

A. BROWN & CO.

Half-Price Sale of Millinery

Our semi-annual clearing sale of Millinery is now in full swing. This is an event anxiously awaited by the ladies of Watford and vicinity.

Our slogan is "Clear out every dollar's worth of millinery at the close of the season."

Prices cut in two on each and every article in this department will surely achieve that end.

This Column is the property of the East Lambton Conservative Association.

DR. J. B. MARTIN

A PROUD RECORD

The record of the Whitney Government is one of a proud of. It took power at a time when, according to Sir George Ross, the income averaged a million less per annum than the expenditure. It has wiped out the deficit. It has increased the grants to agriculture by \$477,000 a year. It has increased the grants to education by \$1,000,000 a year. It has given \$180,000 more to hospitals and charities a year. It has increased the amount in aid of good roads approximately \$186,840.00 a year. And, although paying the interest upon the loans made in order to carry through the Temiskaming Railway and the Hydro-Electric project, it has given us a surplus of the total amount for the nine years reaching no less than \$1,463,029.

A MILLION MORE FOR EDUCATION

For education, including the grants to the schools, the outlays have been thus increased:— 1904.....\$ 949,808 1910.....1,700,797 1913.....1,968,291 The increased grants for education, exclusive of the University aid, amounted in 1913 to \$1,019,485 more than they were in 1904 under the former government. The larger sum is used in the improvement of the schools and in the securing for the people of a better and more useful education for their children.

MORE FOR AGRICULTURE

For agriculture, including the expenditures upon Colonization roads, the outlays have grown thus:— 1904 Agriculture.....\$436,481 Colonization roads 176,620 Total.....\$613,101 1913 Agriculture.....\$695,391 Colonization roads 406,034 Total.....\$1,101,425

PROMISES

The present Government, on assuming office, was pledged to carry out education

reform with the following objects in view:—

- (a) To secure the efficiency of the public schools, wherein 80 per cent. of the children get all their education. Some years ago about 95 per cent. were in the public schools. Since then the percentage has been reduced owing largely to the growth of the Continuation and High Schools under the present administration.
(b) To break up the school-book monopoly which had exacted high prices for inferior books.
(c) To place the Provincial University on a prosperous basis.
(d) To secure to the teachers higher salaries and better training, and a right to be heard on educational subjects.

HOW KEPT

Every one of these promises has been kept. The courses of study in both the High and the Public Schools have been brought up to date and carefully adapted to the necessities of the different parts of the province. The schools, both High and Public, have been greatly improved in efficiency and in accommodation and equipment. The school-book monopoly has been broken up and better books at much lower prices provided. The Provincial University is prosperous in the highest degree. Teachers are better paid and better trained and are directly represented in an advisory council. Liberal aid to both the primary and secondary schools has re-invigorated the whole school system.

TOTAL SAVINGS OF OVER ONE MILLION DOLLARS

Without including the total savings on the drawing books, which will exceed \$20,000, the savings on public school text books during the term of the present contracts will exceed \$845,500, and the savings on High School books will exceed \$303,000. The total savings on all authorized text-books during the terms of the contracts will exceed \$1,148,500. Deducting from this total the cost to the province in the form of payments to authors, printers and electrotypers, there will remain a net saving of at least \$1,150,000. (Quoted from an official report presented to the Legislature, April 1914).

WIDE APPROVAL OF TEXT-BOOK POLICY

Ontario's school-book policy has attracted wide attention and favorable comment not only in Canada but in the United States and Great Britain. In subject-matter and mechanical production the books rank with the best; in price they are the lowest on the continent. Ontario Readers have been adopted in two provinces. Exclusive of the Readers, twenty of the Ontario text-books have been adopted in one or more of the Canadian provinces and not infrequently at higher prices.

