Editor & Proprietor.

An election petition, containing the usual charges, was served yesterday on Dr. Douglas, of Hunter River, recently elected to the Provincial Legislature. Mr. Donald W. Henderson, of North River, is the petitioner.

SOME Grit leaders and Grit journals make a pretence of sneering at Hon. Hugh John Macdonald. They speak of him as the "man with the nose," and would like to convince themselves that his "nose" is the only resemblance he bears to his distinguished father. But in their inmost souls they have a very wholesome dread of "Hugh John" for he has demonstrated that he possesses, in an eminent degree, the faculty of bringing Grit noses to the grinding stone in short order.

WHILE Laurier goes about from place to place, and with a smirking leering countenance, and the people he is the apostle of peace and unity, the Grit newspapers are at work hammer and tongs sowing the seeds of discord in different parts of the Dominion. This nefarious propaganda is carried on in Ontario by the Grit organs, Globe and the Standard County Railway Steel. What an aggregation of hypocrites Laurier and his colleagues are to be sure.

SIR Charles Tupper will be in Charlottetown and address a meeting on Thursday, September 28th. It is expected that he will be accompanied by Hon. George E. Foster. The venerable Leader of the Opposition and his first lieutenant, without doubt the two best public speakers in Canada, will give a most enthusiastic reception from their political friends in this city and Province. And not only from their political friends; but from the members of both political parties will they be likely to receive an ovation. The public question of the day will be treated in a masterly manner by Sir Charles and Mr. Foster and there can be no doubt that they will be greeted by one of the largest meetings ever seen in this city.

THE Whelan monument demonstration, to be held at the athletic grounds in this city, on Monday next should attract an immense throng of visitors. In the first place, the object of the demonstration should in itself be sufficient to bring together a large gathering from different parts of the country. The name of Edward Whelan, the great champion of the people's rights, who rendered such valiant service with tongue and pen to secure for this Island the boon of a responsible government, should be a household word from end to end of the Province. The laudable object of erecting a suitable monument to his memory should receive hearty and unanimous approval. The day, Mr. George V. McInerney, M. P., is one of Canada's most brilliant and accomplished sons, and cannot fail to be a drawing card. Add to this the other attractions of the programme and the success of the demonstration is assured.

MR. RICHARDSON, Liberal M. P. for Ligon, Manitoba, elsewhere referred to, although set aside by the machine Grits, does not appear to have lost the confidence of his old-time Liberal friends, as the following despatch plainly indicates: "One of the best political receptions ever accorded any man at a Manitoba county town was given to R. L. Richardson, member for Ligon, in this Southern Manitoba town on Saturday afternoon. Mr. Richardson had been invited down to meet the farmers. He was escorted to the hall by a brass band, and a resolution endorsing him was carried unanimously by the crowded meeting. Some significant speeches were made by a number of staunch old Liberals. The meeting is especially significant, as it was in Greenway's constituency, and speeches of his old-time political friends and allies show that they are still as loyal as ever. They stated his account of his political career."

INDEPENDENCE is a plant that does not thrive in Grit soil under the Laurier system of cultivation. Wherever it shows itself the Laurier Grits and the steady support of the "man with the nose" crush it out of existence. We have striking instances of this course of conduct in the case of the Huntington Gleason, and the Winnipeg Tribune. These papers had the courage and the honesty to stand for the honest and the "Old Liberalism," the Ottawa platform and the pre-eminence of Laurier and his associates to the Ministry. The result was that these papers were read out of the party and banished down by the Government and the "steady support" organs, and Sir Richardson, editor of the Winnipeg Tribune, who represents Manitoba constituency in the

House of Commons, was refused a re-nomination in his constituency through the influence of Mr. Sifton, Minister of the Interior. Mr. Sifton had the convention packed and had a pliable Grit after his own heart chosen instead of Richardson. But these arbitrary tactics have by no means silenced Mr. Richardson's paper, nor the Gleason. On the contrary these papers continue to expose the political villainy of the Laurier-Sifton brand of Liberalism to the utter shagrin of the Government and the "steady support" organs. It is a pretty family quarrel. Very!

Would You Have Supported This?

