Children Poisoned at Guelph. GUELPH, April 10. - A son and daughter of Mr. George Townsend, Grange street, aged respectively 4 and 2 years, had a narrow escape from being poisoned on Saturday. They were playing with copying pad material and chewed some of the paper. Some time afterwards both of the children were taken sick with vomiting and purging. A physician was called, who proncunced that the children had taken poison in some form. The girl was very sick for some time. The boy was danger. ly ill, and at one time it was doubtful if he would recover. He is now better.

-The Women's Missionary Society in connection with the Queen's Avenue Methodist Church held their monthly meeting on Monday. The president, Mrs. Fowler, took occasion to refer very feelingly to the death of the late Mrs. Belton, who had been a member of the society from the time it was organized. At the close of the usual business a voluntary thank offering was made by those present and a very liberal sum was realized. The women of this country are endeavoring to chey the Lord's command, "Go ye into the world To the Editor of the ADVERTISER:

and preach the Gospel to every creature." at their recent meeting, appeared to be under the impression in dealing with the question of how best to open the proceedings of the Dominion Council that they vicious dog was omitted. The audience that greeted Mr. Adam Brown at Victoria Half last night was not as large as it would have been had better weather prevailed, but it was truly appreciative. Mr. Brown was in his best vein, and the lecture, while thoroughly instructive, was replete with touches of humor. His visit to Jamaica and what he saw there as commissioner to the late Jamaica Exhibition was aptly described, and the work that had been accomplished for Canadian interests cutlined by the speaker. Electric lantern views of various points of interest in the tropical paradise, and its historical places assisted the speaker, and aided not a

little in bringing home to the audience what kind of a place Jamaica is. He concluded his lecture with a glowing description of the natural beauties of the island -the grandeur of its mountains, its charming valleys, its luxuriant vegetation and incomparable climate. Mr. Brown's description was not a whit behind the views. The affair was under the auspices of the Y. M. C. A.

New Mains. The water commissioners held an unusually short meeting last night, concluding their business before 8 o'clock. Engineer Moore recommended that a 4-inch main be laid on Lorne avenue, east of Quebec street, at a cost of \$150, and that similar main be laid on Wreay street, between Edward and Cathcart streets, at a cost of \$100. Petitions for both extensions had been presented and the recommendation will be carried out. Pumping Engineer Findlay's report for the two weeks ending April 9, showed a total of 37,683,016 gallons having been pumped. The highest number will be mailed in future direct from the Advertiser office, London. Three coupons and 10c secures a copy of each number.

Deen pumped. The highest number in any one day was 2,764,664 gallons and the lowest 2,703,972. Mr. Brinsmead complained of excessive charges on his hotel. The last quarter had increased threefold over any previous term. The meter will be tested. W. Fitzsimons and C. W. Davis also had complaints of a similar nature. Both will be allowed a rebate. Present: Commissioners Jones (chairman) and R. K. Cowan, Engineer Moore, Secretary Ellwood and Inspectors

The Royal Arcanum. The grand regent of the Royal Arcanum, Mr. J. W. Hickson, of Toronto, had a very pleasing duty to perform Monday evening at Ilderton. A full set of officers' jewels was offered as a prize by the grand regent to Invincible Council on condition that they doubled their membership during the first six months of their existence. The council having done their part the grand regent, accompanied by several Arcanumites from this city, visited Ilderton and duly fulfilled his share of the contract. After an interesting session of the council and excellent exemplification of the "work," the doors were thrown open to the wives, daughters and sweethearts of the members, and the lodge room soon transformed into a banqueting hall. The repast over, a good programme was introduced by the regent, Bro. B. Robson, consisting of readings by Bro. C. B. McAndless and Miss Elena Attwood; recitation, Miss Cynthia Hughes, songs by Mr. R. Calvert and Bro. A. C. Attwood, and speeches by Bros. J. W. Hickson, grand regent; A. B. Munson, A. C. Attwood, W. H. Henderson, Thos. Hodgins, Walt. Bartlett, T. Bland and others. The Royal Arcanum has now a membership of over 150,000 and is growing steadily in Ontario as well as in all parts of