HYDRO-ELECTRIC RADIALS

The Legislature, at its last Session, amended the Act respecting Railways and approved of a standing agreement to be entered into, which forms part of the Act. The district known as the Markham-Uxbridge-Toronto system has been reported upon, and agreements are now being prepared preparatory to being submitted to the different municipalities for a vote at an early date. In addition to this, there are between 150 and 200 resolutions and petitions filed through the Attorney-General with this Commission, asking for service and estimates for Railway purposes covering the whole of the western part of the province, and a considerable portion of the east, respecting which an Order-in-Council has been granted authorizing the Commission to investigate. They will be taken up in due course, and already a number of survey parties are in the field in connection with this matter.

PERFECT HEALTH DUE TO THE BLOOD

No Girl or Woman Need be Constantly Ailing and Unhappy

Nature intended every girl and every woman to be happy, attractive, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins and sunken, lustreless eyes, are in this condition because they have not enough good red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. Nothing can rescue girls and women from the inevitable decline that follows anaemia except a generous supply of new, rich, red blood, and nothing has ever proved so successful in creating red, good blood as Dr. Williams' Pink Pills for Pale People. Thousands and thousands of girls and women owe their good health and charming complexion to the use of this medicine. Here is one example of its power to cure. Mrs. Rose Ralli, Toronto, Ont., says: "For a long time I suffered with anaemia, nervousness and general debility, in fact I was beginning to feel a positive wreck. I tried several medicines and emulsions. For a time I would feel better for taking them and then the effect would wear off, leaving me worse than before. The continued drain on my health altered my appearance, my friends telling me I had a haggard and worn appearance. This naturally did not help

to improve me, as you know no woman likes to be told she looks "worn out." Finally Dr. Williams' Pink Pills were suggested and my husband got me a supply. I used them and found the result good—not only good, but the benefit lasting, and I am now enjoying perfect health, have a good color and have regained my natural buoyancy. I trust my letter of gratitude may be the means of helping others who are suffering as I was."

New health, new strength, new vitality, follow the fair use of Dr. Williams' Pink Pills. You can get them from your medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Waterworth-Smith

A quiet but pretty wedding was solemnized at the rectory, by the Rev. W. M. Shore, Warwick Village, on June 10th, the contracting parties being Annie May, youngest daughter of Joseph Smith, and Cleveland C. Waterworth, of Glencoe. The bride looked charming in a dress of white satin with trimmings of shadow lace. The bridesmaid, Miss Ella Hiscoc, of Glencoe, wore pink silk. Jas. Brush acted as best man. After the ceremony the bride and groom presided at a light lunch served at the home of Mrs. Thos. Brush, Warwick Village, then left on the afternoon train for Blain and other eastern points. The bride's travelling suit was King's blue with hat to match. The large number of beautiful presents testified to the esteem in which the young couple are held by their many friends. After their return they will take up their residence at Glencoe.

Farmers' Co-operative Society Formed

A meeting of farmers was held in Petrolia on Monday with the object of forming a co-operative association. A provisional committee of two from each township was formed to draft the constitution. Mr. G. G. Bramhill was elected secretary, with P. Gardiner as convener. The committee is: Sarnia, F. Miller, J. Gardiner; Moore, J. Leckie, C. Hutchinson; Somers, P. Grant, F. Pettie; Warwick, R. J. McCormick, W. James; Finkskillen, W. Brock, L. McPhedran; Dawn, J. Webster, G. Boyle; Bosanquet, A. Clark, D. White; Euphemia, R. Moorehouse; Brown; Plympton, J. Nichol, G. Smith; Brooke, E. McDonald, J. Spearman.

Chas. E. Perry, of London, the well-known traveller in Western Ontario for the National Drug and Chemical Co., will be laid up for several weeks as the result of making a mis-step and falling while getting off a train at London on Wednesday last week. His left arm was badly sprained, and he sustained other injuries, chiefly to his face.

Free! Free!

To every purchaser of any of the following Rexall Talcum Powders at 25 Cents we will give FREE, while they last, either one Japanese Folding Fan or one Best Quality Face Chamois
