

## ORDER RESTORED IN CALCUTTA AFTER RIOTS

Casualties Estimated At  
45 Killed, Over  
500 Hurt

### MARKETS CLOSED

Temporary Peace Enforced By  
British Troops and Native  
Police

United Press.

CALCUTTA, India, April 5.—Order was restored in the city today after intermittent fighting between Hindus and Moslems since Friday.

British troops and the police co-operated in enforcing what at least must be a temporary peace. It is estimated that 45 persons were killed and more than 500 injured, but because of the nature of the disturbance it is difficult to determine that the casualties were not actually greater than that.

About 50 of the wounded are in a serious condition. The markets remained closed although the efforts of the police and soldiers appear to have ended the immediate threat of more looting or incendiarism.

OUTRAGES REPORTED  
Stories of horrible outrages committed during the fighting continue to circulate and these add to the feeling between the religious factions.

Religious riots began last week in India and by Saturday half a dozen cities were affected. The most serious outbreaks occurred at intervals for years because Hindus and Moslems seem unable to live side by side in peace.

A proclamation against the assembling of more than five persons and the enforcement of this order by arrests, aided in the restoration of order Sunday. There was less fighting than during the previous days, and these disturbances occurred only when the troops were temporarily out of sight.

## TWO CHILDREN TO SHRINERS' HOSPITAL

Are Going to Montreal to  
Undergo Treatment—  
The Work

Two more children are to leave today from Saint John for Montreal to enter the Shriners' hospital and undergo treatment at the Shriners' expense. These latest patients make four to go from New Brunswick within two weeks. They are Willis Little, of Prince Edward street, Saint John, and Mildred Bell, of Sussex. They will be accompanied to Montreal by Mrs. Porter, who will bring back with her on her return to Saint John, Willie Power, another crippled child who has been successfully treated and is coming back in sturdy health.

The Shriners' everywhere have entered most enthusiastically in their splendid campaign for providing treatment for crippled children and where they have no special hospital of their own, established for this purpose, they have been inaugurating mobile units. If possible they have the local hospital undertake the work and in Lexington, Ky., where the overcrowded condition of the local hospital made it impossible to have the humanitarian work carried out in that way, the Shriners bought the land and buildings adjoining to the hospital grounds, tore down the buildings on that site and erected a fire-proof hospital ward to connect with the hospital and turned the new ward over to the hospital as a free gift with all expenses paid.