(Toronto Mail and Empire.) Suppose that in 1896 Laurier made a speech like this to the electors, would you have voted for his candidates? "Gentlemen.—We propose to make great reforms. Our taxes are too light; we shall increase them by \$12,500,000. The Upper Government have spent but \$40,730,853 this year; we shall gradually add to the expenditures until they reach \$51,542,635 in 1899. "The debt is altogether too small; we shall add \$8,000,000 to it. "We have too many markets; we shall refuse a preference in the British market; we shall give the Yankees all they want in our market so that their tariff against us may be kept up, and we shall induce the Germans to put a discriminating tariff upon Canadian products, that the United States may have the market exclusively. "You are paying far too little for your coal oil; we shall sell out our oil industry to the Standard Oil monopoly, and will thus raise the price by from six to ten cents a gallon. "The idea of standing by Great Britain in periods of crisis is absurd; if trouble arises, we shall refuse to help in Imperial defence until we are forced to do so, and if we do act, we shall notify the Queen not to look upon our action as a precedent. "The Tories gave too little to railway corporations; we shall double the bonuses, and shall subsidize parallel lines all over the country. "Too small are the amounts paid for public works; we shall introduce 'go-between' to take contracts and pocket the difference between the amount the contractor charges and the larger amount that we shall pay. "The elections give too much anxiety to the people; we shall see that the ballot boxes are duly stuffed, thus relieving you of the necessity of forming a judgment on public affairs. "Our friends have been long out in the cold; we shall warm them with boogie, according to their deserts; the Toronto Globe shall be granted a coal mine it does not earn, and faithful politicians shall make money, even out of the food of our soldiers." If this had been the announced programme, would you have supported it?

Still another independent journal, the Eastern Ontario Review, calling itself Liberal, and always supporting the Liberal party in politics, is out in condemnation of the government combination at Ottawa, whom it calls "false leaders" and "dishonest leaders." Giving reasons for its protest against the conduct of the Laurier Government the Review says:—"The present Liberal government was elected on a definitely stated platform, which met with the views of honest men in both political parties. They made great promises. Here are a few of them:—"They promised us a tariff for revenue only. They have not given it to us. "They promised to reduce the expenditures of the government by several millions of dollars. They have increased it by many millions. "They promised to enormously reduce the national debt. They have enormously increased it. "They promised to clean this country of corrupt practices in elections. They have not done so, but in many cases have brought disgrace upon the party whose name they bear. "They promised to stop the practice of appointing members of parliament to positions in the government. They have followed this same practice in a most shameful manner. "They promised to bring railway corporations to their proper place and to have full control over them. They have given millions of dollars for wildcat changes and are practically at the mercy of the great railway corporations. "These are only a few promises, but enough to show that the government as it is to-day has played false with the men who put them where they are. "No party ever started out with better prospects or had a better chance to carry out its promises than the Liberal party did in 1896. "They had a big majority in the house and the majority was on the side of the brightest commercial period in its history. "The leaders appeared to go about with delight among a cheering office and forgot entirely the pre-ferred principles upon which they were elected. The men who elected them have not forgotten these principles and they still stand by them."

FOREIGN INTELLIGENCE. DETECTIVES FROM ITALY. Fifteen Italian detectives have sailed for New York to shadow the movements of anarchists in the United States. THE SHAH IS PROGRESSIVE. The Shah of Persia has sent an agent to the United States for a brief examination of electric trolley cars in Greater New York. The Shah proposes to establish a trolley line across the Persian Gulf, a distance of 86 miles. RIOT IN NEW YORK. A mob of several hundred persons formed last Wednesday night in front of the home of Policeman Robert J. Thorpe, New York, to vent their anger upon the officers of that neighborhood because one of their rank had caused the policeman's death. The mob, which grew in size as the night advanced, with the regular police, fought the riot. The mob of white men, which grew with great rapidity, raged through the district and negroes, regardless of age or sex, were indiscriminately attacked and killed. The mob used the combined efforts of the reserves, with as many more policemen on regular patrol duty to restore order. Clubs were used until the policemen were almost exhausted. Revolvers were used until the mob was broken up in two instances, fired at the upper stories of the negro tenements, from which the negroes hurled bricks, paving stones and other missiles. That many negroes were not killed outright is marvellous. The trouble grew out of the death of Policeman Robert J. Thorpe, who was killed by a mob of negroes who were infuriated by a mob of white men. Thorpe was attempting to arrest a negro when he was attacked by a mob of white men who attacked the policeman with razors. He died the following day. NEGRO UPRISING IN GEORGIA. Governor Chandler has ordered out the Liberty guards, a company of the Georgia National guard to quell an uprising of negroes in Liberty county, in the south eastern portion of the state where the blacks outnumber the whites three to one. One white man was killed several days ago in a quarrel with negroes and since that time discontent has grown on both sides until now a race war seems imminent. It is reported that the negroes are buying shotguns and small arms about fifty miles from Savannah. Two negroes are reported to have been killed for robbing a train. ANOTHER WAR CLOUD. According to the press despatches a great tension has arisen between Bulgaria and Serbia, and war is imminent. Bulgarian troops are being sent to the frontier. Speaking to his officers on Sunday said: "Gentlemen, be ready for war. It can happen any day and you will serve your country as well as your own."

