Ireland! THE LAND WAR

Brady, Secretary of the Ballinamore, County Leitrim, Land League, O'Beirne, and two men named Murray, of Ballinamore, and Galloghly and Kelly, of an adjacent village, were arrested under the Coercion Act.

The Viceroy has issued a proclamation and posted it in the vicinity of New Pallas, declaring that an assembly of persons for the purpose of obstructing the execution of writs is an unlawful assemblage, and warning all persons, at their peril, to refrain from so assembling or they will be dispersed by force.

A soldier, while riding from the Post-office to the barracks in Dublin, was despatched to attack, stabbed and pulled off his horse by a laborer. The latter was eventually secured.

Archbishop Croke has returned to Thurles after delivering a series of speeches on the land question, which, the opposition journals assert, would have led to his arrest if done by any other than a Catholic Bishop.

London, June 2.—It is now stated that no policeman or soldier was dangerously injured in the Clonmel riots, though several were knocked down.

DUBLIN, June 3.—The most imposing military display in the Irish Land war since the Boycott expedition was made to-day in the eviction of three tenants of Col. Haro, County Limerick. A large Military Train consisting of 350 Coldstream Guards, 100 Scots Guards and an Ambulance Corps, headed by Surgeon-Major "Tully and six of the Engineer Corps, arrived at 6 o'clock this morning in New Pallas.

was reached when an order to halt was given. The Engineers, with Col. Hall commanding the troops, and Captain Hatchell, the resident magistrate, went ahead to examine the bridge, it having been reported that it had been destroyed. It was found to be so, and the Engineers thought it could not be repaired without serious delay.

They yelled and shouted. themselves hoarse at the screams and bawling.

iffs. The eviction then began. A few broken-legged chairs, some bedding, some plates, a wash bowl, a table and other household furniture and a well-worn Bible and a few children's copy books were thrown in a heap in the yard, and it was well done, but during the progress of the wreck there were many moments when there was imminent danger of a collision.

AT A SAFE DISTANCE. The people throughout the day, except for their tongues, were perfectly peaceful. There was no doubt, however, that the sub-sheriff and the agent of the estate, and Mr. Goddard of the Emergency Committee were desirous of precipitating a conflict.

to some act of violence. The magistrate angrily ordered them not to do so again and told off a personal escort to accompany them wherever they went. He informed them that if they stirred without it he would not be responsible.

has posted up at Loughrea a notice reading as follows:—Liberate the man in prison for the murder of Dempsey and Connors, as the real offender is at liberty. He is an offender only in the eye of the law.

who call themselves landlords." The statement comes from Cork that men who have been witnesses of the three great agitations during the last 40 years, describe the present one as far more formidable and difficult to grapple with than that of O'Connell or the Fenians.

LIMERICK, June 5.—It is a saddening sight to watch the evictions carried on in this neighborhood with the assistance of Her Majesty's troops. After Kennedy, of New Pallas, and his family and household goods were turned out, and the door barred up and the police had departed, the mother and her six little children were sitting around or walking about the ruins of their once happy home.

A hand with a green flag met the party of soldiers here, but there was not the slightest sign of hostility, except that not one drop of water and a morsel to eat would the inhabitants give the thirsty and hungry troops and police as they passed through the country.

were, however, ringing and signal fires burning. The alarm and the smoke of the fires gathered the people in miles around. As the troops were crossing the river, Canon O'Donnell arrived on the scene and made a speech to the excited people. He urged them vehemently to abstain from giving the soldiers and police an excuse for firing on them.

tain, to the degradation of an appeal to the benevolence of the cowardly British Government, which is incapable of extending to your countrymen the commonest justice."

DUBLIN, June 5.—O'Mahoney, who was arrested to-day, informed the police that if they withdrew he would go on without an escort to Limerick gaol. He walked from Ballydab to Skibbereen, accompanied by 2,000 people, where he took the train to Cork, and proceeded thence to Limerick. The warrant charges him with inciting to murder.

It is claimed the Government is making preparations to suppress all Land League meetings in future. NEW PALLAS, June 5.—In a disturbance at Ballybrophy, to-day, a man was shot dead and others wounded by a bailiff, who, with his three sons, had been arrested.

DUBLIN, June 5.—All troops stationed here will be confined to barracks on Monday. The riot in Cork on Friday night was not of a political character.

LONDON, June 5.—Nobody expects the Government to proceed against Parnell personally, but the Ministers consider the signs in Ireland and England of an approaching crisis far graver than yet known. Parnell's friends say he would readily adopt the policy of a general strike against rent, but fears to provoke a decisive conflict, for which the Home Rulers are not ready.

London, June 5.—The mass meeting in Hyde Park to protest against the Government's policy in regard to Ireland was held to-day. Although there was a steady drizzle of rain during the day a large number of Irishmen and women were present, but the attendance of the general public was limited.

DUBLIN, June 5.—Forster remains in Ireland until after the Whitsunide holidays. At Loughrea, Galway County, on Saturday Donlan, Fahey and Keogh, charged with the murder of Connors, were discharged for lack of evidence, and were re-arrested under the Coercion Act for the same crime.

