Indulgenced Drayer

To all the faithful who, with contrite hearts, devoutly make at any time during the year the novena or seven days' devotion in suffrage for the souls in purgatory, with any formula of prayer,

provided it be approved by competent ecclesiastical authority, an indulgence of 500 days. On each day is granted also a pienary indulgence either during the course of the novens or seven days' devotion, or upon one of the eight days immediately following, if truly penlient, having confessed and communicated, they pray for the intention of the Sovereign Pontiff.

HOME CIRCLE eeffere eeffete

MY MOTHER. (From The Christian Advocate.) She gave the best years of her life With joy for me And robbed herself with loving heart, Unstintingly.

For me with willing hands she tolled From day to day. For me she prayed when headstrong youth Would have its way.

Mer gentle arms, my cradio once, Are weary now; And time has set the seal of care Upon her brow.

And, though no other eyes than mine As shining sands, count her days as pearls that fall From His kind hands.

TUEEN OF THE HOLY ROSARY. Queen of the Holy Rosary! Thee as our Queen we greet, And lay our lowly, loving prayers, Like roses, at thy feet; Would that these blossoms of our

YOUNG CATHOLICS SHOULD

Young Man

The inaugural address delivered at the annual conference of the Catholic Truth Society of England by Right Rev. Bishop Hedley, O.S.B., of Newport, was in substance an eloquent appeal to establish a Catholic press with sufficient power and organizative hey have been to school long enough they have been to school long enough and must choose a career—this. says of the secular press, now ubloudious be out of date We have not only our of the underwood is the most convenient. durable and READ, they have been to school long enough and must choose a career—this, says The Chicago New World, is a question which presses upon Catholic of Catholic truth. In the present day, Ilis Lordship said, there was no question nore. Conditions of living and resources constantly improve, parents are better able to defer for their sons the wage-earning period, and higher education being within reach, the selection of a profession toward which the training is to lead becomes a serious anxiety.

Ition to neutralize the evit influence of truth, which can never decay nor be out of date We have not only our creeds, but our Catholic philosophy, our noble and wide theology and clear and strong ethics, another story of our fathers, doctors and saints. There is not and there never can be a day or an hour in the cause of the development of human thought when the selection of a profession toward with for men to seek it out, it came fusion and doubt of a world which which the training is to lead necomes a serious anxiety.

The law and medicine continue to enlist their hundreds of novices. The Boston directory shows 2,000 lawyers and 1,800 physicians in a population of less than 600,000. Who is there of less than 600,000. Who is there press, which, though not always ut- get hold of them with a man's grasp, that does not know some young man certy unscrupulous, could not be said. The work is worth all our energy. To

employed a lawyer apiece. There are might be relatively small, they could opportunities to get into these great make their influence felt and could offices, and work up, but how many? It is surprising that these facts, resolved to promote a rival to

GOOD READING

Passing from the discussion of the supply of good reading, the Bishop dwelt upon another most important

"All of us," said the Bishop, "whether priest or layman are doing an excellent thirg if we try the way the world wags and will whenever we can to teach the young to read. I am not, of course, refer-Not long since, one of the largest ring to what is taught in the eleplano manufacturers of Boston took mentary ritual, but to what has to from the graduating class of the be taught to those who are grown Massachusetts Institute of Technolo- up and are material out of which our gy a young man who had been do Catholic public is being formed To voting himself for four years to the teach a young man or young woman study of chemistry. He paid the to read you must lose no time with chemist \$3,000 a year to experiment them. If they get through a year or with give with glue. His pianos depended for the length of their period of service entirely on the quality of glue that held them together, and in ten years after the day of their issue from the workroom their usefulness and standing in the community was determining in the community was determined i cloth without the effect of being ed by the way they compared with salutary reading. You must begin at

what is true in regard to plane by experience that one way to sweet. The true in regard to plane on toll and to help a man to a quiet,

"But this is a matter in which | the laity also, both men and women, can effectively help and it would certainly be worth their while to do so. In what is called social work white counterpane and give color to The heads of the big organizations probably there is not half enough use who retain an interest in their grow-Vincent de Paul and visiting ladies should have little things ready to attract young persons and to interest the habit of reading would come the demand for reading, and the Catholic from time to time one of those speculative literary productions which would be not only a treasure to ourgreat world, which would in some sense enable us to rival that great There are greater virtues than press of the world, which we on our which on its own part admits and boasts that it is anti-Catholic,

OUR CRANCE "And to keep ourselves in heart we must always remember that the very growth and spread of the modern A CURE FOR FEVER AND press gives us our chance. All the solution use.
