

WHISKARD'S

THREE BUSY STORES,
228, 230 and 232 Dundas Street, London.

Quality and Price.

As punishment should fit a crime, so in year-round merchandising should quality fit price. A fair-minded and reasonable trading public expect this. They have a right to expect it. Money is often hard-earned, and should be given a chance to do full duty when it is spent. Kindly match your dollars against our merchandise, and note in the wear and tear how anxious the "THREE BUSY STORES" is to serve you with truest economy.

Millinery.

The phenomenal success of our fall opening is a convincing proof of the superiority of our display. The splendid values we are giving in TRIMMED AND READY-TO-WEAR HATS should interest you. Our milliners are very busy with orders. Have they got your order? We are selling a splendid line of Felt Short Back Sailors, all colors, at 75c each. We have a splendid line of Children's Felt Hats, in red and other colors; regular 80c hats, we are selling for 60c each. Special line of Untrimmed Shapes, in black velvet, at \$1.29, \$1.59, \$1.97 each. Splendid line of Felt Shapes, draping of silk and spotted gauze, at \$1.97 and \$2.25 each.

Don't forget our splendid line of Black Ostrich Feathers. Special prices.

About Furs.

Nothing adds more to the charms of a lady's toilet than a modest fur. They enhance beauty as perhaps no other article of wearing apparel. Here you will find furs at prices within the reach of everybody. Black Astrachan Capelines, at \$5.97. Black Astrachan and Seal, at \$6.97. Black Opossum Capelines, at \$9.50. German Beaver Capelines, at \$12.50.

To buy without inspecting this stock is to run great chance of being disappointed later, when you learn how much better you might have done at the "THREE BUSY STORES."

A WARM SEPTEMBER

Resume of Weather Conditions During the Past Month by "Probs."

Old Probs has issued his weather map for September. It contains much of interest to students of meteorological conditions, and is in part as follows:

The temperature for the month was below the average from the mainland of British Columbia as far as the including the Lake Superior district, and above the average elsewhere in Canada except in the extreme north-eastern portion of the Province of Quebec, where the average was just maintained. Over the greater part of the Northwest Territories the deficiency was from 6 to 7 degrees, while in the Maritime Provinces the excess was from 3 to 4 degrees, and in Ontario from 1 to 3 degrees. The rainfall was much above the average in the Northwest Territories and Manitoba; average or a little above over the larger portion of British Columbia, above the average along the south shore of Nova Scotia, and below in all the remaining portions of Canada, except at a few places in Ontario, where it was also above the average. In Quebec the deficiency was an inch and over in nearly all portions of the province, and in Ontario it was for the most part from a tenth to half an inch, except at Peterborough and Welland, where it reached 1.70 and 2.10 inches respectively. The chief excess reported in Ontario were Ridgeway, 1.32 inches; Stony Creek, 0.9 of an inch; Bradford and Orillia, 0.8 of an inch. Halifax recorded as much as three inches and a quarter above the average, while Chatham, N. B., was an inch below the average. September was another warm month throughout Ontario, making the seventh consecutive month in which the temperature has been above the average. The rainfall did not vary much from the normal, except in a few localities, and bright sunshine was about the usual amount. Frosts were locally recorded on the night of the 15th, and again on the 25th and 26th, but they were very light, and did little harm to vegetation. A fresh to heavy gale was experienced on the 14th, between the 15th and 17th. Pasture age is generally in excellent condition and roots promise well, but apples are extremely scarce. Many migratory birds had flown south by the end of the month.

CONSERVATIVES COMPIL BLACK LIST.

Circular Asking Delicate Questions Being Sent Out—Roll of Doubtful Men Asked for by Leader Whitney.