The Times arraigns the leaders of the Land League and abettors, including Archbishop Croke and Parnell, as having conspired to defy the law. The article severely censures the Archbishop for his recent course in inciting the peasantry to insubordination, and points out that it is not alone landlords who suffer from terrorism, but hundreds of thousands dependent upon them.

DUBLIN, June 6.—Thus far the day has passed here without disturbance, but the state of feeling is extremely critical, and grave trouble is apprehended. The Government continues arrests and evictions.

Farrell, Chairman of the Town Commissioners of Mullingar, County Westmeath, and President of the branch of the Land League, and also, Tuite, the Secretary of the branch, have been arrested under the Coercion Act. A constabulary circular has been issued instructing County Inspectors in regard to the service of writs, with a view of furnishing protection for Sheriff's agents, &c.

London, June 7.—As a precaution to guard London against any sudden movement of the Fenians, the police are receiving instructions in the use of the revolver. Speaking on the Irish Land Bill, at a meeting held in Liverpool, Mr. Shaw Lefevre said that the more the people discussed the Irish Land Bill, the more would they be persuaded that it was just and necessary for Ireland, and that it was in the highest interest of the whole country that it should speedily pass into law.

Warnings.—Lung disease and rheumatism are perhaps the most obstinate maladies with which medical skill does battle. The latter, if less dangerous, is the most inveterate of the two. Both make their approaches gradually and are heralded by symptoms which ought to warn the sufferer of the approach. As soon as a cold or the first rheumatic twinges is felt, they who can be advised for their good will try Dr. Thomas' Eucalypti Oil, which gives a quota to both these complaints, even in advanced stages, but the early use of which inwardly and outwardly is especially to be recommended, as all diseases are most successfully combated in their infancy. Piles, neuralgia, pain, stiffness of the joints, inflammation, hives, tumors, and the various diseases and injuries of the equine race and cattle are among the evils overcome by this leading remedy. Sold by medicine dealers everywhere. Prepared only by NORTON & LYMAN, Toronto, Ont.

COMMERCIAL. WEEKLY REVIEW—WHOLESALE MARKETS.

The business outlook continues satisfactory, and the dull which is generally looked for about this time will without doubt delay its appearance several weeks later than usual. Remittances are remarkably good for the season, and both city and country retailers are in a much better position to secure the discounts generally offered by the wholesale trade on cash and short dated remittances.

DUGS AND CHEMICALS.—As some of the smaller English manufacturers have closed down, owing to the ruinously low prices now ruling on the other side, the market here has a staid character. There is a fair business passing. The following are revised quotations for round lots ex-store:—Bi-carb soda, \$3.10 to 3.25; soda ash, \$1.55 to 1.70; bicarbonate of potash, 15c to 16c; borax, 15c to 17c; cream tartar crystals, 31c to 32c; ditto ground, 33c to 35c; caustic soda, \$2.50 to 2.75; sugar of lead, 13c to 14c; bleaching powder, \$1.40 to \$1.60; alum, \$1.75 to 1.85; copperas, 100 lbs, 90c to \$1; flour, imperial \$2.35 to 2.50; epsom salts, \$1.30 to 1.50; anhyd. soda, \$1.05 to \$1.15; saltpetre, per bag, \$5.50 to 6; sulphate of copper, 51c to 7c; white vitriol, 55c to 60c; opium, about \$7.50; quinine, \$3.75; morphia, \$3.40 to 3.50; castor oil, 10c; shellac, 42c to 45c.

LEATHER.—The market has ruled moderately active, with a good enquiry for Spanish and slaughter sole, which have been placed in good sized lots. One firm exported 8,000 sides of sole leather to England last week. Hemlock Spanish sole, No. 1, B, A, 25c to 27c; ordinary, 24c to 25c; No. 2, B, A, 23c to 24c; No. 2, ordinary, 22c to 23c. Buffalo sole, No. 1, 21c to 23c; No. 2, 19c to 21c; hemlock slaughter, No. 1, 27c to 29c; waxed upper, light and medium, 30c to 40c; splits, large, 25c to 30c; small, 20c to 25c; calfskins (large to 35 lbs), 60c to 80c; do (18 to 25 lbs), 50c to 70c. Horsec, 25c to 30c; buff, 14c to 16c; pebble, 12c to 15c; rough, 20c to 28c.

IRON AND HARDWARE.—General hardware is quieter as far as new orders are concerned, but activity still reigns in the packing houses. Tin plates are dull and weak, but bar iron is in demand at \$1.75 to \$1.80. Lead is dearer, and we quote pig iron at \$4.50 to \$4.75. The market for pig iron is again depressed by unfavorable reports from American and European markets, and production must be lessened, or present stocks considerably reduced, before a real improvement can be hoped for.

Wool.—The market is quiet and unchanged. Cape, 18c to 19c; Greasy Australian, 28c to 31c; Canada pulled, A super, 34c to 35c; B super, 32c to 33c; and unsorted, 30c. Hides are unsettled at \$7 to \$9 and \$9.50 for Nos. 1, 2 and 3. Lambskins, 30c to 35c; calfskins, 12c. Petroleum is dull at 21c in car lots. Broken tins are quoted at 22c to 22 1/2c, and single bbl. lots at 23c to 24c.