False Leaders. Still another independent journal, the Eastern Ontario Review, calling itself Liberal, and always supporting the Liberal party in politics, is out in condemnation of the government combination at Ottawa, whom it calls "false leaders" and "dishonest leaders." "No wonder the Gleason or any other honest Liberal paper or supporter would feel disgusted and disappointed with the failure of their leaders to act honestly as they were elected and expected to do. The Liberal party to-day is honest, as it ever was, and will not stand dishonestly in its leaders. "The Review, as an independent Liberal paper has repeatedly protested against the mistakes of the leaders. We do so again and in this we are not alone in this constituency. "During the past month scores of old time Liberals here have stated positive that they would use neither their influence nor votes to return their party to power with its present false leaders. "One leading Liberal went so far as to state that he would certainly vote against the party at the first opportunity. "But with all this condemnation of the government, the Review adds that it "would not like to see the Liberal government turned down at the next election," but it declares that "if the party is to govern the country any longer, its dishonest leaders must be headed, and that at once. What this country wants is honest government, no matter what the government is."

Commenting on the above the Halifax Herald says:—"No honest man can well dispute that last sentence. But how the present 'dishonest leaders' in office are to be headed "and that at once," induces the Germans to put a discriminating tariff upon Canadian products, that the United States may have the market exclusively. "You are paying far too little for your coal oil; we shall sell out our oil industry to the Standard Oil monopoly, and will thus raise the price by from six to ten cents a gallon. In South Africa

Lord Kitchener, after a forced march, has succeeded in reducing Omdurman who was besieged by the Boers at Omdurman, east of Pretoria, and who has gallantly held out for more than a fortnight. During the siege the garrison lost twelve killed, and fifty-eight wounded, including Lieut.-Col. Deltell. The War Office has received a despatch from Lord Roberts expressing his belief that General DeWet has succeeded in breaking up his force into small bodies.

A Pretoria despatch of August 18th says—General DeWet appeared yesterday at North West Cape, and was captured by General Baden-Powell and sent a flag of truce asking the surrender of the British force. General DeWet's reply was that he would surrender only if he was treated as a prisoner of war and transported and that he would not be treated as a prisoner of war.

The Athabasca Gold Mine, Limited. [IN LIQUIDATION.] SHARE CAPITAL £200,000.

TO THE CANADIAN SHAREHOLDERS.—Special resolutions for liquidation and reconstruction were passed at an Extraordinary General Meeting, held on the 18th of May last, and confirmed at a further meeting on the 5th June last, and in conformity therewith, a new Company has been registered under the name of The Athabasca Gold Mine, Limited, having a capital of £100,000 in Ordinary Shares of £1 each.

I give notice that the agreement for the transfer of the assets of the old Company to the new Company, which was submitted to and approved by the said Extraordinary General Meeting, has now been executed and it dated the 18th June last. Holders of shares in the old Company are entitled to claim as of right, an allotment of one share in the new Company, with 1/2 per share credited as having been paid up thereon, for every two shares held by them or to which they were entitled in the old Company, providing they agree to pay up the balance of 3/4 per share on each of such new shares.

Shareholders registered on the books of the old Company have received blanks or forms on which to make application for the shares to which they are entitled to apply for, and which must be received here and be in my hands, together with 1/4 per share payable on application not later than the 18th August, 1900. Shareholders who do not make application by this date will lose all their interest in the Company. Holders of dollar shares of the Athabasca Gold Mining Company, Limited Liability, who have not converted their scrip into £1 sterling shares of The Athabasca Gold Mines, Limited, which is now in liquidation, are advised to send these promptly to this office for conversion, that they may receive the necessary blanks in time to comply with the above notice and so retain their interest in the property.
