems to be no explanation why any one would desire to murder an inoffensive old man doing his duty as night watchman. The theory that a maniac did both deeds comes to the fore once more. Williams had no relatives in this city so far as the local police can ascertain and where his relatives live if he had any, is unknown so far though enquiries are being made.

### Religious Subjects Discussed at Conference of St. Catharines And District Church People

The annual conference of the City Religious Education Council continuing the former S. S. Association was held in Welland Ave. Methodist Church yesterday afternoon and evening. Rev. T. A. Halpenny, Gen. Sec. Rev. J. C. Meyers, Rev. P. K. Day-foot and Rev. Fred Lankford were present from Toronto and are making a tour of twenty two cities reorganizing this work throughout the Province. The sessions were full of inspiration and helpfulness for all S. S. workers. The following officers were elected: President: Rev. R. D. Hamilton. Vice President: Mr. J. W. Jeffs. Secretary Treasurer—Mr. E. H. Jones. Conveners of Departments. Primary: Miss Florence Hoople. Teen Age Boys—Mr. G. Rawlins.

Church Advisory Com. Boys Work R. J. Hawthorne. Girls Work: Miss Lilly M. Bell. Young Peoples: W. W. Richmond. Adult and Home Departments: Mrs. T. F. Wright. Teacher Training: Rev. Dr. Ratcliffe. Temperance—Mrs. Byron Smith. To these will be added representatives from each S. S. or Congregation and all church courts and organized societies such as the Y. M. C. A., etc. The first task of the Society when organization is completed will be to prepare for the Provincial Council which will be held in St. Catharines Nov. 2, 3, and 4, 1920. The Ladies Aid of the Church supplied luncheon and supper to all the delegates which kept the Convention together all day and was a source of great helpfulness.

### Engineers of the Peninsula Gathered at the Banquet at the Welland; Interesting Addresses

The banquet of the Niagara Branch of the Engineer's Institute of Canada held at the Welland House last night was a complete success. There were about 120 present including a large delegation from Niagara Falls of the Hydro Power Engineers. The lecturer of the evening, Mr. John Murphy of Ottawa, gave a very instructive and pleasing account of a trip through the Panama canal during construction and the Panama Pacific Expedition at San Francisco. He had a large number of fine lantern pictures, many of them hand colored, showing the canal work in operation and many scenic features and illumination effects at the expedition. Mr. Munro Grier, K.C., of Toronto was a guest of the evening, he being particularly interested in the lecture through a connection with the National Electric Light Association.

Following Mr. Murphy's lecture Mr. Grier gave a short address in his homogenous and inimitable way which was greatly enjoyed by the audience. After a vote of thanks was moved and seconded by A. C. D. Blanchard and Colonel Leonard and tendered to the speakers by W. E. Near, Chairman of the evening the gathering adjourned to the Grand Opera House where by the courtesy of Mr. Odium, Mr. Murphy was able to show a 900 foot reel of moving pictures showing clearly the actual formation of the canal and the ice. As this has been the cause for years of our power shortage in winter time in these climates the picture was greatly appreciated and Mr. Murphy's explanations and suggested remedies will no doubt be productive of improvements in the matter of handling and preventing ice difficulties in future power plans.

### Influenza Has Later Dangers

Particular Care Needed When Patient is Convalescent, Says Expert.

The influenza convalescent who has apparently recovered from the disease and is yet in a strangely weak and depressed condition should be the object of particular care, according to Dr. Louis I. Harris, director of the Bureau of Preventable Diseases of the New York Health Department. In the opinion of Dr. Harris the after care of the influenza patient is most important. The co-operation of the patient coupled with the willingness to see that the weakness and depression are a part of the illness, though coming after the disease itself has spent its force, is a big factor in affecting a complete return to full health. On the other hand, the determination to ignore this debilitated condition and to fight against it, will Dr. Harris says, frequently bring serious consequences upon the patient.

#### After Effects Bad.

"The subject of the after effects of influenza," said Dr. Harris, "is one of particular interest to the scientist at the present time.

"First, and perhaps the most momentous condition to be considered is the striking depression, mental, nervous, and physical, complained of by most patients. Those attacked by the disease with moderate severity are almost always afflicted with this depression, which should be recognized and dealt with. Those who have had mild cases of the epidemic are likely to be affected by depression and their quick return to health and strength gives rise to the belief that influenza is trivial. On the contrary, influenza in its after effects is anything but trivial, and calls for the application of rules of common sense and sanitation which are the fruit of years of experience.

"Tonic treatment, well chosen diet and great care in not becoming overtired or allowing the body to be chilled are necessary. Eggs may be eaten, but not more than two a day, for the average adult. Of course, it must be remembered that in many cases this disease tends to direct its force against the kidneys, and therefore we instruct patients to avoid eating a great amount of meat, eggs, or beef extracts. Eggs, soft boiled, poached, or beaten, raw, are advisable in limited number. The raw eggs should always be well agitated before taking.

