

August 29, 1927.

Lieutenant-General Sir William Furse,
Director, Imperial Institute,
London, S.W.7.

Dear Sir William Furse:-

Your letter of the 11th instant addressed to the Vice-Chancellor has been duly received and will be referred to him immediately upon his return. Meantime may I venture to ask that you forward us three additional copies of the printed note of subjects for research.

I trust that your trip through Canada is proving to be a pleasant one.

Yours sincerely,

Wilfrid Bovey.
