

baby growth

The baby's mission is growth. To that little bundle of love, half trick, half dream, every added ounce of flesh means added happiness and comfort! Fat is the signal of perfect health, comfort, good nature, baby beauty.

Scott's Emulsion, with hypophosphites, is the easiest fat-food baby can have, in the easiest form. It supplies just what he cannot get in his ordinary food, and helps him over the weak places to perfect growth.
