Labor Congress Speakers Denounce One Big Union

# CANADA'S NATIONAL

Commons May Make It Second Monday in November.

Special to The Toronto World. Ottawa, Sept. 22.—The house of Ottawa, Sept. 22.—The house of commons practically decided tonight to hereafter celebrate Armistice Day as Canada's day of national thanksgiving. The bill, as reported from committee, fixes November 11th as Thanksgiving Day. But upon third reading the bill may be amended so as to have the holiday each year fall on the second Monday of November.

In the discussion tonight the supporters of the government generally favored the fixed date, while opposition members argued that the holiday should always fall on a Monday for reasons of social and business convenience.

All Holidays on Monday.

Mr. W. F. Maclean (South York) went further and suggested a general standardization of holidays so they would all fall on a Monday, and glimpsed the new calendar which may be evolved by the common consent of the nations. He said if the league of hations meant anything it would arrange for a reformed calendar so that months would all begin on the same day and each have the same number of days. Such a change would greatly facilitate the business convenience of the world. No matter what the house did tonight Mr. Maclean believed that the time would soon arrive when all holidays would fall on the same day of the week.

Took No Advantage.

Mr. Murphy: "I wish to deny that any advantage was taken of Mr. Rowell of e.ther thru his absence or illness. I merely wish to say that the honorable gentleman was in his seat the next day and did not rise to a question of privilege, but gave out an interview to the press."

Sir William Hearst issued a lengthy statement last night, in the course of which he referred to the various events of his career and the doings of the administration. He expressed pride in Ontario's war record, and said that honorable gentleman was in his seat the next day and did not rise to a question of privilege, but gave out an interview to the press."

### MAKE ARMISTICE DAY ONTARIO ELECTIONS SET FOR SAME DAY AS VOTE ON LIQUOR

Joint Day Decided Upon to Elicit Largest Possible Vote on Both Questions, With Least Disturbance to Bus-

Sir William Hearst announced last night that the Ontario provincial elections will be held on October 20, the same day as the referendum on pro-hibition, making the following state-

ment:

"The legislative assembly has been dissolved, and a general election will take place on Monday, the twentieth day of October, the day fixed for the referendum on the Ontario temperance act. Nominations will take place one week earlier. We have adopted this course in order to elicit the largest possible vote on both issues; to avoid unnecessary expenditure and disturbance of business; and to enable the people to exercise their constitutional rights and powers at the earliest possible opportunity.

"In the ordinary course of events dissolution would have taken place more than a year ago, but in deference to the universal desire to avoid a war time election, the life of the legislature was extended until after the conclusion of page.

Mr. Murphy also referred to Mr. the premier said, "the Ontario temperature for 18 months."

#### A Permanent Organization For the Unionist Party

Ottawa, Sept. 23.—Altho the Unionist caucus this morning did not deal with the proposed formation of a Unionist party, it is said by near friends of the government that plans for such organization have been completed and will soon be ratified by the supporters of the government in parliament. The new party will be under the leadership of Sir Robert Borden and it is confidently expected that Hon. N. W. Rowell will be his first lieutenant. The details are not all worked out, but it is understood that they are receiving careful consideration from a committee of cabinet ministers which includes Hon. Arthur Meighen, Hon. J. A. Calder and Hon. Mr. Rowell. There has been talk of something like a feud between Mr. Meighen and Mr. Rowell and it was the occasion of gossip today that strong government papers like The Montreal Gazette and The Ottawa Journal contained veiled attacks upon the latter. The Gazette went so far as to say that Mr. Rowell must lay his cards on the table and definitely announce whether he is a Liberal or a Unionist.
