

# CUBA---THE LAND OF SUNSHINE.

## CANADA-CUBA LAND AND FRUIT COMPANY, LIMITED.

**\$25**  
PER ACRE.

Last Chance at \$25 Per Acre—On and After August 15 the Price of All This Company's Land Will be Increased to \$40 AN ACRE

**\$25**  
PER ACRE.

### TO THE CAPITALIST.

Absolute security. Land that will in two years be worth five times the present price, which certainly will increase the value of stock proportionately.

### TO THE MERCHANT.

If your business or health fails a plantation will give you a handsome return. No laborious work in a climate of perpetual June.

### TO THE WORKINGMAN.

An easy way of procuring a home. A future that cannot be obtained elsewhere. Don't fail to write or call. Every information freely given.

The heat in Cuba is never so oppressive as it has been the past week in Toronto.

Visitors to the Exhibition should call and see us, when all information will be cheerfully given and literature supplied.

### A HOME IN CUBA.

AN OPPORTUNITY like this comes but once in a lifetime. Anyone can have a home in Cuba under our most liberal colonization plan. The way is now open to you. It only remains for you to grasp the opportunity now offered.

Bear in mind, too, that the western farmer who raises twenty bushels of wheat to the acre and gets 75 cents per bushel for it, thinks he is getting rich, while in Cuba \$250 to \$500 per acre can be made with far less effort and uncertainty.

TEN ACRES of good fertile land in Cuba, properly planted in early winter vegetables in the autumn, and properly cared for, with careful methods employed in harvesting and marketing the crop, will yield a net return by spring of from \$600 to \$800 per acre, or \$6000 to \$8000 for the season's work, exclusive of cost of cultivation.

THE CROP from such a tract is marketable in December and January, from thirty to sixty days before the Florida growers have begun to ship, and at a time when the northern markets are practically bare of competing products.

Upwards of 200 people intend to leave for our property during September to make their home amongst numbers, who are already on their Plantations and give most encouraging reports. It is necessary to purchase now to have your Plantation ready for this winter's crop.

This Company will undertake to have your plantation cleared, plowed and planted at the mere cost of trees and labor, thus ensuring you a permanent home for the future. No investment is more profitable or so sure as an orange plantation. Trees bear for over one hundred years. Good returns can be made by growing all kinds of vegetables and small fruits (between the rows of orange and other trees), which can be shipped to Havana, New York and Canada during winter months, when everything commands the highest prices.

Bear in mind all citrus fruit land must be a light sandy loam soil. This is the experience of all citrus fruit growers. So many inexperienced judge the light soil of Cuba falsely. We undertake to locate for all our purchasers and will get them expert reports on their location and give them the privilege of exchanging the same into any part of our property so set apart and not already sold. We give you every acre free from swamp or rock. Any low lands are not charged for. You can't get any better or fairer contract than this.

THE BEST OF PRACTICAL ORANGE AND OTHER FRUIT GROWERS, WHO HAVE PURCHASED FROM OUR COMPANY, SELECT THE LIGHTEST OF OUR LANDS AND CLAIM THEM TO BE THE FINEST LAND TO BE FOUND IN CUBA FOR ALL CITRUS FRUITS.

**GEO. F. DAVIS, MANAGING DIRECTOR**

**Head Office: 24 King St. West, Toronto.**

## ODDFELLOWS' CONVENTION

Biggest in Toronto's History From All Reports—Delegates From All Over the Continent.

Preparations for the monster gathering of Oddfellows, which is to take place in Toronto on the occasion of the sovereign grand lodge meeting during the week from Sept. 17 to 22, continue unabated among the city members of this great fraternity. From reports that are being received daily by Ald. Joseph Oliver, chairman, and John A. Macdonald, secretary of the general committee, it is assured that this year's demonstration of the strength of the order will be the greatest ever known in Canada. From all parts of the Dominion and the United States large numbers of delegates are coming to the Queen City, while many foreign jurisdictions will be represented.

Col. W. S. Johnston, grand master of Ontario, and department commander of the Patriarchs Militant, has issued an order for a general mobilization of all Ontario cantons of Patriarchs Militant, and also a request that all subordinate lodges shall be present and take part in the parade. Gen. M. A. Raney, commander of the Army of Patriarchs Militant, has also issued a general order to the same effect, and a very large muster is expected.

Many special trains have been arranged for

by the brethren of Pittsburgh, Philadelphia, Washington, Baltimore, Boston, Detroit, Indianapolis, Cleveland, Chicago and other points, and our American cousins who have not heretofore set their feet on Canadian soil are coming in droves to see the "Land of Promise" and greet their brethren on this side of the line.