Toronto Star: The organization committee of the Provincial Conservative Association has issued a letter to one or two men in each constituency with the request that those receiving the letter to do by canvasser information according to the blank form, submitted by the central office. In addition to the usual information asked for, a special clause is added towards the referring out of men who have not been true in the past. The circular that "some of the questions are of a delicate nature." One of these is as follows: "Do you know or have you any reason to believe, that anyone who has in the past been trusted by the party, or who has been given work to do by canvasser or scrutineer or in any capacity, has failed or neglected to do such work, and if so at what time, in your judgment, the reason for his failure or neglect?"

The two or three men in each riding who reply to the question will practically determine for the central committee the standing of each prominent party in the constituency. They are required to answer, therefore, not to "hesitate to state with the utmost frankness," and moreover, to state whether there "is any particular thing which you think should be done to improve the chance of success in your riding."

Few replies have been received, but it is expected that within a few days the electoral districts, and several competent men will be dispatched bearing letters of introduction from Scott Griffin, corner King and Bay streets, Toronto, to the friends of the constituencies requiring help.

FOR BREACH OF PROMISE. Hamilton, Ont., Oct. 8.—Mrs. Ellen Perry, of this city, has issued a writ, through her solicitor, Mr. W. M. Clement, against John Ulman, a former employee of the Asylum, and now of Welland, Ont., claiming \$1,000 damages for breach of promise of marriage. If a settlement is not reached, the case will go to trial.

ROUGH WEATHER AT SEA. New York, Oct. 7.—Three of the big Atlantic liners which have encountered very stormy weather and heavy seas on the way over landed their passengers today. They were the City of Rome, of the Anchor Line; Umbria, of the Cunard Line; and the Calabria, which is in the Anchor Line's service, from Mediterranean ports. All brought large numbers of passengers. Those on the Calabria, because of reported bubonic plague at Naples, were subjected to a careful examination at Quarantine before they were allowed to come up to the city.

The number of Japanese at present living in the United States is estimated at 35,000.

BEHIND THE GUN!

The Royal Hunting Party Seem To Be Having a Good Time—Smallpox Epidemic May Prevent Reviews.

CHEERED EVERYWHERE.

Winnipeg, Man., Oct. 7.—A dispatch received here from the operator on the duke's shooting train says that large crowds cheered his royal highness at every stop. At Portage la Prairie a tremendous crowd had gathered and was wildly enthusiastic. The duke graciously bowed his acknowledgments as the train moved slowly off. The districts traversed by the train were passed in the night on the outward journey, and the thousands upon thousands of acres of grain in stack have greatly impressed his royal highness. While the party are hunting, the duke will be taken to Winnipeg and thoroughly renovated. An exhibition of wheat threshing has been arranged for their royal highnesses to take place on the farm of Mr. Bond, at Poplar Point, between 1 and 3 o'clock on Tuesday afternoon.

TOOK AN EARLY START.

Poplar Point, Man., Oct. 7.—The duke and party were up before the sun, and shooting became general as soon as there was sufficient light. Ducks are reported very plentiful and from the continuous firing heard in the distance a good bag should be taken. The North-West Mounted Police are acting as dispatch riders between the shooting grounds and the depot.

AT CALGARY.

Calgary, N. W. T., Oct. 7.—The special train carrying the Duchess of York arrived from Banff at 1 a.m., and left at 1:10. It consists of one baggage car, one tourist, the diner Versailles, sleepers South Africa and Canada, and the Pullman. The Duchess of York, Mr. W. J. Niblock accompanied the train, which was preceded half an hour by one conveying the press men and suite, consisting of four sleepers, a diner and baggage car. Everything was running very smoothly and sharp on scheduled time. The weather is perfect.

ROYAL REVIEW AT TORONTO.

Toronto, Oct. 7.—Preparations for the review are practically completed. The headquarters staff, transport officers and divisions are all on the ground, and the troops will begin to pour in tomorrow. The bodyguard are already camped at the exhibition grounds, and army kitchens are being set up, so that the men may be fed at once on arrival. Only 2,000 men, the members of the fourth brigade, consisting of the Oxford, Middlesex, Lambton, Wellington, Bruce and Huron regiments, will go into camp. All the rest of the force have accommodation in the exhibition buildings. The parade street is supposed to be 10,000, but it will really be considerably over that, as the Toronto regiments will march in excess of their authorized strength.

