Galfskinggreen BAY AND SEED Flour, Breakfast Cereals, Feed, Salt, Land Plaster, Etc. 873 TALBOT STREET . PHONE 662 Toronto Grain Market-Special to The Advertiser. Toronto, Sept. 24.-Brokers were in good humor this morning. The acwheat market continues, and this has increased speculation in the cereal here tenfold during the past week. This morning nearly all the down town local brokers' offices were plied with operators anxious to get next to a good thing. Many Toronto people, it is stated on good authority, are long of Chicago wheat, and some stayers have made good profits recently. It is the general opinion here that the long expected and eagerly looked for boom in wheat has arrived, and will continue. The early advance this morning seems to carry out this conviction. Toronto, Sept. 24.-Wheat-The market here is much stronger in sympathy with the advance in the United States markets. In the early part of the week a good deal of red and white was sold west at 65c. Today it is very firm at that price, and some holders are asking more for it. Manitoba wheat is strong and higher; a round lot of No. 2 hard sold, Toronto and west, at 70 1-2c, and some sold at 71c; No. 1 hard is held at 76c, Toronto and west, and at 71c to 72c, Midland. Flour is firmer in keeping with the advance in the price of wheat; a car of Ontario patents seld, midle freights west, yesterday, at \$3 27, but 10c or more would be asked today; cars of straight roller are held at \$3 25, middle freights west, with \$3 10 freely Manitoba flour is firm at the recent advance, and the millers are not anxious to sell much at the price quoted; patents are quoted at \$4 and strong bakers' at \$3 65. Millfeed is dull at \$8 to \$9 for shorts west, and \$7 to \$7 50 for bran. Barley is steady at 33c to 34c for No. outside, 35c for No. 1 extra, and 20c for cars of feed. ## That Farmers' Report

Conservative M. P.s Scarcely Appreciate Its Frankness.

It Condemned the N. P. and a New Con sideration Was Conceded.

Special Telegram to The Advertiser. Ottawa Sept 24-There was a big kick at the agriculture committee today, when the report of the sub-committee, appointed recently at a meeting of members of the House interested in agriculture, was presented. The committee members opposed the receiving of the report at first, but finally it was agreed to have it read: Mr. Douglas read the report. It con-demned the operation of the National Policy as far as the farming element was concerned. Messrs. Clancy, Davin and Sproule strongly opposed this, and the entire report. Messrs. Mc-Millan, Douglas, Oliver, and others supported it. Finally, Mr. Fisher, Minister of Agriculture, recommended that a straight report be introduced, making whatever recommendations were desirable, without introducing any controversial matter. The following sub-committee was then appointed to modify or amend the report in this direction: Messrs, Du-pont, Sproule, Clancy, Douglas, Mc-Millan, McLennan, Marter, Rogers, and Bain, chairman of the committee Special reference is made to this report in our editorial columns.

## PLAYED IN THE GLOAMING

The Alerts at St. Thomas-Game Lost in the Darkness-Poor Umpiring.

The Alerts and the St. Thomas Y. M. C. A. Browns played an "exhibition" game on the grounds of the latter at St. Thomas yesterday afternoon. The players on the two teams were mixed up somewhat, and the Browns had every advantage by having their team strengthened by Humphrey and Albert Wood, of the Alerts and McDonald, of the Hamilton team. The following were the players:

POSITIONS. Y. M. C. A. ALERTS. ..Catcher.... First base ...... Humphrey Second base ...... Hanley First base Hanley
Second base Hanley
Shortstop McDonald
Third base Hill
Johnstor Tierney. Carney Left field Johnston
C. Sippi Center field Hawkins
H, Burton Right field Chrismas

The game was a good one, and close and exciting up to the end of the eighth inning. Both teams kept "tab" each other, making 1 run in the third, 2 in the sixth, 3 in the seventh, and 2 in the eighth. In the sixth inning Sheere made a fumble, and it cost a run, while in the seventh Harry Burton made a beautiful muff that let in the three runs. It was rather dark, and as the score was tied the Alerts were willing that the game should be called on account of darkness, as the London team knew that darkness would intervene before the other in ning ended. Hanley and Lyons would not consent, and the Browns went in and slugged Sheere's lobs all over the diamond. Bert pitched them easy ones, as he and his team objected to playconsigned through; the market is dull and sluggish.

Hogs—Receipts 20 cars; market ruled fairly active. Good to choice, \$3 65 to \$3 70; roughs, common to good, \$2 75 to \$3; pigs, common to fair, \$2 25 to \$3 25.

Lyons made a circuit of the bags on a hit that was a foul by 20 feet, and Hanley did the same thing a prospectus for their annual week of united and universal prayer, which will take place next year in the horizon that the game was called dull and weak, with three cars of hold-overs unside. Hogs closed steady. Sheep and by Synder. The Browns had piled up runs, and called everything a hit Finally the Browns gave in, when there were no men out, as the darkness was too much for them, and they didn't like to play in the moonlight The London boys complain of the way in which the umpire did his work Manager Kilgour, of the Browns, also neglected to put up any money, and nothing has been heard as to his in tentions.

When the game was finally broken up, the crowd hedged in around the players, the greater part of whom were in full sympathy with the Alerts. The St. Thomas people kept the score as follows, but London claims 12 hits and only 4 errors: Y. M. C. A... 0 0 1 0 0 2 3 2 7-15 16 Alerts ...... 0 0 1 0 0 2 3 2 0 - 8 =

Some Beautiful Display at several Leading Stores-The Season's Styles.

Millinery openings being now the order of the day, an Advertiser reporter visited several of the leading displays today, and everywhere met crowds of the fair sex, who were enthusiastic over the new creations that come here direct from Paris and New York. The Bryan and McKinley hats were much talked of, but politics in no way influenced the choice.

The spacious millinery show rooms at Bayley's, in charge of Madame Simpson and Miss McCurdy, were crowded with visitors today, who were enraptured with the attractive display of the new styles. The show rooms in the millinery department at Smallman & Ingram's are twice the size of last year's, and yet they were more crowded with visitors at the opening today than ever before In one corner of the large room is a layatory, and the work rooms are on the same floor. The display of millinery is superb, all of it personally se-lected in Paris. The millinery department is located at the rear of the second floor, and is reached by the elevator. The front half of the floor is devoted to furs and mantles, ladies', children's and infants' cloaks. As an Advertiser reporter entered, the place was jammed with eager purchasers There was a great variety of curl cloth jackets, one of particularly good value at \$6.75, in blue.
