

ARTICLE IV

- (1) Nuclear material, material, equipment and technology specified in Annex A shall be subject to this Agreement unless otherwise agreed by the Parties.
- (2) Items other than those covered by paragraph (1) of this Article shall be subject to this Agreement when the Parties have so agreed in writing.
- (3) The appropriate governmental authority of the shipping Party shall, prior to any transfer of nuclear material, material, equipment or technology covered by paragraphs (1) and (2) of this Article, notify in writing the appropriate governmental authority of the recipient Party.
- (4) The appropriate governmental authorities shall establish notification and other administrative procedures in order to implement this and other provisions of this Article.

ARTICLE V

Prior to the transfer of any nuclear material, material, equipment or technology subject to this Agreement beyond the territory of the Party to this Agreement to a third party, the written consent of the other Party shall be obtained. An agreement to facilitate the implementation of this provision may be established by the Parties.

ARTICLE VI

Prior to the enrichment of any nuclear material subject to this Agreement to twenty (20) percent or more in the isotope U 235 or to the reprocessing of any nuclear material subject to this Agreement, written consent of both Parties shall be obtained. Such consent shall describe the conditions under which the resultant plutonium or uranium enriched to twenty (20) percent or more may be stored and used. An agreement to facilitate the implementation of this provision may be established by the Parties.
