

AUSTRIANS FAIL IN EVERY ATTACK

Make Repeated Attempts to Capture Position of Monte Civaron.

GIANT OFFICER IS SLAIN
Shot By Shrapnel While Leading Grenadiers in Successful Attack.

[Canadian Press.]
ROME, June 29.—The following Italian official war statement was given out here tonight:

"In the Tyrol and Trentino regions, especially along the eastern part of this frontier, the Austrian artillery continues very active. The enemy is repeating attacks tried to capture the position of Monte Civaron, in Val Sugana, but was repulsed.

"In Carnia we effectively bombarded the Austrian places of shelter at Straninger, driving out the troops who were there. We also dispersed groups of troops who were sent out to construct positions for artillery near the lake of Gironondo.

"From this side the enemy bombarded the summit of Zellerbach and afterwards attacked at different times, but unsuccessfully.

"In the region of the Isone River the atmospheric conditions remain unfavorable and have rendered very difficult, in view of the bad state of the ground, some isolated attacks which the Austrian columns directed, perhaps only to try our condition of resistance. The enemy has been repulsed on several positions recently conquered. Night attacks in enemy camps continued to be reported."

KILLED LEADING
MEN TO VICTORY.

MILAN (via Paris), June 28.—The Corriere della Sera prints an account of a charge by an Italian force, a brigade of grenadiers, comprising the tallest men in the army, at the time of the occupation of the Carso heights north-east of Montebelluna. The grenadiers, says the newspaper, approached to within fifty yards of the entrenched enemy, when with the cry of "Savoia" they sprang with fixed bayonets on the Austrians, who broke and fled.

A shower of artillery obliged the grenadiers to change their position to protect themselves. The Austrians evidently believing the Italians had retired, advanced to recapture the lost entrenchment, whereupon the colossal Major Manfredi, taking the colors in hand, cried: "Grenadiers, Remember the Sardinian Brigade never withdrew." The grenadiers, the newspaper adds, flung themselves upon the advancing troops, driving them back, but shrapnel carried away the left leg of Major Manfredi, who shortly afterwards died from loss of blood, his last words being: "Good-bye, my brave boys, long live Italy."

FEELS LIKE A

NEW WOMAN

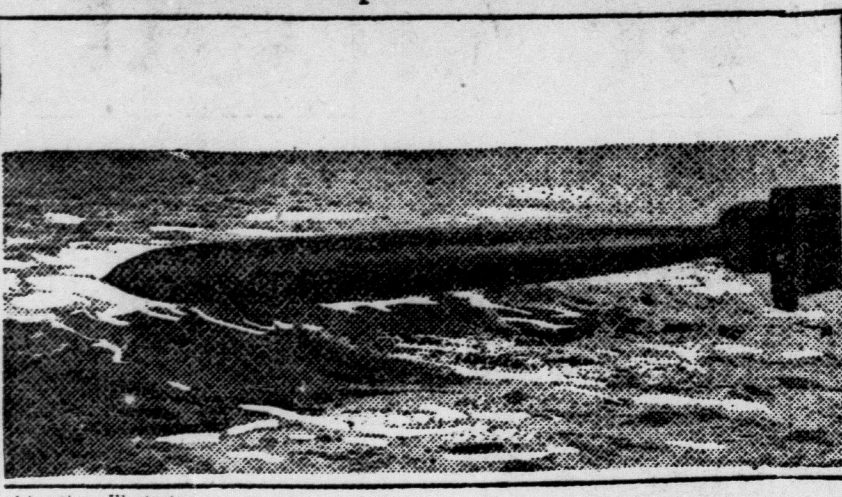

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times, and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness, I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again, and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. Orpha Turner, 451 S. Wayne street, Piqua, Ohio.

Women who are suffering from these distressing ailments to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Company (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

[Special to The Advertiser.]
OTTAWA, June 29.—After three weeks with poisonous gases Col. John A. Currie, M. P., was seriously affected. He is now in the highlands of Scotland recuperating.

A cable received here today states that "the British medical board was alarmed at the effects of the third encounter of the gas fumes on Col. Currie's lungs. After the battles of Ypres, Langemarck and St. Julien he was ill. The medical experts in consultation concluded that Col. Currie's right lung was seriously scorched in the third gas-storm, and he was ordered out of the fighting for two months."

The medical men prescribed two months in a high altitude for Col. Currie before returning to his regiment.

