

WOULD BUY LAND ON WATER FRONT

Oil Company Want to Erect
Plant in Vicinity of
Bay.

ELEVEN ACRES ASKED

Controller O'Neill Urges That
Twenty Thousand Per
Acre Be Obtained.

Another large company in Toronto are anxious to obtain property on the water front for the purpose of erecting an oil plant. The firm is the Imperial Oil Co., who would buy 11 acres, and when the matter was discussed at a meeting of the board of control yesterday the members entered into a lively argument as to what the city's policy should be in regard to land in the vicinity of the bay.

Controller O'Neill maintained that the city should sell or lease according to what was in the best interests of the city. "The question is this, shall we sell, leasehold or freehold? Institutions which have money will not lease property and it is the people with money that we want there."

In declaring that \$20,000 an acre should be obtained for every acre of land disposed of, the mayor said that Ashbridge's Bay, which is the place where the company desires to purchase, should be reserved for industries that would result in the greatest demand for labor. He wanted the sale to be limited to 40 acres.

Controller Foster offered strong opposition to the proposal, as he did not want to give 11 acres to a firm where only 50 men would be employed. Although no price per acre has been officially put before the board, it was estimated that \$20,000 an acre would be considered by the company, and Controller Foster declared that he was opposed to this figure.

After considerable discussion it was decided to notify the company that, provided a suitable agreement is presented, and that the leasehold policy be departed from to that extent, the board would consider the sale of 11 acres.

The report of the committee appointed to make suggestions for a better reception of returning soldiers, submitted their report. They suggested that Mayor Church, Controllers O'Neill, Thompson and Cameron and Ald. McGuire and Ryding, should be appointed to co-operate with the reception committee of the returned soldiers' committee. Consideration of these matters was put off until Tuesday morning.

In the opinion of the mayor, Finance Commissioner Thomas Bradshaw should have some control and guidance over expenditure. He moved that a report be obtained from the city treasurer in this regard, and this was supported by the controllers.

ARTILLERYMEN GIVEN ENTHUSIASTIC WELCOME

Fifty-Third Battery Will Spend
Few Days With Toronto.

An imposing sight was presented before the city hall yesterday when 1600 artillerymen lined up on the steps with thousands of admiring Torontonians in the background. The affair was a welcome by the city to the 53rd Battery, which has been in training at Kingston, the members of which are Toronto boys.

Every man in the unit appeared trained to the minute, and the harmony in height was greatly admired, and was a credit to Major Grieson and the other officers. A special police force regulated the crowds which gathered long before the scheduled time.

Relatives of the men were allowed to greet the boys on their arrival at the Union Station yesterday morning. The band of the 166th Battalion, and the members of the board of control and other civic representatives were on hand to welcome them along with Lieut.-Col. Odell, commanding the 12th Brigade, C.F.A. The batteries in full strength of the 47th, 48th, 49th and 54th, and the Ammunition Column from the Exhibition camp lined up outside the depot, cheering the arriving battery as it passed along Front street.

"We are proud to welcome you back to your own home town," said Mayor Church when the soldiers lined up in front of the hall. "If there is any

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and
Neutralize Irritating
Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast; continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

CITY UNDER HEAVY EXPENSE DURING WAR

Actual Expenditures Since Struggle Began Amount to Over
Twenty-Five Million.

In addition to its obligations to the Toronto soldiers for insurance, not covered by the companies, amounting to \$25,575,000 on 25,575 men, this amount being augmented at the rate of \$45,000 a day, the war has thrust many other obligations upon the city.

The city's actual expenditures in connection with the war since it began and the amounts for which the city has made itself responsible, now amount to \$2,142,945. Premiums on soldiers' total \$809,331.08. Water works' protection has cost \$98,623.60. War pay of enlisted civic employees and enlisted police constables amounts to \$283,510.69, sundry grants total \$121,711.30, Belgian Fund \$25,000, Toronto and York Patriotic Fund \$250,000 and life insurance \$151,156.11, and other items make up this total.

CITY HALL NOTES

A number of cheques sent to cover the water rates are being returned on account of not being made out for the proper amounts, and also for not having the war tax stamp affixed. Other cheques are being returned on account of being sent too late.

ARRANGES SETTLEMENT WITH COL. CHADWICK

City to Pay Award for Damages
to Property on Poplar Plains
Road.

The city has reached a basis of settlement with Lieut.-Col. Vaux Chadwick of the 124th Battalion, in regard to damages alleged to be caused his property, 21 Poplar Plains road, by the establishment of the high level pumping station, close by.

Col. Chadwick stated that on account of the vibration caused by the electric pumps, his house had become uninhabitable. In court it was decided that the city had the right to pump water by steam power and if it could be established what depreciation resulted from the installation of electric pumps, Col. Chadwick should be paid for it. Subsequent consultations between Col. Chadwick and the city assessment commissioner have resulted in the latter recommending the payment of \$3,500 damages by the city in full settlement of the claim. The payment of the amount must be endorsed by the board of control.

BUNSWICK RESIDENTS ALLOWED THEIR APPEAL

Judge Winchester Directs That
Dwellers on North Side
Should Pay Part of Cost.

Judge Winchester yesterday allowed the appeal of a number of residents of Brunswick avenue and the Loretto Abbey against the confirmation of the court of revision regarding the extension of Brunswick avenue to Brunswick avenue extension, from Wells street.

S. M. Mehr appeared for the appellants, and contended that they would receive no benefit from the extension and should not be assessed for any portion of its cost. They were, however, assessed with 16-1-100 per foot frontage. The judge directed that this portion should be borne by the residents on the northern side of the extension. Besides the Loretto Abbey among those appealing were J. W. Bain, W. J. Smith, Robert Smith, E. Y. Eaton, Chas. Garfunkel, K. B. Black, Mary Middle, L. N. Vanstone, the representatives of the late Mary Kingdon, H. Lloyd, S. E. Cook, R. H. Huty, Minnie L. Nelson, H. S. Nelson, S. G. Beckett, J. A. Murray and Charles Ingles.
