The Humor of It.

Toronto has in the past seemingly taken a huge delight in being solidly against the government. A small boy doesn't mind getting "licked" in a fight if he can glory in a pair of black eyes. And the blacker they are the greater the glory-to his way of thinking. There is a good deal of small boy about this "agin-the-government" idea. Just imagine a cabinet meeting at Ottawa. Around the table-are the twelve or more men who control the destinies of Canada, and Toronto --- the second city in the Dominion-hasn't a man there, hasn't even a man who is a friend of a man there.

The signs show that North Toronto sees this thing in the right light. A vote for Shaw, puts you in the class who can laugh at others instead of having the laugh on you. A vote for Shaw gives you a victory to crow over-not a black eye.

Gov. Warner has sent Assistant Quartermaster-General Rogers into the burning district to investigate conditions and report to the chief executive. State troops at Cheybogan, Alpena, Bay City and Sault Ste. Marie have been ordered to hold themselves ready

to answer a call to help in the battle against the flames or in relief work. FIRE DRIVES OUT BEARS IN DROVE

BAY CITY, Mich., Oct. 18.-(C.A.P.) -Bears, driven from their winter quarters by forest fires, are appearing in great numbers in the fire-affected areas north of here, and their number upsets the idea that the bear was nearly extinct. In Mills Township, Midland County, less than 50 miles from Bay City, R. D. Gotham and Henry Hoff, while walking along the road bordering their farms, ran into a drove of 12 bears. They killed three, the others fleeing. A posse of farmers has surrounded the swamp in which they took refuge, intent on getting

their hides. It is reported the bears have attacked stock in several townships.

Through all the ges ale has been used. The unconquerable Briton, the hardy, sturdy Anglo-Saxon and Dane — they all recognized its worth -the "wine of barley" was their favorite beverage.

To-day the same can be said. Alethat is, pure ale — is the favorite beverage of the masses as well as the elasses. It is wheresome, pleasing to the taste and, when brewed in the good old-fashioned way, as "East Kent" ale is brewed, it is "foaming deliciousness."

For three genera-tions the Holliday f a m i l y have been brewing "East Kent" ale in the quaint, little brewery, which is one of the best known landmarks in Guelph. They brew it as it should be brewed-as it was brewed in "the good old days." They use water which flows icy cold from a deep, clear spring; they use the very choicest of malt and hops, and they bring to bear years of experience, with the result that " East Kent" ale is pronounced by those who are competent to judge to be the perfect ale - the Bass' ale of Canada.

In Toronto "East Kent" is bottled by T. H. George, 709 Y o n g e Street, and every household into which it has once been introduced invariably welcome it as an old friend.

charge which could fairly be brought against the government was that they had been too lenient, as they were regarding the Conservatives when they came into power in 1896. He condemned the campaign waged by the Conservatives as "petty, picayune politics." If a charge were brought against a member of the government he could understand it, but the charges were brought against subordinates only 'We appeal to the people," said Wilfrid, "because we have brought to the people an era of prosperity and have made of Canada a self-governing, autonomous nation within the Bri-tish Empire."

Liberal candidate there. He poked fun at the disappearance to their homes of the provincial Conservative leaders who had early in the campaign toured the country with Mr. Borden. Mr. Murphy remarked that even if Merwin had got 50 cents too much there was the greater trade to show on the other side of the ledger. He scouted the criticism of expense leveled by the Conservatives when there was a splen-