#### When Good Food is Bad.

"With milk and eggs as a foundation the patient should eat good nourishing food, including meat, fish and vegetables, simply prepared. Frying, for instance, is out of the question. Good food prepared in an unassimilable manner becomes bad food; especially is this to be noted in cases of convalescence from influenza for the disease often manifests itself in vomiting, and in intestinal and gastric disturbances, and it is important not to weaken the poorly prepared food, or even the best of food in ill advised quantities. The quantitative distribution of foodstuffs should be so adjusted as not to overtax the stomach but the patient should eat generously and frequently.

As a tonic to build up the blood and stimulate the shattered nerves, Dr. Williams' Pink Pills are unsurpassed. These pills actually make new, rich, red blood, which reaches every organ and every nerve in the body, improves the appetite, strengthens digestion and drives away the feeling of weariness and depression always following an attack of influenza. Those who give Dr. Williams' Pink Pills a fair trial will be amply repaid by the new health and strength this tonic medicine always gives.

### Death of Well Known Merriton Resident

The angel of death again visited Merriton on Friday and summoned Mrs. Ann Finellon, widow of the late James Finellon, in the 84th year of her age. On Wednesday morning she was attacked with a stroke of paralysis.

Deceased who was a daughter of the late John and Mrs. Jackson was born in Kilkenny, Ireland, and at the age of 9 years came to Canada with her parents, settling in Ottawa, later moving to Merriton where she has resided ever since with the exception of a few years spent in Thorold. She was a devoted member of St. James Church, also the Ladies Aid, where up until poor health compelled her to resign her good work her willing hands were very busy.

She is survived by four daughters Mrs. George Riches, Mrs. Lewis Tenbrook, Mrs. Charles Richardson, Miss Mary Finellon, and one son, John Finellon, all of Merriton, two sisters, Mrs. Fannie Williams, of Perry N. Y., Mrs. Margaret Clark, of Buffalo, N.Y., three brothers, Samuel and John Jackson, of Kinistino, Sask. and Thomas Jackson, of Strathroy who are receiving the heartfelt sympathy of the community in their hour of trouble, suffering the loss of a devoted mother and sister. The funeral will be held on Sunday afternoon at 2:40 o'clock from the family residence, Lock street. Interment in Lakeview cemetery, Thorold.

The sugar refineries, following the Board of Commerce's abrogation of its sugar control order, announce increases in their prices which will probably mean a minimum retail price of 18 cents.

### NOSE CLOGGED FROM A COLD OR CATARRH Apply Cream in Nostrils to Open Up Air Passages.

Alas! What relief! Your clogged nostrils open right up the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream to your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

#### TO THE GRAVE.

The funeral of the late Robert F. Patterson who passed away at Hadonfield, N. J., in the County of Camden, on February 24th. last, took place from Grobb Bros. Chapel, after the arrival of the remains of the 7:35 train on Friday morning. The service was conducted at the chapel by Rev. Dr. Miller of Ridley College and Rev. A. H. Howitt, rector of St. Thomas Church, after which the interment took place in the Patterson plot in Victoria Lawn Cemetery.

The late Mr. Patterson who was the only son of General R. F. Patterson of the U. S. A. was for eight years a student at the Ridley College where he was very popular among his fellow students, and his death was heard with deepest regret by many friends.

Joe Taylor of Fort Chipewyan drove in with dogs to Fort McMurray, and two days after died of the flu.

### Old Boys' Association of Citizens Hose Company Has Been Organized Here

The above is the name given to St. Catharines latest organization. Last night an enthusiastic and well attended meeting of the old active and honorary members of Citizens' Hose Co. No. 1 met and decided to sustain the recommendations made in a report of a special committee appointed a short time ago to consider the formation of an Association which will afford the members social enjoyment, etc. The officers elected are:

President: Chas. Chapman. Vice President: H. W. Hodgins. Secretary Treasurer: Executive Committee: The officers and Messrs. Jas. Adie, C. G. McGhie, H. K. Woodruff, Thos. Cambray and J. S. Carlisle. The office of Secretary Treasurer was not filled. Sheriff O'Loughlin agreeing to act as Secretary pro tem. The 1st annual banquet will be held some time during next month.

## IT IS IN THE HANDS OF WOMEN TO MAKE THIS AN IDEAL WORLD, DECLARES MRS. ROSE HENDERSON

Calls Attention to the Good Results Which Would Come From Mothers' Pensions—Urges Use of School Buildings in the Evening For Recreation Purposes.

