SWORN TESTIMONY

THE SUPERIORITY OF THE

WILLIAMS SINGER MACHINE

Proven on oath by responsible witnesses before the Government Commission at Montreal, appointed last April to fix the value of Machines for Customs purposes, appeared the following witnesses:

AKAM, of Chicago; STOOPS, of Philadelphia; BARKER, BELL & ROBINSON, of New York

These gentlemen are well-known experts in the United States—men who have been in the trade from fifteen to thirty years. It was fully proven by the evidence of these gentlemen that the Williams Singer is the best machine—is better finished, costs more to make, and is superior to all other Singer Machines, no matter where or by whom made. Should anyone doubt or deny the truth of the above, we can refer them to the record now in the hands of the Government. THIS EVIDENCE given by parties who have no interest in us or our machines, establishes beyond the possibility of a doubt, the great superiority of the WILLIAMS SINGER.
