

**Steel Tooth Sulky Horse Rake**

1st Prize, Provincial Fair, London, 1869'

1st Prize, Provincial Fair, Toronto, 1870'

Will do more work, easier, cleaner, and faster than the common rakes. It does not gather dust in any way. Will rake over rougher ground. Is light and strong, well-made and nicely finished. The teeth are fine spring steel, independent of each other, and will yield to pass obstructions without bending or breaking. The best in use. Furnished with or without Plaster Sower attachment or Hay Tedder. For references, &c., send for circulars.

**EPPS'S COCOA.**

GRATEFUL AND COMFORTING.

THE very agreeable character of this preparation has rendered it a general favourite. The Civil Service Gazette remarks:—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills." Made simply with boiling water or milk. Sold only in the lined packets, labelled—