Toronto will open wide her gates to receive them, and, judging by the complete program that has been prepared by the committee for their entertainment, there will be "something doing" every minute of the week.

A Gorgeous Parade Promised. The grand parade on Wednesday afternoon will be a gorgeously spectacular. It is expected there will be over 3000 uniformed men in line, besides from 10,000 to 20,000 other members of the order. The lodges all over Ontario are organizing excursion parties to come to Toronto on Sept. 18 and 19 to see this great spectacle, and about forty bands will be in line. Very liberal prizes are being offered for the drill contests and drill competitions.

List of Prizes. For Patriarchs Militant—Class A—Minimum canton, twenty-four chevrons and three officers: First, cash prize for best drilled canton, \$750; second, cash prize for next best drilled canton, \$350.

Class B—Minimum canton, eighteen chevrons and three officers: First, cash prize for best drilled canton, \$300; second, cash prize for next best drilled canton, \$150.

For Stokes gold medal—Ontario cantons only are to compete for the medal. Militant degree (for exemplification of the degree)—First, cash prize of \$200; second, cash prize of \$100.

The Parade Prizes. (Open to all excepting Toronto City) Cantons—For Class A—Twenty-four chevrons and three officers: First, cash prize for best drilled canton, \$750; second, cash prize of \$350.

## FREE UNTIL CURED

No man need be weak, no man need suffer from the loss of that virility which makes life worth living. He can make his manhood, his vitality, his strength, his confidence, his power both in business and society; free from spells of dependency, nervousness, lassitude and brain wanderings. I have a certain cure for Nervous Debility, Varicocele, Rheumatism, Lane Back, Stomach, Liver and Kidney Complaints, in my world-famed Dr. Sanden Electric Belt with Electric Suspension, and I will give it absolutely free until a cure is effected. How can I do this? For two reasons. I have the certain knowledge that my Belt will cure, and I have confidence enough in mankind to wait for the money until I prove it. This is what every doctor should do, but I am the only one who has a remedy that will stand such a crucial test. For 40 years I have been curing thousands every year, and have made a tremendous success doing business on this basis. NOT ONE PENNY IN ADVANCE OR ON DEPOSIT, and if it fails it costs you nothing whatever. All I ask is that you pay me the usual price of the Belt when cured—in some cases not over \$5.00. I will leave you to be the judge, and will take your word for results, or for cash I give full wholesale discount. Forty years' continuous success has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it. Call or send for one to-day, also my two illustrated books giving full information free, sealed by mail.

## RATES TOO HIGH.

Toronto Firm Succeeds in Complaint Against Railways.

Ottawa, Aug. 10.—The railway commission has ordered the C.P.R. and G.T.R. to reduce their tolls for eastbound traffic from Toronto to Montreal to those charged for similar westbound traffic between the same points. The tolls to Ottawa and intermediate points are not to exceed those to Montreal. The reduction comes into force on Sept. 10. The complaint was made by Stantec, Limited, wall-paper manufacturers, of Toronto.

Needle Cut From Back. Brockville, Aug. 10.—Clarence Covell, a St. Lawrence State Hospital employee, was not an over-zealous at the City Hospital, in which a large-sized sewing needle was removed from his back.

To bed, Mr. Covell sat down upon the bed in the mattress. Alas, it pained him for a few minutes, but he was not aware that the needle had entered the body. It worked itself up in his back and recently made its presence felt near the spine.

Won't Pay Fire Losses. New York, Aug. 10.—Attachments were levied yesterday on property of the Transatlantic Fire Insurance Company of Hamburg. This action, taken by attorneys retained by the San Francisco policyholders, was due to the refusal of the company to pay claims on fire losses at San Francisco on the ground that the destruction by fire was an act of Providence, excepted in its form of policy.

Insane Man Suicides. Salem, Mass., Aug. 10.—John Kibbey, a patient at the Salem Hospital for Contagious Diseases, became suddenly insane, jumped from a third storey window to the sidewalk below and was instantly killed.

## READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient of the Golden Medical Discovery of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of liver, constipation, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever nature, or of whatever origin. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections of the stomach, liver, bowels, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colic and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry Bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Benning Med. College, Chicago; Prof. John M. D. of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such mail as a wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisons, no harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead of alcohol. It is unobtainable and besides is a most valuable ingredient in the cure of all stomach and bowels diseases, and of all lung affections. There is the highest medical authority for its use in all such cases. Medicated extracts of native medicinal roots and herbs, and of the finest medicinal oils, are included in its composition. French Warships at Quebec. It was the first band concert ever held on this part of the island.
