ROSPECTUS FOR 1876 OF THE " WITNESS?"

THE friends of healthy literature have, by perA sovering diligence, placed the Honoreal With
ness in the very first rank of nowspapers. The
rapid growth of trashy reading, and of what is
positively vile, stimulating good people to more
seames; efforts than ever to fill every household
with sound mental food. A cleryyman has lately
secured for the Winess hundreds of subscribers,
and declares his intention to make this one of
this first duties in his present and every future
field of labor, as he holds that by no other means
sould he doso much for the future of a neighborhood as by placing good reading in every
family.

Buccessive attacks upon the Winess during
that has been called "The Ban" of the Roman
Catholic Bishup of Hontea; although not otherwise desirable circumstances, have dore a greatsel to concentrate and intensity the seal of the
leads of Terperance and religious liberty in

favor of the Winess. Indeed, the fact that the last assault has been followed up for six months with the most untiring efforts to break down the paper on the part of the most power ul mond to prosition that could be organized on earth, and has resulted in cutting us off from some, at least, of those Roman Catholic readers whose good will we formerly enjoyed and highly prized, give its perhaps, some claim on the kind offices of those who value free speech and freedom of religious belief. The actual diminution of the circulation of the Daily Effects so of course, comparatively small, amounting to about 500 out of 13,000, or less than four per cent., and does not effect me pecuniarly, as we can will claim a circulation equal in volume to that of all the rest of the daily city press, probably the majority of our old Roman Catholic reading being such still.

The progress of the paper may be gathered approximately from the following figures:

Cir. Bemi-Weckly Ir. Weekly

We have good reasons to be specially desirous to reach the whole country this winter, and have the Winess pre-ented earnestly to the notice of every family. To this end we have determined to depart from the usual course of allowing our publications to commend themselves on their merits alone, and to insgurate on a large scale a competitive effort on the part of all our subscribers to increase the subscription list. This competition will last during the month of October, and will be open to all. The list of prizes will be found below.

tition will test during the month of October, and will be open to all. The list of prizes will be found below.

If this comes to any who are not familiar with the Witness, we may say that for twenty-nine years it has labored for the promotion of evangelical truth, and for the suppression of the liquor traffic. Our effort is to produce a Christian Temperance Newspaper, unantached to any political party or religious denomination, seeking only to witness featlessly for the truth and against evil doing under all circumstances, and to keep its readers abrest with the news and the knowledge of the day. It devotes much space to Social, Agricultural and daultary matters, and is especially the paper for the hone circle. It is freely embellished with engravince.

The IFcekly Witness has been enlarged twice, and nearly doubled within four years, and is the very most that can be given for the price—\$1.10 per annum.

The Montreal Witness (Tri-Weckly), given the news three times a week, and all the reading of the Doily Witness for \$2.00 per annum.

The Daily Witness for \$2.00 per annum.

The Daily Witness for \$2.00 per annum.

All of course, are post-paid by Publishers.
Subscribers remitting much more reading matter than the papers which cost twice as much, for \$3.00 per an.

one to the Sunday School lessons of the Interrational Series, and a children's column. The paper is magnificently illustrated. There has been a very rupid increase in its circ. intenducting the past year, namely, from 16,000 to 25,000, and the ratio of increase rises so rapidly that the proprietors have sanguin hopes of doubling the latter figure before the end of next year. There has been, as a result of this prosperity, so me improvement in the style of the paper, and my will, of course, be por ble to introduce more and more improvements as circulation grows. Moss of the growth of the Messenger has been by the olivitary recommendation of it by friends who have formed there own opinion of its worth, and by the introduction off tinto Sunday schools are correspondents asy that theis Sunday Schools are more interesting and better attended since it has been introduced.

PROSPECTUS FO! 1876 OF THE " NEW DOMINION MONTHLY."

In general style and appearance the Dominion has, during the last few munita, very considerably improved, and it is intended to improve on the present as much as the present is an improvement on the past, and the Magazine of next year will be read with an ease and pleasure greater than hitherto. When we say that these improvements are not to be marked by any change of price, we refer to the full price of \$15 per annum. Hitherto the Dominion has been clubbed with the "Weekly Winness" at \$1,00, which it will be simply impossible to continue now that one fifth has been added to its bulk, a ong with better paper and printing. The Dominion is henceforth to be clubbed with the "Witness" at \$1,25, and is better worth its cost than ever before. Twenty-five ents, instead of fifty will be the discountailowed to friends obtaining for us new subscribers at full rates, the inducements to subscribers being now put into the magazine itself. The object of the publishers of the Dominion is to develop a native Canadian literature, and very much has been accomplished to this way during its history of nine years, the notice of the magazine being that of the Dominion of Canada. Those interested in the same object will not, we think, waste their efforts if they do what they can to make the magazine a pecuniary success, what we presume no magazine in Canada has everyet been for any length of time.