The Duke of York has consented to lay the corner stone of Queen's University building at Halifax.

NO REVIEW AT HALIFAX.

Ottawa, Oct. 7.—Dr. Montzambert, director-general of public health for Canada, has reported against the holding of any military review at Halifax on the 15th inst., in honor of their Royal Highnesses the Duke and Duchess of Cornwall and York, because of smallpox at Halifax and a number of other places all over the province. Dr. Montzambert says that a review would be a good way of spreading the disease. The likelihood, therefore, is that the review will be abandoned. A meeting of the military authorities will be held this afternoon to decide the matter.

Dr. Borden was able to be at his office today, although he still uses a crutch.

SERIOUS SITUATION.

The smallpox situation took on a de-

veloped face tonight, when it was reported that seven new cases had been found in different parts of the city. All of the new cases are mild forms of the disease, but they have been found in several places throughout the city, and the general impression is that compulsory vaccination will be enforced in earnest.

Today eight cases of the disease were found and two suspected cases are being watched. A surprising case is reported. A 15-year-old girl says she had the disease and was discharged by the medical health officer, but the doctor says he never treated the girl. Meanwhile the disease has broken out all over her face, and now precautions are being taken to quarantine the girl.

The city council tonight decided to ask for the resignation of Dr. Robillard, the medical officer, who has held office for years.

No Failures or Disappointments When Diamond Dyes Are Used.

A Word About Diamond Dye Mat and Rug Patterns.

Do you make up mats, rugs or carpets in your home? If so, you will readily agree that your success is largely due to the lovely and brilliant colors given to your materials by the use of Diamond Dyes. Users of Diamond Dyes know that they never suffer failure or disappointments in their work; they quickly and easily get the exact colors they require, and never waste time or money. If you are interested in the popular work of rug making, and cannot procure the "Diamond Dye Mat and Rug Patterns" from your local dealer, send your address at once to The Wells & Richardson Co., Limited, Montreal, and you will receive free of cost sheets of designs to select from.

STRATHROY.

J. D. Meekison, Agent. Strathroy, Oct. 7.—Mrs. J. Hanley, of Marlette, Mich., is the guest of Mrs. Bartley, Albert street.

Mr. and Mrs. Wm. Rapley, Misses Sadlers and Banghart and Jos. Buttery took part in the programme given in the Appin Methodist Church on Monday evening last week.

Miss Jennie Clarke left last week for Hamilton, where she will attend the School of Pedagogy.

The Misses Piramie took a number of prizes at the Petrolia, Wyoming, and Watford fairs.

Mr. W. J. Graham, of Caradoc, left last week for Everett, Wash., where he intends engaging in the livery business.

Mr. J. M. Bastedo, of Detroit, was in town last week in the interests of the Santa Rita Railway.

The regular monthly meeting of the town council was held this evening.

The Schubert Symphony Club of Chicago will appear at the Lyceum on Tuesday evening.

Rev. Dr. Fethergill, who has severed his connections as pastor with the Baptist Church, presented with the handsome clock by the Young People's Society of the church.

Mrs. (Dr.) A. Thompson is visiting with Mr. Archie Thompson, Grand Rapids.

Mr. H. T. Richards and family left last week for Toronto.

A meeting was held in the basement of St. Andrew's Church, Monday evening for the reorganization of the young men's club. Officers were elected and the winter work discussed.

Dr. Borden was able to be at his office today, although he still uses a crutch.

Adam was the one and only man created free and equal.

STOMACH GAVE OUT.

The unhappy condition of Alex. Lang, shipper for P. Freyseng & Co., manufacturers, Toronto, cured permanently by Powley's Liquefied Ozone.

