

# SIX INJURED IN N. B. AUTOMOBILE ACCIDENTS OVER WEEK-END

## FOUR HURT WHEN CAR OVERTURNS NEAR CAPITAL

Three in Hospital, Including Son of Judge Slipp of Fredericton

## FIVE ESCAPE 50-FOOT DROP NEAR BLAGDON

Auto Ditched and Burned on Golden Grove Road—Two Collide

At least six persons were injured in as many automobile accidents in the province, including Saint John, during the week-end. Three persons of one party are in the hospital at Fredericton.

FREDERICTON, July 18.—Four were injured Saturday night when the automobile in which they were driving left the road and turned over several times at Burden Bridge, about 22 miles from Fredericton, on the Fredericton-Woodstock trunk road.

As a result of the accident Donald Slipp of this city, second son of Hon. A. R. Slipp, judge of the County Court, and Miss Adelaide Moore, daughter of Frederick Moore, of Woodstock, are in Victoria Hospital here seriously injured. Wallace McAdam, son of James A. McAdam, of this city, is in the same institution with serious cuts about the face and neck and other injuries. Leonard Roberts, of the Royal Bank branch in Woodstock, was not taken to the hospital, having suffered minor injuries. The extent of the injuries of Mr. Slipp and Miss Moore cannot be known for some days, examination not being possible now. Spinal injuries may have occurred, that being feared particularly in the case of Mr. Slipp.

## VICTIMS ARE DAZED

Those who were in the accident are still so dazed and shaken up that little information can be obtained from them. The car was the property of Mr. McAdam, who had been located temporarily in Woodstock, and was coming home. The car turned over several times on the road and was badly wrecked. It is badly wrecked.

A car with Maine registry left the road on a steep grade west of Spring Hill, some five miles from Fredericton, on Saturday night, and was ditched upside down in the ditch. The occupants were spilled out of the seats into the ditch which was spanned by the car. That fact probably prevented serious injuries. One of the party sustained some cuts.

Saved from serious injury, if not death, at Eagle Rock near Blagdon, when a 50-foot drop to the railway tracks below was prevented by the rear wheel of a Chevrolet touring car catching in a rock which jolted out of the embankment, was the experience of an automobile party when approaching the city last night.

## PARTY ESCAPES DEATH

The car is said to be owned and driven by a man who gave his name as Peter Warren, and his address as Fairville, and containing Warren's wife, two ladies and a gentleman, the latter three thought to be citizens of Fredericton. With the exception of Mrs. Warren, who had her ankle slightly bruised, the motorists were uninjured. As they were climbing the steep hill at Eagle Rock, Warren endeavored to pass a large touring car in front of him. While so doing, Warren temporarily lost control of his machine and the car plunged over the 50-foot embankment. Warren had presence of mind enough to clamp on his brakes. Twenty feet of the hillside were negotiated safely and, just as Warren was losing control of the brakes, the car struck a rock and stayed there. The party cautiously made their way out of the car and climbed to the top of the road.

## FORD DITCHED AND BURNED

A Ford touring car, with license number 12889, registered under the name of J. J. Warren, was ditched and burned on Saturday night, near Blagdon, on the road to Woodstock.

## WORK STARTED ON ELM ST. STRUCTURE

American Dye Works Building to be Completed About Sept. 1

Fifteen men have begun work at the site of the old American Dye Works building, Elm street, which was razed by fire a few weeks ago, and are erecting a modern brick and concrete structure.

On Elm street, the building will be one story in height, of red brick; the sides will be built of concrete, and will be two stories high, owing to sloping ground. The basement floor will be made of concrete also; the second floor will be of modern "solid mill" construction.

Alward and Gillies are architects for the work and H. O. Clark is the general contractor. Jones Electric Company will do the wiring and electric installations; Byrne and McCouch will do the plumbing and Murray and Gregory are supplying the factory work.

It is expected that the building will be completed by the first of September, requiring about six weeks for construction.

## ST. JACQUES WON'T QUIT QUEBEC HOUSE

LA TUQUE, Que., July 18.—The announcement by Arthur Sauve, leader of the provincial opposition, that J. L. St. Jacques, K.C., member of the Quebec legislature for Argenteuil, would continue "to give the legislature the benefit of his great talents," and that he had no intention of abandoning provincial politics, was made here tonight when the Conservative leader spoke at a rally in this town. Mr. Sauve's statement disposed of the rumors that St. Jacques was slated for a federal portfolio.

## LORNEVILLE L. O. L. CHURCH PARADE

Royal Black Knights of Ireland in Procession; Inspiring Sermon

The Orangemen and Pretence Boys of Lorneville, held this annual parade and attended annual divine service in the United Church yesterday afternoon at 2 o'clock.

The procession was led by John Ferguson, Worshipful Master, of Mount Purple Lodge, followed by the Black Knights of Ireland and the standard bearers. In the procession also marched representatives from Dominion, Willis and Courtney Bay lodges. Lorneville Fire and Drum band turned music. On entering the church the Black Knights formed a guard of honor through which the L. O. E. A. representatives, Messrs. Baxter and Welford, passed. The procession was followed by those on parade passed into full regalia.

The church was filled to capacity. The pulpit was draped with the Union Jack, and cut flowers, ferns and potted plants decorated the front of the church.

Rev. Mr. Jackson extended a cordial welcome to the Orangemen, the order, he said, is a religious organization founded on the teachings of the Bible. The subject of his sermon was "The lifting of Gideon's sword." He urged the seventh organizations and church hearers to avoid indifference, neglect and luxury. He urged the 300 victorious men. He urged all present to study family altar and home religion.

## TRIBUTE TO SOLDIER DEAD

He paid a tribute to the Orangemen of the church who made the supreme sacrifice in the World War, and read the following lines from Abraham Lincoln's dedicatory speech at Gettysburg:

"The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather than for the dead, that we dedicate this ground. They who fought here have nobly advanced. It is rather for us to be dedicated to the great task which they gave the last full measure of devotion, that we here highly resolve that these dead shall not have died in vain."

Rev. W. J. Davis, of East Saint John, gave the scripture reading and pronounced the benediction. The choir sang "O Canada," and "Faith of Our Fathers," and led in singing appropriate hymns.

"Stand up for Jesus," Mrs. Robert Baird was the organist. The national anthem closed the service.

HALIFAX, N.S., July 18.—Premier J. D. Stewart, of P. E. Island, arrived in the city today by motor from Charlottetown, to confer with Sir Andrew Rae Duncan and members of the Royal Commission inquiring into Maritime Rights. He will also confer with Premier Rhodes concerning the case to be presented to the Commission by the three maritime provinces.

"I am here to co-operate in every way with Premier Rhodes," said Premier Stewart. "I intend to meet Sir Andrew Rae Duncan and his colleagues tomorrow to arrange the date of the hearings in Prince Edward Island and to discuss the details of the case which the Prince Edward Island government will present."

## TO SUBMIT CASE

Premier Stewart stated that Prince Edward Island would submit an elaborate case with regard to that province's claim for increased subsidies. The Island, said the premier, had no public lands from which to derive revenue, and his government would ask that Prince Edward Island be placed on the same basis as Manitoba, Saskatchewan and Alberta in this respect.

Apart from the subsidy matter, Premier Stewart said that the claims of his province would be similar to those of Nova Scotia and New Brunswick. Discussing the new Neigden cabinet, the premier stated that the appointment of Hon. W. A. Black as minister of railways has been "splendidly received" in Prince Edward Island and had given its people great encouragement.
