#### DUNLOP TROPHY RACE MAY CHARTER STEAMER FOR BALLPLAYERS' TOUR ATTRACTS MUCH NOTICE

Course Will Be Between Waterloo and Preston This Year and Entries Are Already Pouring In.

More than usual interest is being evinced in the Dunlop trophy race this year owing to the fact that it is being contested for outside of Toronto and because the race will once more be run entirely on the road. It is now impossible to run a road race in To-

The young riders having heard that the race will be over such an ideal course as that from Waterloo to Preston—five miles of the twenty being as smooth as a sphalt—have set to training with the result that it looks as if the other list will suppose all lain the proposed world tour. Mr. as if the entry list will surpass all records. From as far as Charlotte-town, P. E. I., have come inquiries regarding the race, and it now looks as garding the race, and it now looks as as if the entry list will surpass all trip from Winnipeg. From all over the creation of an international league Ontario there will be entries. One of in a large sense. the especially fine features for young riders is that, like last year, the novices may win the team shield as well Japan, China, Australia, Egypt, France

as the individual trophy. The team shield is contested on about March 1, 1914, place, not time, so that when the Salem boys ran 1, 3, 4, 5 and 6, they captured the individual and team race both, which may be duplicated this year by some of the new clubs. Those who have watched Frank Brown riding this year think that it is possible that he may beat the record set up by Joe Shortt in 1898, and when it is considered that he will ride with such class as Walter Andrews, Gordon Mc-Millan and Scotty Wilson, and that there will be no debarments of speed, a new record looks quite probable. Last year the scatch men made no chowing whatever, as far as place was concerned, because on a circular course it is impossible for scratch men to make any comparative headway.

#### PARKHILL TENNIS PLAYERS BEAT FOREST

Won All But One of Six Matches Played in Latter Town.

[Special to The Advertiser.] June 17. - Four of Parkhill tennis players came to Forest and six interesting events were played with the Forest boys, the visitors winning all but one event. The following is the score: Singles-Patrick, Parkhill, vs. Ketch,

Napton, Parkhill, vs. Tait, Forest, Doubles-Napton and Monro, Parkhill, vs. Huffman and Steele, Forest,

Patrick and Fuke, Parkhill, vs. Seaton and Lloyd, Forest, 1—6.
Patrick and Fuke, Parkhill, vs. Ketch and Warwick, Forest, 7-5. Monro and Napton, Parkhill, vs. Clarke and Tait, Forest, 6-4. the lawn during the games.

#### English Polo Team Were Congratulated by Lord Roberts

London, June 17.—Lord Rob-erts cabled to Captain Ritson, captain of the English polo team, yesterday his heartiest congratu-lations upon the splendid fight made by the team and upon the way in which the Englishmen upheld the finest traditions of British sportsmanship.

#### POLO TEAMS GIVEN DINNER BY BELMONT

Best of Feeling Prevailed Between the Two Teams,

New York, June 17 .- A dinner was given last night at the Meadowbrook Country Club by August Belmont to the victorious American polo team and their British opponents in the recent interna-tional cup games. The best of feeling prevalled, all the speeches both by victor and vanquished being full of felicitations for the sportsmanlike manner in which the games were played and the gameness of the various players. The banquet was in the form of a farewell to the Englishmen and was attended, in addition to the polo players, by men well known to the world of sport.

# The "Paving Determinator's" Verdict.

THE "Paving Determinator" is an ingenious machine that was built by the department of Public Works of Detroit - to subject sample stretches of various street pavements to severe. actual-service tests. It imitates heavy trucks and steel-shod draught horses, reproducing, in faithful detail, every effect of this kind of traffic.

This remarkable machine was recently used to test five varieties of street pavement-covering practically the entire range of present-day road coverings.

A report of the test says:

"When the test had been made under the direction of Mr. McCabe and officials of the department, on eight sections of pavement laid in a circular track, the concrete section, laid under the specifications of the Board of County Road Commissioners of Wayne County, Michigan, showed by far the best resistance to the severe test to which the pavements were put."