the continent. The Temperance Correspondence. The following letter has been sent to the editor of the Free Press: The solicitude of your Ottawa correspondent for the reputation of the London W. C. T. U. is quite touching; but his ignorance of the subject he handles is monumental. After deprecating the discourtesy (?) of the ladies in publishing a letter addressed to the Dominion representative for this city, he proceeds to give Sir John Carling's reply, addressed, not to the ladies, but to the Royal Templars of Temperance-an organization as distinct from the W. C. T. U. as the Masons from the Oddfellows. It may, perhaps, relieve our friend's anxiety if we assure him that Sir John knew what he was about in torwarding his reply to the gentleman's society that sent him the communication

in question. As to the depth of wool, if any, that may be over their eyes, we will not attempt to determine. Certainly your correspondent needs to get a few layers removed from his own optics before again ascending the judgment seat to pronounce sentence upon the W. C. T. U. For his benefit it may be added that the W. C. T. U. is but one of six temperance organizations established in the city. Cordially,

IN CONGRESS.

Washington, April 10. - The intro-duction by Major Griffin of his amendgranted to inventors residing in the Do- ment to the contract labor law, designed minion of Canada is expressly reported for to prevent persons living in Canada from the London Advertiser, by P. J. Ed crossing the border daily to engage in employment in the United States, was deiayed until to-day. The significant portions of

any alien, who resides or retains his home in a foreign country to enter the United States to perform daily labor or service, or to perform labor or service of any kind while residing or retaining his home in a foreign country; and for each and every violation of the provision of this section, the person violating the same shall forfeit

and pay the sum of \$100. Sec. 10. That it shall be unlawful for any person, partnership, company or corporation to employ in any manner whatso-ever in the United States, any alien who resides or retains his home in a foreign country, and for each and every violation of the provision of this section any such person, partnership, company or corpora-tion shall forfeit and pay the sum of \$500. The major says that in view of the elabrate decision of Judge Brown in the United States vs. Craig, and the recent opinion of Justice Brewer in the Chinese ase of Lees vs. the United States, he is nclined to think that Congress has the power to enact his proposed legislation. At one time in the prosecution of his investigation he was almost inclined to believe that the abolition of the "Windsor

Mr. and Mrs. Chute, of Aylmer, desire that we should publish their testimonial and let other sufferers know what Williams' Royal Crown Remedy (Nature's Liquid) has done for Mr. Chute. He writes: "For ten years or more I have been a sufferer with dyspepsia, and doctored with six of the most skilled doctors in this part of the country with but little relief and no benefit in return for the very large doctors' bills that I paid. I tried almost every conceivable remedy, but all to no purpose, until April, 1893, when I took to myself a wife, and it so happened that three years previous to our marriage sne had been in poor health, and used part of a bottle of Royal Crown Remedy, and, knowing of its excellent qualities, she prevailed upon me to give it a trial. I purchased one bottle of the Remedy and Pills, and by the time I had them used my general health was much improved, and by the time I had taken three bottles I was restored to good health, and my neighbors say that I am looking better than I have done for years. I believe Royal Crown Remedy to be the best value for the money on earth, and am thankfully yours.

"If Congress has the power," he says, "then the question of policy remains, and it is desirable that the proposed legislation should receive a full discussion from the press and individuals. Detroit is probably the greatest sufferer of any locality lying along the borders of foreign jurisdictions by reason of the absence of such legislation. I am informed that there are about 750 people cross the river daily to perform labor and service and return at And experience can buy, night. If this is so, in view of the great supply of labor over demand, it becomes at least a question of serious consideration whether this daily immigration for this purpose ought not to be stopped."