If you are troubled with coated tongue and bad taste in the mouth in the morning, sick headaches, stomach pains, flatulency or sour waterbrash, take Powley's Liquefied Ozone.

Alex. Lang suffered exceedingly, he tells about his cure:—

THE OZONE COMPANY, LTD., TORONTO, ONT. Gentlemen: About two years ago my stomach completely gave out. I was in a wretched condition, and my life was anything but pleasure. I tried several prescriptions from my doctor, and also other remedies which I saw advertised for dyspepsia, but I was getting worse all the time. I might say that at the same time I had a breaking out on my face and body, which gave me great annoyance. No remedy I took could relieve me of this vexatious disease. At last I was advised to try Ozone. The first bottle gave me relief. I took about ten bottles altogether, and I am thankful I can report to you that I am completely cured. I can eat anything now without the least uneasiness; also the itching eruptions, which I believed were germs in my blood, are all gone. I also use Ozone for my children when any ailment overtakes them. (Signed) ALEX. LANG, 67 Dundas St. Toronto.

There is nothing like Powley's Liquefied Ozone to cure stomach disorder. The condensed oxygen is most efficacious; it makes your food digest thoroughly and tones up your entire system.

Write our doctors about your case. Tell them just how you feel and how long you have been sick. They'll make a study of your case and advise you as to treatment, absolutely free. Address The Consulting Department of The Liquid Ozone Company, 229 Kinzie Street, Chicago, Ill.

Soc. and \$5.00 at all Druggists. THE OZONE CO., OF TORONTO, LIMITED, Toronto and Chicago.

BROOKLYN BRIDGE.

Too Weak to Stand the Pressure of Boreds—Must Be Strengthened.

New York, Oct. 8.—District Attorney Philbin has made public a report of Edwin Duryea and Jos. Mayer, the special engineering experts appointed by him to look into the condition of the Brooklyn bridge after the breaking of several suspender rods and suspender bands July 24 last. The experts find that in sections the structure is faulty, but that the bridge is now practically as strong as when completed. They say the structure must be strengthened. The accident of the breaking of the suspender rods and bands is found to have been due to the wind pressure, the wind blowing against the platform and cars causing a pressure transverse to the bridge, thus causing the rods to bend.

They found that the safety of the bridge can be increased by remedying certain defects in the design.

Western Ontario.

Live Items Culled for Busy People's Information.

Angus Matheson was sentenced yesterday by Chancellor Boyd at the Sandwich assizes to four years in the Kingston penitentiary for burning the barns of Edward Edgeworth, a South Essex farmer.

A very painful accident befell Richard Barker the other afternoon, while engaged in securing buttresses on Robert McLeod's farm, on the second division of Biddulph, when the misfortune occurred from a tree, breaking both wrists. After a painful journey of five miles to a hospital at London, the injured members set, and is now progressing favorably.

James Fenton, of Leamington, was awarded judgment yesterday at Sandwich for \$1,100 and costs against Robert Fenton, O. E. Fleming and James Strath, the defendants in the Leamington tobacco factory. The defendants are given the right to sue Fenton and his two partners, Wagner and Moss, for alleged misrepresentation at the sale of the factory.

Arch. McKellar, of Alvinston, died on Sunday at 4 p.m. Deceased had been ailing for nearly two years, during which he gradually declined in health. The cause is not known. McKellar, on the home, besides his wife, three girls and three sons, all at home, except Duncan, residing south of Alvinston, on the home. He was an active citizen, being a member of both the council and school board. Deceased president of the Reform Association at Alvinston up to his death. A funeral will take place this afternoon at 2 p.m. Deceased was in his 50th year, and for the past fifteen years had been one of the largest cattle shippers in this district, a member of the firm of McKellar & Gilroy.

SMALLPOX IN WINDSOR.

Windsor, Oct. 8.—An 11-year-old boy named Delorme was found in a hotel on Rideau street suffering from smallpox. He was removed to Porter's Island. The doctors are watching two other children in the case. It is likely that a general vaccination will be demanded.

