DALHOUSIE

Dalhousie, Aug. 12th.—Great interest is being taken in the war question here and the sale of newspapers has increased by 75 per cent. That nearly all the countries of old Europe will soon be at war is a foregone conclusion. It is the general opinion, and the facts are there to prove it that Germany and Germany alone is the cause of probably the greatest war ever known. The ambitious Kaiser expected England to be treacherous towards France, which since sometime has been divided into political factions. England being threatened with civil war, gave the Germans hope that John Bull would overlook the understanding agreed upon between the Empires, France, Russia, etc., Germany would have prevented Austria from declaring war on Serbia. It is Germany therefore who forced France, Russia, England and other countries to declare war.

Patriotism pure and simple has put aside all personal interests and it is consoling to notice the example of all British subjects, English, French, Irish, Scotch, etc., working hand in hand to prevent the enemy from penetrating into our ranks.

It is also consoling to see England and France, these two great rivals of the past, united and giving the best of their blood for the salvation of Europe. The descendants of these two great nations who inhabit Canada and who are its masters, will not fail to draw from the great shedding of blood in common by their two mother countries respectively, a lesson of tolerance and equal justice for both races. In the meantime let us pray the judge of judges to protect our sovereign and his family, to watch over France and England, who are now sacrificing themselves for peace and justice.

God Save The King.
 Vive la France.

SURPRISE MANY IN CAMPBELLTON

The quick action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, the remedy which became famous by curing appendicitis, is surprising Campbellton people. Many have found that this simple remedy drains so much foul matter from the system—that a single dose relieves constipation, sour stomach and gas on the stomach almost immediately. Adler-ika is the most thorough bowel cleanser ever sold.

HAVE PRETTY HAIR

Parisian Sage Makes Thin Lifeless Hair Soft and Abundant

If your hair is losing its natural color, coming out and splitting or lacks that enviable softness, gloss and beauty, do not despair—pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage—all dandruff disappears, falling hair and itching head cease, your hair is doubly beautiful.

Parisian Sage, sold by Thos. Wran and at all drug counters, is just what you need—a large bottle costs but 50 cents. It surely makes the hair lustrous and seems twice as abundant. You cannot be disappointed in Parisian Sage.