**SHUTDOWN FOR ALL
BUSINESS INTERESTS**
Order in Chicago Will Throw 200,000 Men Out of Work.

[Canadian Press.]
Chicago, June 29.—A general shutdown of all allied building, construction and material interests will go into full effect tomorrow. It was announced today. All plants are to remain closed until a settlement is reached with organized labor in the building industry.

The order to shut down will throw out of employment more than 200,000 men, according to estimates. Several thousand carpenters engaged in hauling material, the building trades craft now at work and the employees of all allied industries will be out of work.

The material industries to close and the number of establishments are: Lumber interests, 70 yards; brick manufacturers, 44 yards; lime kiln companies, 24; sand, stone and gravel interests, 15 establishments; sash, door and blind mills, 43; planing mills, 10; terra cotta companies, 2; elevator operating companies, 3; hardwood floor manufacturers, 5.

The general shutdown is intended to force the 14,000 striking carpenters, who have been on a strike since May 1, to agree to a settlement by arbitration.

The carpenters went out because they were refused an increase of from 65 to 70 cents per hour.

**MONTENEGRINS GAIN
CITY THEY SOUGHT**
Now Have Complete Control of Scutari, Albania—Merely Strategic Move.

[Canadian Press.]
PARIS, June 29.—3 p.m.—Describing the occupation of Scutari, Albania, by Montenegrin troops, the Rome correspondent of the Havas Agency says:

"Muslims, Catholics, members of the orthodox faith, the communal authorities, members of the Government, the police force, the schools and the population, preceded by flags and bands, marched out of the city. At noon came the triumphal entry of the Montenegrins, preceded by an advance guard. Following the advance guard, were priests in the ceremonial robes, carrying the cross and religious standards; then came the main Montenegrin army, led by Gen. Tchoukitch and the Montenegrin Council and bands of regular Albanians followed."

"The Austrian consul lowered the flag and placed the consulate in the care of the Greek consul."

"The general staff of the troops occupying Scutari have taken charge of the administration of the city, declaring that citizens must henceforth consider themselves subjects of Montenegro and be judged according to Montenegrin law and that disturbers of the new regime will be punished by martial law. Gen. Vechovich addressed the foreign consulates announcing that he was taking possession of the city in the name of King Nicholas. Patrols guard the consulates and public buildings."

Scutari was an object of contention between Montenegro and the great powers during the Balkan war. The Montenegrins on April 23, 1912, captured the city after a siege which lasted from the preceding October.

Prior to this the powers had decided to include Scutari in the future state of Albania and had offered compensation to King Nicholas in money and land on condition that he give up Scutari. The Montenegrin King announced that he would hold Scutari against the powers, and as a result the international naval blockade of the Montenegrin coast was extended.

Eventually, on further demand of the powers, King Nicholas decided to evacuate Scutari, which was occupied by an international force on May 1913.

A recent official note issued by the Montenegrin Government explained that strategic and political reasons impeded the Montenegrin descent on Albania, and gave as an additional reason that other powers had already occupied portions of Albania.

**PATRIOTIC EFFORT WILL
BRING PEACE OF WORLD**
Premier Viviani Addresses Senate On Appropriations Bill.

PARIS, June 29.—7:15 p.m.—To put an end as far as possible to the criticism evident in recent sessions of the Chamber of Deputies, Premier Viviani, accompanied by eight members of the cabinet, appeared at the ministerial bench in the Senate today and, taking the floor, spoke on the appropriations bill for the third quarter. This bill, which would appropriate \$12,000,000 to cover Government expenses for the three months beginning July 1, was passed by the Chamber of Deputies last Friday.

M. Viviani, speaking with impressive eloquence, explained that the Government had no desire to take the upper hand of the representatives of the people.

"Parliament has the control; the Government the execution," said the Premier. "That is the essential principle of all democracy. We wish neither the rapid optimism nor bitter disappointment which breaks the springs of justice. We ask merely reasoned and methodical confidence. It required a great spontaneous exertion for this country, devoted to criticism to become tractable. Now it is ready for the front, and patient effort which will be the ransom of the peace of the world."

**BRITISH NAVY HAS

LONDON, June 30.—2:05 a.m.—That the recruiting for the British navy thus far has been in excess of the actual needs came out in Parliament last night when the House of Commons voted a resolution adding 50,000 men to the navy.

Thomas J. MacNamara, financial secretary of the admiralty, explained that the Government already had all the men actually needed at present, but that in asking this vote the admiralty was looking well ahead. He said that so many had been the desire to join the navy that more men had been enrolled than were required by the current estimates.
