PRESCRIPTION 1920

IMPROVED HYPOPHOSPHITE MEDICATION.

CONVALESCENCE

In convalescence, after influenza, pneumonia, etc., physicians of experience know the value of what are known as tonics for improving the nerve tone, the oxygen carrying power of the blood, by increasing the iron content, and stimulating the appetite and digestion, so that the whole organism is aroused to throw off the poisonous products of disease and the building up of healthy tissue throughout the body.

Prescription 1920, which contains the hypophosphites combined with strychnine and quinine, will fulfil the requirements at that time.

SPECIAL NOTE.

Prescription 1920 is supplied in the form of a syrup and is also put up without sugar for use in cases where sugar is contra-indicated as in diabetes.

Stocks of both forms of this improved combination of the hypophosphite salts are now in the hands of your local druggist. We solicit your prescription for same.

Prepared in Canada by Davis & Lawrence Co., Mfg. Pharmacists, New York & Montreal.

For Kidney-Bladder-Prostate

Vapo-Cresolene

for Influenza, Whooping Cough,
Spasmodic Croup, Bronchitis,
Broncho-Pneumonia, Asthma

and the bronchial complications incident
to Scarlet Fever and Measles.

Vaporized Cresolene is destructive to Diphtheria bacilli and may be advantageously used in connection with the treatment of this disease.

•Cresolene has twice the germicidal value of carbolic acid and is less toxic. The vapor is harmless to the youngest child. The accompanying vaporizer offers a means of easy and prolonged treatment.

Cresolene's best recommendation is its 40 years of successful use.

Let us send you our descriptive and test booklet which gives liberal sample offer.
