Ottawa, 9th July 1924.

Sir,-

With reference to previous correspondence regarding expenditure in connection with the wharf at Hartley Bay, I beg to say that it is understood that you presented a claim of \$175.75 to the Union Steamship Co., being cost of repairs to the wharf, which it appears was damaged by a boat belonging to the Company. Seemingly you have not made report to the Department in the matter, and it is desired that you will submit all the facts in regard thereto without delay.

Your obedient servant,

J. D. McLean

Asst. Deputy and Secretary.

Iver Fougner Esq.,
Indian Agent,