Making a strong plea for mothers' pensions, recreation of a wholesome character for the young folks and other things, Mrs. Rose Henderson, matron of the Children's Court in Montreal, who is a most attractive speaker, held the interest of a large number of the members of the Women's Canadian Club at their meeting at the Welland yesterday afternoon. Mrs. Butler the president occupied the chair. Mrs. Henderson told many human interest stories connected with her work depicting the wretchedness which comes before the Children's Court. A young woman in Montreal who had been deserted by her husband because he could not get work went insane worrying for fear the authorities would take her baby away from her. There were many cases of similar nature just at pathetic.

"Mother's Pensions," said Mrs. Henderson, "would not cost more than half the amount it now takes to look after the neglected children. If the mothers were put in a position to properly look after their little ones, it would result in much greater good than under the present system of taking the children away from mothers who because they must work are not in a position to attend to them." Mrs. Henderson referred to the waste of school building use. The schools are not in use half the time yet vast sums of money are invested in them. She thought the schools should be used more. In the evenings they could be utilized as recreation places where young people could meet for healthy and clean recreation. There, young girls could meet boys instead of meeting them on the street.

in the movie shows or in the dance halls. "For the little girl will have her beau," said Mrs. Henderson. "You can't get away from the fast, ladies and you might as well recognize it. Sometimes the home life is not such as will permit the girl bringing a boy there. There must be some place."

She said she did not object to clean wholesome moving pictures, but she did seriously object to children being allowed to sit and watch sordid life incidents thrown on the canvass, much of it exaggerated. Fancy, she said children being allowed to witness scenes where the most sacred things of life are made sport of. Married men and women are seen flirting and there are other things shown on the canvass which soil the childish mind. Older people may not be affected, but the susceptible child mind certainly is. She thought if good wholesome themes of an educational nature were shown in motion pictures by the government or city in the school houses at night, it would draw away the children from the hurtful movie.

### Weak, Sickly Folks Regain Health Quickly By New Remedy!

A BLOOD FOOD NOW MANUFACTURED THAT ACCOMPLISHES MARVELS

Lots of people that were thin and miserably for years have recently been restored by this simple treatment. All you have to do is to take two life chocolate coated tablets with a sip of water at the close of each meal. The tablets, which by the way, are called "Ferrozone," are in reality a perfect food for the blood. They contain exactly these elements you combine when it becomes thin, weak and unhealthy.

This is just the time to use Ferrozone; it excites splendid appetite, gives digestion splendid aid, supplies nourishment for all weak organs. At once you feel buoyant and strong, nutritious blood courses through your veins, supplies strength, takes you single with animation and ambivalence. No more headaches. None of that tired languor. You feel like doing things because Ferrozone completely renews and strengthens your whole system. No medicine on earth gives such quick, lasting benefits as Ferrozone. It has raised thousands from down-right weakness, brings robust health simply because it contains the fortifying elements that run down systems require.

One week after using Ferrozone you'll feel like new, you'll appreciate that real robust health means. In a month you'll scarcely credit the push and vigor and spirits have received. Ferrozone is more than a tonic because its work lasts, its benefits real and are not temporary. It renews health where other treatments fail and should be used by every man, woman and child. Try it, 50c per box or six boxes for \$2.50. Sold by dealers or by mail from The Canadian Ferrozone Co., Kingston, Ontario.

The Dominion Rifle Association held its annual meeting at Ottawa. A plebiscite in Yukon Territory has been endorsed territorial wide prohibition of the liquor traffic.

### NOTHING DEFINITE AS TO N. S. & T. STRIKE

Men of the N. S. and T. R. C. in this afternoon that so far nothing definite had been decided on as to when the strike would be called. Every effort is being made by the Mayor to prevent a strike assisted by the aldermen and members of Board of Trade.

THE WEATHER TORONTO, Feb. 28.—The pressure is very high over the north western states while a shallow depression centred in Michigan is increasing in energy. A few light local snow falls have occurred in the western provinces, also in portions of Ontario. cold weather prevails generally, especially from eastern Ontario to the Maritime Provinces.

FORECASTS — Higher temperature today with light snow falls on Sunday. Fresh to strong west to northwest winds, fair and colder again.

#### LAI D TO REST.

The funeral of the late Henry St. George Rogers took place on Friday morning at 11 o'clock from the family residence, Oak street, Merriton and was largely attended by sympathizing friends. Following the Church of England service which was conducted by Rev. H. L. A. Almon, rector of St. James Church, the remains were placed on a special funeral car and conveyed to Trinity Church, Chippawa, where a service was conducted by Rev. Mr. Almon assisted by Rev. Canon Scutmore, rector of that church. After the service the late Mr. Rogers who had lived such a quiet and useful career during his walk of life in Chippawa and Merriton, was tenderly laid to rest in the church cemetery amid many beautiful flowers, which bore silent words of testimony of the high esteem in which he was held by his many friends. Those who acted as bearers were: A. B. Harrison, William Teasdale, William Ross, John Gillis, J. Hardy and Richard Clark.
