How Our Laws Are Enforced.

Appended will be found two interesting cases of how our laws are enforced. Recently some fishermen at Lark Harbor lodged a complaint with the authorities of that place that some parties were catching and canning lobsters in close season. Constable Quinlan was despatched to work on the case and succeeded in catching four men, belonging to Frenchman's Cove operating during the prohibited season at Wild Cove. The accused were brought before Magistrate March at Curling. They pleaded guilty and were let go on suspended sentence. On Sept. 6th, a breach of the Game Laws occurred at Grand Lake. Warden Squires visited Goose Brook at ten o'clock in the night, finding a net across the brook, but could not see anyone around. The warden found a trolley on the track. The Game Warden being aware that this trolley was used by one Hicks, summoned the latter. The case was tried before Magistrate March at Curling. Circumstantial evidence showed that Hicks loaned the trolley to another man on the night in question, but notwithstanding, Hicks was fined \$40 and costs, which amounted to \$48.50.

Wedding Bells.

At St. Thomas's Church, a very pretty wedding took place on the 29th instant, when Miss Louise Roberts was united in matrimony to Mr. George Pike, second Engineer of the s.s. Glenora, the Rev. G. R. Godden officiating. The bride, who was becomingly attired, was given away by her father and attended by Miss May Roberts, whilst the groom was supported by Mr. V. Holley. After the ceremony a reception was held at the residence of the bride's parents, after which the bridal party proceeded to Carbonar to spend the honeymoon. Handsome and costly presents were received.

BOND CAN'T LOSE

Kent, Dwyer and Ryan can't lose. St. John's East is Liberal and has no use for traitors or Reid men.

Willie Higgins shows himself a true sport (?) when he singles out Mr. John Dwyer for attack. Why don't you attack Kent, Willie? The reason is clear, you know you can't beat him. The only thing you and your few henchmen can do is to try and get a personal vote for yourself. This kind of campaign proves conclusively that Kent, Dwyer and Ryan can't lose.

Higgins will find it hard to explain to the independent voters of Bell Island why Morris got a man from Placentia Bay to fill the position of Magistrate on Bell Island, as well as the getting of a man from St. John's to fill the position of Sub-Collector on the Island, and that of getting a man from Keltigrews to take the position of mine inspector. Oh wait, you Graball, your doom is sealed and an ignominious political death awaits you.

Because Higgins is a sport and able to chew the rag, St. John's East must elect him. Did you ever hear such trash?

Their little game of trying to fool the people in Torbay and other places down the shore on the schools being closed when Bond comes back, won't work. The people see on the Bond ticket Jax, M. Kent, and in his hands they know their schools are safe.

For the 30 years Bond was in public life, and for 12 years when he was Premier, did he ever attempt to close churches and schools in any part of the Colony? No! Well, then, does anybody think he is going to do so now? Even the very men (?) who are preaching this vile slander don't believe it. Their reason is this: that knowing no arguments can convince the people against Liberalism, they are trying to stir up strife amongst the people. It won't work, and we say "cut it out."

What has Morris done to improve the conditions on Bell Island? No doubt he will promise them everything now on the eve of the election, but he won't take. Bell Islanders don't forget if Morris does.

Will Higgins explain why he turned Tory in March last? Was it for the love of his country or the good of his pocket? Now, Billy, blow that whistle; if you don't we'll dock you for life instead of 4 years.

McGrath's game at trying to poison St. John's against Coaker, won't work. Neither will his trying to boost the "Harmless Three" Graball sports by such fake cries as "Breaking the Banks, Godless Schools, etc." McGrath is played out, as a political factor in the public life of Newfoundland. He is done, down and out, and on October 30th he will receive such a kicking (oh, no, not over the steps) that he will limp (politically) for life. Imagine Patsy McGrath being made an Honourable. Correct for Joseph Chamberlain, this is an unfortunate country.

Patsy is a good hand at chess. He took lessons in the art from Reid, the political chess champion of Nfld. SPECTATOR.

NEW YORK, To-day.

Timothy L. Woodruff, former Lieut. Governor of New York, was stricken last night just as he concluded an address at Fison Ratification Meeting. Physicians announced he had suffered a stroke of paralysis and his condition is serious.

VIENNA, To-day.
According to reports received here Albanians captured Javova only after heavy fighting. Prised, few miles south, surrounded by Albanians, its fall hourly expected. Serbian garrison there consists of 60,000 men. New Avion on Adriatic Sea states Albanians captured Ochrida after a fierce engagement.

LONDON, To-day.
A Constantinople dispatch says Hesa Pasha telegraphed Sultan he intends to form autonomous Albania under suzerainty of Turkey. Grand Vizier congratulated delegates on the completion of their work for peace. General Savoff, Bulgarian delegate, replying, said treaty marked resumption of relations of concord and friendship between Turkey and Bulgaria.

PISA, Italy, To-day.
The Chamber of Deputies has dissolved and the general elections will take place at the end of October. The cabinet statement which will be issued will probably indicate pacification of Libya by Italy almost complete, and declares the time is approaching when it will be the aim of Italian peasants to emigrate there under the protection of the Fatherland instead of to foreign countries.

NEW YORK, To-day.
For more than three months from about the middle of December to March, Theodore Roosevelt will be buried in the wilds of South America. Roosevelt will sail from New York October 4th and will spend about two months visiting various cities, Brazil, Argentina, Chili and Paraguay. In these countries he will be the Government's guest, and will deliver several formal addresses. Late in December his little river steamer will leave him and his party of Naturalists in Cuyaba, Brazil, the heart of the navigation on Paraguay River, and at that point the hardships of the journey will begin.

ALBANY, To-day.
Governor Sulzer yesterday won triple victory over his accusers at his trial for impeachment. Presiding Judge Cullen of the High Court barred introduction of evidence to prove Governor had made corrupt political bargain with Assemblyman Patrie Greene; Court held that evidence brought forward showed he had made similar bargains with other Assemblymen, statement campaign receipts and more evidence concerning Governor's alleged Wall Street speculations. Assembly Managers and their case was announced with calling possibly two more witnesses. To-day case against Governor would probably be completed.

The Irish Question.

LONDON, To-day.

John E. Redmond by his speech yesterday virtually killed any prospects of the settlement of the Home Rule crisis by consent. The Irish Nationalist Leader's speech is the first pronouncement since the publication of Loreburn's letter suggesting a conference, for that reason it was awaited with no little anxiety by his followers. The moderation of his speeches in Parliament has on occasion been a source of criticism among the straiter sect of Nationalists who may well have anticipated that they would offer at least a small olive branch on the Loreburn altar. All such fears or hopes, as the case may be, are falsified by his speech yesterday.
