## Teachers' Claims. and the Government

Editor Evening Telegram. returned to their homes, and are now loubtless spending a happy and pleasant vacation. Since the 1908 Convention the Council of the N. T. A. has sent many deputations to consult with the Morris Government with the view of satisfying the claims of teachers, with poor results up to the present. But Secretary LeDrew the spokesman of the delegation at the conferences with the Government has ssured the teachers at the last Conention that the Morris Governmen as promised to accede to all asonable claims of the teachers. Now it behoves us to place before the public the reasonable claims of the teachers which were discussed and thrashed out at the Convention. The o questions of vital concern to the eacher - the importance of which cannot be overestimated are: "Better salaries for competent and experienced teachers" and "sufficient re tiring allowances to old and worn-ou eachers." With reference to the first emand the teachers at the 1908 Con ention petitioned the Government t louble the Augmentation Grant teachers so as to substantially rease their salaries and afford then living wage. The Morris Cabinet esponded to this request by increas-PURE WEST INDIA CANE SUGAR ing the Grant \$50,000 out o 6c. per lb. at GEORGE KNOWLING'S which the beggarly amounts of \$10 and \$30 were received by the lowest AT THE DOCK-The s.s. However, we shall see very soon, If
