The Theatrical Season.

Thursday and Friday evenings Miss Margaret Mather, supported by her excellent company, will be at the Grand Opera House. The bill for the opening night will be "The Honeymoon," while on Friday "Romeo and Juliet" will be presented, with Mr. Otis Skinner and Miss Margaret Mather in the title roll. As is well-known, arrangements have been completed for next season, whereby Mme. Sara Barnhardt and Miss Mather will play "Romeo and Juliet." This arrangement has given Miss Mather a still higher place in the theatrical world than heretofore. On Friday evening a large audience is assured, as Shakespearian plays have ever been popular with Londoners. "The Honeymoon" is one of those old English plays which belongs to the class of high comedy, and the plot has been declared by eminent crities to be unrivaled. Seats are now on sale at the box office.

There are few, if any, in the great army of smokers who have not been, by experience, placed in a position to judge as to the merits of the "Norma" 10-cent cigar manufactured by H. McKay & Co., of London. In almost every cigar store and hotel in Canada this pet of all lovers of 10-cent goods has found its way, and is finding rapid and constantly increased sale. Unlike other similar goods, its fame is not of a transient nature. The "Norma" contains all the merits of the imparted cigar, and has in many cases supplianted its more expensive rivals, and each successive season but adds to its host of admiring consumers.

The large establishment of H. McKay & Co. is kept continually engaged in supplying the demands made upon them for the "Norma."
