

successful competitors: Messrs. Boyd, Wright, Whitman, Hill, Thomas, Fraser, Turnbull, Wall and Balfour. Ensign Wright won the first prize in the Dominion Match; Captain Thomas, the Macdougall Cup; Lieut. Whitman, the Governor General's Gold Medal; and the Province of Quebec the second prize in the Affiliated Association Match.

A competition was held in October last, at Point St. Charles, for the Wimbledon Team for 1875. Twenty-four competitors entered and fired for three consecutive days, seven rounds at each range, 200, 500 and 600 yards each day. The new Wimbledon target and scoring were used. The names of those making the ten highest scores were forwarded to Ottawa; three of them—Ensign Wright, 50th Batt., Sergeant Hill, 1st Batt., and Corp. Copping, Three Rivers Batt.—were selected to represent the Province of Quebec on the Team this year.

A resolution was adopted at the last Annual Meeting of the Dominion Rifle Association, with a view to the future selection of the Team for Wimbledon, by having a series of matches set apart, and the aggregate scores in these matches to determine the membership of the Team, but some of our best marksmen may not be able to attend the Dominion Matches at Ottawa. It would be well, therefore, if our Association adopted a series of matches for the same purpose, and gave as prizes an amount, say \$5 or \$10, to each of the ten Quebec men making the highest scores, to enable them to attend the Dominion Matches.

The new Wimbledon target having been adopted by the Dominion Rifle Association, its adoption by us at all future matches has become a necessity. The old target plates can be used for the new scoring. They were tried at the competition for the Wimbledon Team last fall, and answered well.

J. FLETCHER, LT.-COL.,
SECRETARY.
