## BARRON-DELGADO.

The marriage of Miss Anita Mercedes Delgado, daughter of Mr. and Mrs. J. A. Delgado, Military Road, to Mr. J. A. Barron, L.L.B., son of T. J. and Mrs. Barron, Cowar Street, and member of the well known law firm of Gibbs & Barron, was solemnized at the Oratory of the Sacred Heart, Mercy Convent, on Saturday afternoon at 3.30 o'clock. A large number of friends and relatives of the contracting parties witnessed the ceremony. Leaning on the arm of her father, the bride, who was charmingly attired in a costume of white tulle and lace, and wearing a veil adorned with orange blossoms, entered the church and proceeded to the Sanctuary rails to the strains of Mendelssohn's Wedding March. The bridesmaids were the Misses Florence and Isabella Delgado, sisters of the bride. They were prettily costumed in orchid georgette crepe over satin with hats to match and carried old-fashioned bouquets of corn flowers. The groom was supported by Mr. C. A. Hibbard, of the Bank of Montreal staff. Messrs. Ronald Burns and James Gibbs performed the duties of ushers. The ceremony was performed by Rev. Monsignor McDermott, the celebrant preceding the service by a short address on the Sacrament. After congratulations were extended the party motored to the residence of the bride's parents, where a reception was held and the customary toasts to the bride and groom were proposed and received. The groom's present to the bride was a string of pearls, to the bridesmaids birthstones, and to the best man gold cuff links. The bride and groom left for the well known hotel, O'Rourke's, at Holyrood, where the honeymoon will be spent. A great number of well-wishers accompanied the party part of the distance. The display of presents was indeed a tribute to the popularity and high esteem in which the principals of the event are held, the bride being very popular in social circles, whilst the groom has attained a prominence in the legal profession that has already placed him in the forefront of the younger entrants to the Bar. The Telegram joins with the numerous friends of Mr. and Mrs. Barron in tendering to them hearty congratulations and best wishes for their future happiness.

## HOLMES-PIKE.

The residence of Mr. and Mrs. R. G. Pike, Belisram, Fortune Bay, Aug. 27th at 11 a.m., was the scene of a quiet but pretty wedding, when their only daughter Alice May, was united in Holy bonds of matrimony to Evelyn Holmes, son of Mr. and Mrs. W. H. Holmes (late of Truro, N.S., now of St. Heliers, Channel Islands, Rev. H. J. A. Macdonald officiating. The couple were attended by little Miss Marjorie Macdonald, who was beautifully attired in pale blue mervie, and Master Bobby Pike, cousin of the bride. The bride wore a sand colour dress of Canton crepe, heavily embroidered in bronze beads, with hat to match, and wore a corsage bouquet of orange blossoms. This bouquet was worn by the groom's mother at the time of her marriage. The ceremony was performed in the presence of a number of relatives and friends of the couple, and at the conclusion sat down to a sumptuous dinner in the New Sail Loft, said place being very appropriately decorated. Immediately after the dinner the happy couple left for Burin, where they intend to reside for a while. Mr. Holmes being manager of the Branch of the Canadian Bank of Commerce there. The bride's travelling costume was navy tricot, with ermine and black and white picture hat. The remainder of the evening was spent in a most enjoyable manner. The splendid array of wedding presents showed the high esteem in which the happy young couple are held by their numerous friends and acquaintances. We again offer them our hearty congratulations and sincere good wishes, and trust that

each day may but add to their united joys.—COM.

## Opening of New Hall.

The Harbor Grace Standard, of the 9th inst., has the following to say about the opening of the new hall at Bay Roberts on Wednesday last: "The new hall at Bay Roberts, which has recently been built for the holding of concerts and dances by Mr. Beth Mercer, was formally opened with a concert on Wednesday evening. The programme was indeed a good one, and one has only to note the various artists who contributed, to know that it was a decided success and a treat to the large audience present. The programme was under the capable management of Mr. Gordon Christian, L.R.A.M. Mr. W. H. Jones, superintendent of the Cable Office, acted as Chairman and made a masterly speech on the opening of the hall, showing the need there had been for such a building in Bay Roberts and commended Mr. Mercer on his perseverance and initiative in launching the project. In short, pointed references, Mr. Jones introduced the artists and most successfully carried out its part of the programme that consisted of a pianoforte solo by Mr. G. J. Christian, L.R.A.M., solos by Mesdames J. Hambling, G. Christian, P. O'Leary, Misses E. Joy (Mr. Grace), I. Parsons, Messrs. Karl Trappell, L. Woods, and W. A. Tucker, of St. John's; recitations by Mrs. R. W. Myers, dancing by Miss O. Mews, of St. John's, and quartettes by Messrs. L. Woods, E. Fox, K. Trappell and W. Herder of St. John's. Some Carbonar ladies and gentlemen were also to take part but were unable to be present owing to the rain and condition of the roads. Following the concert, the lady friends of the C.L.B. served teas and ice cream in the hall after which dancing was begun and kept up until 1.30 a.m. Many visitors from Brigus, Clarke's Beach, North River, Spaniard's Bay and Harbor Grace were among the audience. The hall is a fine one and is a creditable addition to the town of Bay Roberts."

## Robbery at Spaniard's Bay Ridge.

The report of a robbery at Spaniard's Bay Ridge last week was about town on Monday. The loss was a heavy cash one. The details of the robbery are that a well-known Labrador planter has for a time been saving his gains, and having years ago lost his scanty earnings in the Bank crash, lost faith in banks and relied upon the old stockpiling system. The money amounting to, it is said, some eight hundred dollars in gold, silver and paper, was placed in a paint can and deposited in an old barrel, containing old iron rubbish, which had been carefully put behind the door of the barn. When the planter left for Labrador he entrusted the secret of the hiding-place to his wife who states that while the money was intact on Wednesday last, on Thursday when she went to see if it was safe found that both can and contents had been removed. The poor woman was more than agitated about the loss, and reported the loss to her two sons who notified the police. It is to be hoped in the interest of public safety and for the sake of the man whose savings have been taken, that the guilty one will be found and justly-merited punishment meted out to him. The poor man, who has thus lost the savings of years, made a sad mistake in trusting to his own plan of safe-guarding his money instead of placing it in absolute safety in one of our banks.—Hr. Grace Standard, Sept. 9th.

## A Mystery Paper.

Owing to the paper shortage, what is known in the trade as "Oxford India Paper" is being increasingly used in the production of certain classes of books. The discovery of this particular brand of paper is one of the minor romances of industry. About eighty years ago an Oxford graduate found in an old chest a small quantity of thin, tough, opaque paper, of a peculiar make and texture. A portion of it was used for printing a few copies of the Bible. One was presented to Queen Victoria, the others were kept in spite of an offer of £20 for a copy.

Meanwhile experts were hard at work, trying to reproduce the paper or trace it to its source. Both efforts failed, the search was presently abandoned, and the very existence of the strange paper was practically forgotten, when in 1874 a copy of one of the Bibles came by accident under the notice of Mr. Frowde, the manager of the Clarendon Press. He initiated a series of experiments, and eventually succeeded in producing a paper that was identical with the sample found in the old chest years previously. The progress by which it is manufactured, however, is a mystery, for such workman is familiar only with his own stage in the process.
