# ITCHING, BURNING, STINGING ECZEMA

Symptoms of Eczema

The two features of Eczema which make it the despair of the doctors are the intense itching and the difficulty of healing the sores.

Because Dr. Chase's Ointment positively controls these two symptoms, it not only brings relief after the first few applications but thoroughly cures the disease and leaves the skin in a smooth, natural and healthful condition.

The stages of Eczema are marked by redness and irritation of the skin, heat and inflammation, swelling, discharge of watery matter and the formation of a yellow or brown crust.

And while there are many varieties of Eczema the one constant and ever present symptom is intense, annoying and, at times, torturing and unbearable itching, giving rise to a desire to scratch or even tear the skin.

Mrs. Ann McDonald, Kingsville, Ont., ailed them and could give no relief, so I states: "For about three years I was a began using Dr. Chase's Ointment great sufferer from eczema. At times "Wherever it was applied it did its the patches of raw, flaming flesh would extend from my waist to my neck and from the knees to the ankles. The intense itching almost drove me crazy, and think if it had lasted much longer I though I tried all the local physicians, would have gone crazy from the anxiety they could not even relieve the suffering The flesh would crack open and I don't believe anyone ever suffered more than for the good it has done my children, I did. I was fold of Dr. Chase's Ointment, but did not believe that it could Mrs. Lois McKay, Tiverton, Digby Co., help me. After the fifth application of N.S. this preparation I began to feel the benefit of its soothing, healing effects and now attribute a cure to the persistent use of this wonderful remedy. It is truly worth its weight in gold and I never tire of recommending it to other sufferers."

Varicose Ulcers

Miss Elizabeth Campbell, 20 Sheridan avenue, Toronto, Ont., writes: "About eight years ago I hurt my leg near the ankle on a rocking chair. This caused great swelling and was followed by what the doctors called varicose ulcers. After about three months' treatment in the General Hospital I was sent away as cured, but the trouble came back again. Then I tried Grace Hospital with the same result, and after that used all sorts of treatment with no lasting benefit. For a long time I could not get about the house and could only stand by resting my knee on a chair.

"After suffering for years I read one from her toes to her knees. Special Directions

While much washing is to be avoided it is absolutely necessary to keep the affected parts clean. This should be accomplished by the use of tepid water and Packer's Tar Soap, and careful drying (not rubbing) with a soft towel.

Dr. Chase's Ointment should be used twice each day, and, when found advisable, may be spread on a thin piece of linen or cotton and applied to the sore so as to prevent irritation from the clothing. In cases where the itching is very bad it may be necessary to use the ointment more frequently on account of the relief which it affords.

In some cases the ointment may seem a little severe at first, but this action is necessary in order to thoroughly cleanse the sore and prepare the way for a complete cure.

Is composed of certain healing and soothing ingredients which are to be found in no other ointment on the market to-day. The extraordinary cures of eczema, salt rheum, psoriasis and other skin diseases which it has brought about are due to curative properties which imitators have been unable to reproduce, and which have made Dr. Chase's Ointment the standard ointment the world over. Without mentioning the scores of ways in which Dr. Chase's Ointment is

useful in every home, we sum them all up by saying that wherever there is itching, irritation or inflammation of the skin or a sore that refuses to heal Dr. Chase's Ointment may be used with positive assurance that better treatment cannot possibly be obtained. Dr. Chase's Ointment is for sale by all dealers at 60 cents a box or will be sent post paid, on receipt of price, by Edmanson, Bates & Co., Toronto. Sole proprietors of the Dr. A. W. ## Strength--- Free to Men

How to Regain It Without Cost Until Cured.

Strength of body-strength of mind! Who would not possess it if they could? it is nature's greatest gift-our most valuable possession. Without this it is nature's greatest gift—our most valuable possession. Without this strength life is a failure, with it everything is possible. Almost every man was made strong, but few have been taught bow to preserve this strength. Many, through ignorance, have wasted it recklessly or used it up excessively, leaving the body exhausted, the nerves shaky, the eyes dull and the mind slow to act. There are thousthe nerves snaky, the eyes dull and the mind slow to act. There are thousands of these weak, puny, broken-down men dragging on from day to day who might be as strong and vigorous as ever they were if they would only turn to the right source. Electricity cures these weaknesses. It gives you back the very element you have lost. It puts new life into the veins and renews the vigor of youth. For 40 years I have been curing men, and so cer-