Flour, per bbl, Superior extra, \$5.45 to \$5.50; extra superfine, \$5.25 to \$5.30; fancy, \$5.25 to \$5.30; spring extra, \$5.25 to \$5.35; superfine, \$4.90 to \$5.00; strong bakings, \$5.50 to 6.15; fine, \$4.40 to 4.50; middlings, \$4.10 to \$4.15; pollards, \$3.70 to \$3.80; Ontario bags, \$2.57 1/2 to \$2.65; City bags (delivered) \$3.07 1/2 to \$3.10.

Young Hyeon, first, 48c to 55c; seconds, 38c to 45c; thirds, 30c to 35c; fourths, 26c to 29c. Gunpowder, low grades, 55c to 40c; good to fine, 55c to 60c; finest, 65c to 70c. Congou, fine to finest, 60c to 65c; lower grades, from 25c. Souchong, common to choice, 28c to 70c. Sugars have further appreciated in consequence of strong foreign advances. In the United States the market is very excited, but business is limited by the paucity of stocks. Granulated in New York is up to 11c. In this city granulated cannot be purchased from wholesalers under 10c.

The refiners' price here is \$10.75 per 100, less 2 1/2 per cent discount. Yellow and raw sugars are all excited and higher. Molasses: Primer, Barbadoes, 50c to 55c; Porto Rico, 45c to 54c. Bright syrup, 70c to 72c; medium, 65c to 68c. Spices firm, and in moderate enquiry. Cloves, 40c to 50c. Black pepper, 13c to 16c; white, 16c to 17c. Fruits are steady. PILGRIM AGE. The pilgrimage to St. Ann's of Varese, under the auspices of St. Bridget's Rosary and General Convent, took place recently. It was marked with a full success. About 480 pilgrims on board the steamer Three Rivers left Montreal at 8 a.m. They were accompanied by the Rev. Fathers James and Simon Loneragan, James Callaghan, T. N. Lemoine, Bonin and Apalme, curate of St. Vincent de Paul. Arriving safely at the Holy Sacrifice of the Mass was offered by Father James Loneragan, during which the choir of "Bridget's" under the clever direction of Miss K. J., gave remarkable good music. We warmly congratulate them about 250 pilgrims received Holy Communion at Varese.

Dinner and refreshments were served on board the boat, and the Holy one voice to credit the ladies and gentlemen who volunteered their services for the neatness and good order which presided over all arrangements.

In the afternoon, the Rev. Father in procession paid their visit to the Shrine of St. Ann's, after which, returning to the Parish Church, Father James Callaghan preached the sermon, taking for text of his discourse, "We have not here a lasting city, but we seek one that is to come." Ep. to the Hebrews, xii. 14.

The preacher remarked that men on earth were the pilgrims of this world, and that the desirable things of this world could not make it a home for us. Consequently pilgrimages were in accordance with our condition, and the Church had consecrated these pilgrimages to the Holy Land, to the tombs of the Apostles Peter and Paul, and to St. James of Compostella. What then was a Catholic pilgrimage? and the answer was, that it was a journey, the object thereof if performed in a spirit of faith; benefit to the body to the mind and to the heart. Such was the subject dealt with in a most eloquent manner.

And the pilgrims after venerating the precious relics and laying their demands in the hands of St. Ann's, returned highly pleased and better in the eyes of God, after this solemn act of religion.

Stop That Cough Or it will terminate in that dreadful disease, consumption. We are aware that a prejudice exists among many persons against medicines which profess to cure a cough or cold when bordering on consumption, or even when the lungs are affected, but we can assure our readers that WISMAN'S BALSAM OR WILD CHERRY will do all this; and in making this assertion we speak from experience, having suffered for months without any relief, after using many remedies without any effect, threatened to terminate seriously. We were, however, fortunate as to secure several bottles of WISMAN'S BALSAM OR WILD CHERRY, and are now entirely free of the cough, and restored to our former health. To those suffering in a like manner we recommend this excellent preparation.

JOHN G. WESTFALL, editor of the Chronicle, 51, Boulevard, Paris, France. 50 cents and \$1 a bottle; large bottles much the cheaper. Sold by druggists generally.

Hacking coughs lacerate the lungs, beget consumption; consumption fills cemeteries. It lipped in the bud with THOMAS' EUCALYPTI OIL, the destructive malarial is deprived of its power. Pain is also subdued by this benign healing agent—sores, frost bites, burns and other troubles.

TEN YEARS AGO. TEN YEARS AGO. TEN YEARS AGO.

When commencing business in Montreal 10 years ago, it was stated in one of our first advertisements that whatever our Montreal customers bore sold goods at, we would sell the same or better goods at a lower price, and we would sink or swim in carrying that out. Our reason for making (what was considered by our wholesale friends) such a rash statement was that the Montreal market had been thoroughly criticized and found faulty and weak that the advertiser was convinced that he could get a handsome profit out of less profit than his competitors required to pay their expenses.