Toronto, Oct. 8.—Mr. John MacKay, of Sault Ste. Marie, who is in the city on business with the provincial offices, states that American lumbermen are erecting mills and opening existing ones on the north shore, and that the duty on lumber is \$45,000, and the present rate of collection will give a revenue of \$500,000 for the current year. This makes Sault Ste. Marie one of the most important points of entry in Canada.

Deafness: Curable in Most Cases. Sufferers from impaired hearing will be glad to learn that their affliction is probably not due to any organic defect of the ear, but results more probably from a thickening of the lining of the middle ear, caused by catarrhal inflammation. Hundreds of perfect recoveries have been reported as a result of the continued use of Catarrhine, and we can recommend this treatment on the highest authority to any reader suffering from deafness or impaired hearing. Catarrhine is a catarrhine is without dispute, and the recent case of Mr. Foxall, of St. Thomas, who recovered hearing after years of total deafness, establishes Catarrhine as a veritable specific. At druggists. Price, 50c. Small size, 25c. Mailed to any address by Polson & Co., Kingston, Ont.

The city of Pensacola, Fla., now claims to be the third in commercial importance on the Gulf of Mexico, being exceeded in exports only by New Orleans and Galveston.

How to Cure All Skin Diseases. Simply apply Swaine's Ointment. No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swaine's Ointment.

It is said that an exchange of machines between automobilists has more fine points than even a horse trade.

YOU CAN MAKE a dessert that will be acceptable to the weakest stomach by adding a teaspoonful of Prince's Renet Wine to a pint of milk; set aside to cool, and you have a delicious curd. This is the ideal hot weather food. It is highly nutritious, and makes a very light demand on the digestive organs. Directions for making and serving with each bottle. 25c. Sold by Scandrett Bros., grocers.

NIP DISEASE IN THE BUD—It is difficult to eradicate a disease after it has become seated, therefore it is wise to take any ailment in its initial stages and stop it in its course. Cold is the commonest complaint of man, and when neglected leads to serious results. Dr. Thomas' Electric Oil will cure the severest cold or most violent cough.

RADWAY'S READY RELIEF is safe, reliable and effectual, because of the stimulating action which it exerts over the nerves and vital powers of the body, adding tone to the one and inducing to renewed and increased vigor the ailing vitality of the physical structure, and through this healthful stimulation and increased action the cause of the PAIN is driven away and nature's condition restored. It is thus that the READY RELIEF is so admirably adapted for the CURE OF PAIN and without the risk of injury which is sure to result from the use of many of the so-called pain remedies of the day.

It is highly important that every family keep a supply of RADWAY'S READY RELIEF.

Always in the house. Its use will prove beneficial on all occasions of pain or sickness. There is nothing in the world that will stop pain or correct the progress of disease as quick as the Ready Relief. For headache (whether sick or nervous), toothache, neuralgia, rheumatism, lumbago, pains and weaknesses in the back, spine or kidneys, pains around the heart, pleurisy, swelling of the joints and pains of all kinds, the application of Radway's Ready Relief will afford immediate ease, and its continued use for a few days effect a permanent cure.

A half to a teaspoonful of Ready Relief in a half tumbler of water, repeated as often as necessary, will quickly and effectually saturate the system with Ready Relief, placed over the stomach and bowels will effect immediate relief and soon effect a cure.

Internally—A half to a teaspoonful in a half tumbler of water, repeated as often as necessary, will quickly and effectually saturate the system with Ready Relief, placed over the stomach and bowels will effect immediate relief and soon effect a cure.

There is not a remedial agent in the world that will cure so many and so different ailments as RADWAY'S READY RELIEF. It is a cure for all ailments.

Externally—A half to a teaspoonful in a half tumbler of water, repeated as often as necessary, will quickly and effectually saturate the system with Ready Relief, placed over the stomach and bowels will effect immediate relief and soon effect a cure.
