**How Would it do?**

This bad weather requires a remedy. It seems as if the whole responsibility should rest on Vennor and Wiggins, for we had some kind of weather before they appeared upon the scene. How would it do to string them up? Would it make things better? Another hint of importance—don't hang on to your corns as weather indicators. Better string them out root and branch. Putnam's Painless Corn Extractor will do it quickly, painlessly, and with certainty. Don't buy dangerous flesh-eating substitutes. Get Putnam's and no other.

Hooey and bustles will be all the fashion again next spring, and six fashionable women will once more manage to occupy all the room in a street car.

**A New Way to Pay Old Debts.**

Shakespeare tells how this can be accomplished in one of his immortal plays; but debts to nature must be paid on demand unless days of grace be obtained through the use of Dr. Pierce's "Golden Medical Discovery." It is not a "cure-all" but invaluable for sore throat, bronchitis, asthma, catarrh, consumption, and all other diseases of the pulmonary and other organs, caused by scrofula or "bad blood." Scrofulous ulcers, swellings and tumors are cured by its wonderful alterative action. By druggists.

**Cataract—A New Treatment:**

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon Treatment of Cataract. Out of 1,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other so-called cures never record a cure at all. Sir... with the claim now generally believed... he most scientific men that the disease is due to the presence of living parasites in the humor, M. Dixon at once effected his cure to their astonishment; this accomplished the cataract is practically cured, and the permanency is unquestioned, as cured effected by him four years ago he cures still. No one else has ever attempted to cure cataract in this manner, and no other treatment has ever cured cataract. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure the majority of cases being cured at once treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 303 King Street West, Toronto, Canada, and enclose stamp for their treatise on cataract—Montreal News

The Cincinnati Enquirer has come to the conclusion that too much dignity injures a man's character and chances. He should have just enough to keep him level when a lurch of the street car throws a 210 pound woman into his lap.

A friend thinks that the winds must be great mathematicians because they sigh forever.

There is a curious diversity of taste among smokers as to the kind of pipe they prefer. Some like the clay pipe best, others prefer the "bar room", others again the "meers" and some must have their pipe well seasoned before they can enjoy it, others again must have a new pipe and throw it away whenever it becomes a little old. But though this diversity of taste among them is curious it is not at all curious that there is substantial unanimity among them that the "Myrtle Navy" brand of Meers, Tackett & Son is the genuine article.
