

PARAGRAPHIC.

The entrance door of a dwelling has a substantial appearance when a panel of beveled plate glass is inserted. The vestibule door is exceedingly handsome when composed of polished beveled glass of ornamental design. Delicate tints of muffled glass, with cut glass jewels, are frequently used to excellent effect in conjunction with beveled plate for the upper portion of Drawing room and Dining room windows, also for numerous other locations McCausland & Son, King St. West, Toronto, are the principle workers in such specialties.

As sugar is not only sweet in itself, but sweeteneth other things where-with it is mixed, so love is not only in itself delightful, but maketh all the ways of God both light and delightful, light to bear, and delightful to embrace.—Hayward.

Life is a building. It rises slowly, day by day, through the years. Every new lesson we learn lays a block on the edifice which is rising silently within us. Every experience, every touch of another life on ours, every influence that impresses us; every book we read, every conversation we have, every act of our commonest days, adds something to the invisible building.—J. R. Miller.

BURMAN'S PARISH INDEX.

THE INTERESTS OF THE CHURCH would be greatly advanced if her clergy would adopt a simple system of inter-parochial notification when ad-hoc removal from one parish to another, and would also compile a Record of his parish for the use of a future incumbent.

Clergymen and others engaged in parochial work and visitation are familiar with the need of some practical method of recording in convenient and permanent form the names of their parishioners so as to have instant access to details, both as to married persons and families, with particular as to each member of every household. The Index above named, prepared by the Rev. W. A. Burman, of Whitby, admirably supplies these wants. It is for use as a Registry, and consists of sheets, perforated and arranged in a Shannon Index filing case, and printed to facilitate the tabulation of all necessary information regarding the members of each family (a sheet for a family); spaces being assigned on the sheets for recording pastoral visits and facts regarding Ages, Baptisms, Confirmations, Communicants, etc., and other memoranda as may be desirable to note for future use.

A Clipper Code accompanies every Index for the purpose of facilitating the noting of memoranda which would otherwise be too lengthy for entry.

When a family removes to another parish, the respective sheets may be taken off (a duplicate made) and forwarded to the clergyman of the parish to which the family goes. The sheets therefore, answer admirably all the requirements of commendation, and convey all necessary information regarding this family to the incumbent, who will be greatly assisted, while at the same time the Church is safeguarded against loss of members.

When an incumbent removes from the parish, the Index should be left for the use of the new incumbent.

Being on a file of this nature new sheets may be inserted at any time in their proper places, alphabetically, or sheets removed when necessary.

It is also made in pocket form as described below.

BURMAN'S PARISH POCKET INDEX.

This is a book of convenient carrying size having its leaves ruled and printed the same as the Parish Index before described, (for both families and unmarried persons) and having the leaves indexed and paged pages are left at the end of the book for the entry of special parish Events and also for recording Sermons, addresses, etc.

Table with 2 columns: Description and Price. Includes 'PARISH INDEX IN FILING CASE' and 'POCKET INDEX' with prices for single persons and families.
