

PERFECTLY TAMPED CONCRETE.

An expert says that concrete is perfectly tamped when the stroke of the tamper produces the same result as putting a quiver on the surface of a mold of

jelly just released from the tumbler; that is, when it quivers so as to indicate a semi-liquid condition. When too much water is present such a consistency can not be obtained.

Offices Throughout the Civilized World.

Executive Offices:

Nos. 346 and 348 Broadway, New York City, U.S.A.

THE BRADSTREET COMPANY gathers information that reflects the financial condition and the controlling circumstances of every seeker of mercantile credit. Its business may be defined as of the merchants, of the merchants for the merchants. In procuring, verifying and promulgating information, no effort is spared, and no reasonable expense considered too great, that the results may justify its claim as an authority on all matters affecting commercial affairs and mercantile credit. Its offices and connections have been steadily extended, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished, and are available only by reputable wholesale, jobbing and manufacturing concerns, and by responsible and worthy financial, judiciary and business corporations. Specific terms may be obtained by addressing the company or any of its offices. Correspondence invited.
