## MANY PROMINENT GUESTS

Amount of Issue May Be Seventy- Premier Hearst Bade Battalion Good-by on Eve of Departure for Front.

Premier Hearst, who has two sons in the battalion, joined with the Lieutenant-Governor Sir John Hendrie, in budding godspeed to Lieut.-Col. R. C. Windeyer, O.C., and the other officers of the 74th Battalion, who expect to go overseas shortly, at a farewell banquet glven by the mayor and city council in the Carls-Rite Hotel last night. Prominent among the guests present were officers of the 74th's twin battalion, the 75th, which expects to follow them to Europe shortly. The mayor introduced the lieutenant-governor, who, after saying that since he and the premier had been together in the Queen's Own, the militia had changed greatly, and for the better, added that it was not for lack of men that more men were not in France. "We were unprepared." he said. It would take a couple of years yet to end the war.

He congratulated Col. Windeyer on getting away so soon. He expressed the hope that the battalion would go to France as a whole under his command. They would maintain in action the reputation they had made in preparation here.

Ti is expected that the issue, the total amount of which has not yet finally been determined upon, will be divided into equal maturities running for five, ten, and fifteen years."

For Internal Uses.

It was believed in financial circles that the proceeds of the loan would be employed by the Dominion Government of internal uses in accordance with the announcement recently made in parliament by the Canadian minister of finance that between \$50,000,000 and \$75,000,000 was needed this year to meet such needs. It was pointed out that there are \$25,000,000

#### CANADA COMPANY'S EMPLOYES STILL OUT

Members of Engineers' Body Acting as Pickets at Works.

According to a statement of G. F. Doolan, representative of the Amalgamated Society of Engineers, Earlscourt branch, no settlement has yet been arrived at regarding the Canada Foundry Co.'s machine shops and tool room employes, who are still locked out. A joint committee of the A.S.E. and International Association of Machinists are picketing the works. At a meeting of the A.S.E. recently held in Malthy's Hall, St. Clair avenue west, it was decided to communicate with the general office of the society in London. England, regarding the situation and suggesting that the matter be laid before the imperial government, and requesting that no shell orders be placed with the Canada Foundry Co. pending a settlement. Almost all the members of the A.S.E. are residents of the Earlscourt district.

Corporal G. Miles of Silverthorn Met Some of His Neighbors on Firing Line.

Mrs. G. Miles, 135 Silverthorn avenue. Silverthorn, is in receipt of a letter dated February 19th, from her husband, Corp. G. Miles, No. 1 Tunneling Company. Royal 'Canadian Engineers, C.E.F., Rowell's Camp, Canadian Base, Havre, France, in which he says: "I wish all the boys from Silverthorn were here to give a hand. You will be surprised to hear I met Tom Hawthorne and Bert Roy (two residents of Silverthorn) in this camp on arrival. They are looking fine. They look after us well and the food is excellent in France.
"I want you to send me some tobacco and the newspapers as often as you can. "We are having a lot of rain here and the place is all over mud."
Mr. Miles, who is one of the pioneers of the Silverthorn district, was a prominent member of the Ratepayers' Association, and one of the founders of the Silverthorn branch Liberal-Conservative Association. His wife and seven children still reside in the district.

#### CONDEMN FINDINGS OF PROVINCIAL AUDITOR

Officials Point Out He Audited Books From Vouchers and Ignored Bookkeeping.

Officials of the hydro-electric are strong in condemning the conclusions of Provincial Auditor Clancy with regard to the accounting system of the hydro-electric. One of them pointed out yesterday that the provincial auditor had undertaken to audit the hydro books from vouchers and similar documents without reference to the hy-

dro's own bookkeeping.
"Time after time we have told Mr. Clancy that our books are at the disposal of his staff and why he has not taken advantage of this offer I can-not say." The official pointed out that "the hydro accounts had gone before the public accounts committee every year and no fault was found with them. Every cent spent by us is regulated and checked over and no work can be done without the issue of a work slip which must go thru the hands of the supervisor of the work."

### ABNORMAL PATRIOTISM INCREASED PRODUCTION

Speaking before the Empire Club a the Cafe Royal yesterday, A. E. Dono-van, M.L.A., said he believed the abnormal activity and patriotism thruout Canada would increase production in both agriculture and business. He said a large revenue could be derived from the tourist trade. Americans who spent

many millions a year in Europe could find unequalled scenery, fishing and shooting in the Dominion. While manufacturing had more than doubled in the past twelve years, horses increased 50 per cent in number and food animals 20 per cent., agricultural production had not kept pace with the opening up of the country or the increase in the population. Canadians must produce more and import less, he said. Ontario farmers had responded nobly to the urging of the minister of agriculture to plow land, break up more pasture and sow an increased acreage of fall wheat. Mr. Donovan said that ararngements had been made for 15,000 of the 36,060 high school boys in the province to assist this year in taking off the crops.
