Dear Sir:-

We, Chemainus Bay Band had a meeting on the 28<sup>th</sup> of October. We want to know why the B. C. Government claim our claim of Ogjeto Bay

When the Commissioners held a meeting at Chemainus Bay with the Indians, they questioned the Indians if they wish to sell their claim which we are speaking off, and the whole band said they did not want to sell, so we did not get no answer from the Commissioners when we told them we did not want to sell, today there are over 200 people that own that claim including children and the old people Our old people years ago had a good benefit of that place
